At Summerfield Hall, on Feb. 22nd, a very successful entertainment and pie social was held under the auspices of Union Division S. of T., Springfield. D. N. McKay occupied the chair and executed his duty in that office very favorable to all present. The program was lengthy and of good material, each and every one appreciating the different contributions. The pies were plenty and sold well thus giving due credit to the auctioneer, Arch. Ferguson. At about 10.30 p.m. the meeting adjourned by singing the national anthem.

The Tourist Association has received from Captain T. J. Craig a list of several hundred names of persons residing in the west to whom advertising matter bearing on Prince Edward Island as a sea-side summer resort will be sent. Thousands of tourists would come to the island from the west if the advantages of restful comfort to be derived here were more fully known. If some other citizens or members of the Tourist Association will furnish the secretary with the address of parties in the habit of taking a summer vacation elsewhere, advertizing matter setting forth the island as an ideal watering place will be mailed to them.

At the close of a public meeting held in New Glasgow Hall on Monday the 19th, the Division tendered Bro. McDonald a reception and address to The toast enthusiastically drunk in pure cold water and singing of "For he is a jolly good fellow," Bro. McDonald made a suitable reply. Bro. W. A. McCoubrey proposed a toast to the ladies, responded to by Bro Wilfrid McLeod. A solo by Sister Annie McLeod and remarks by Bro. Wm. Leard, Bro. George Smith and the singing of Auld Lang Syne brought the meeting to a close.

Bro. A. D. McDonald, G. W. P., G. D. of P. E. I.

Dear Sir and Brother:—We the members of New Glasgow Division, No. 50, desire to express our sincere appreciation of your labors in the temperance cause. In the discharge of your duties as G. W. P. by your intelligence, zeal, and energy, you have been instrumental in enthusing your co-workers with that temperance sentiment which will eventually bring into force a prohibitory law throughout the whole Province. We but voice the sentiment of your associates, when we say that you possess their fullest confidence, and we feel that under the guiding principles of our noble order you will ever inspire all who may come under your influence to higher, nobler and purer lives. In conclusion our prayer is: "May the Great God whose you are and whom you serve abundantly bless, guide and direct you in a long and useful life."

Fraternally yours in L. P. and F.

What Sulphur Does.

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years, research and experiment have proven that the best sulphur or medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafers. They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health: sulphur acts directly on the liver, and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Wafers is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins while experimenting with sulphur remedies soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin disease as this remedy."

At any rate people who are tired of pills, cathartics and so-called blood "purifiers," will find in Stuart's Calcium Wafers a far safer, more palatable and effective preparation
