After Ten Years
BY MARION RUBINCAM

MIXED EMOTIONS

When Patty ran up the stairs after Paul's sudden kiss, she was so bewildered, and hurt, and glad, too, that her head was a whirl of new thoughts. She had only one clear idea, that she had to be composed and calm when she went into her own apartment.

So she stood on the landing outside her door, leaning against its only green painted wall, and pressed both hands against her cheeks in a hopeless effort to press back the blood that was pulsing through her skin.

Mrs. Parke looked up as she came in.

"You shouldn't run up those stairs," she reproved. "Your face is scarlet." Patty was glad to let this explanation pass. "Millie's shoe's picked up somewhere," you stayed a long time with Mrs. Mann.

"Not very long," Patty caught herself. "She had almost given herself away. But Mrs. Parke was continuing to talk.

"It's pretty lonely for me here alone all evening. She might as well go over now and then."

The girl wondered how she could make friends for her mother. There was no common interest between the women she worked with and Mrs. Parke; they did not think alike, they had few tastes that were the same. Mrs. Parke would have disliked them if she had known them.

"You stay indoors all day, if you

But for once she was not interested in her mother's problem, she had a new one of her own. She had a new development of an old one. She took the rug from the living room couch and turned down its covers. Patty never saw a couch for years after this winter in New York without wondering whether it was not a covered bed. She went to her height of extravagance to own a couch that did go double duty.

Mrs. Parke went to her own tiny bedroom. Millie came in from the theatre with a tale of a new ice cream place where the sandwiches were just grand, and after a time the girl was alone in the friendly dark and quiet to think about her self.

When Patty had a new problem, she talked it over with her mother.

"You used to think it would be wonderful just to live in the same city with little or no work, with a salary, a salary, a nice home, a family" (she was probably a little doubtful as to whether this was an unmixing blessing), "pleasant people to work with, Mrs. Mann's (she was genuinely grateful here) and you can see Paul often. And he does like you."

She began thinking over things he had said. He was so beautifully irresponsible.

From her own seriousness, and her present anxiety, she found this career attitude the most attractive one. When Paul laughed it was a ways because he had just heard

CIVIC ELECTION

In pursuance of an Act of the Legislature of the Province of Prince Edward Island, made and passed in the third year of the reign of His Majesty King Edward VII., Chapter 17, intitled "An Act to consolidate and amend the several Acts Incorporating the City of Charlottetown," and all Acts in amendment thereof or in addition thereto, I do hereby give PUBLIC NOTICE that an Election for a Mayor for the said city, and two persons to serve as Common Councillors in the City Council for each of the Wards, Number 1, 2 and 3, of the said city, and two persons to serve as Common Councillors in said Council for Ward Number 4 of the said city, and of three persons to serve as Common Councillors in said Council for Ward Number 5 in the said city; being in all a Mayor and Eight Common Councillors, representing the city as follows:

To the Electors of the City of Charlottetown

Ladies and Gentlemen:

I beg to announce that I will be a candidate for the Mayoralty at the coming election, February 8th., and take this means of soliciting your support.

Four years ago, the citizens of Ward five honored me by electing me as councillor; at that time I promised that if elected, my efforts would be directed towards the improvement of our streets; the members of the City Council honored me still further by selecting me as Chairman of the Street Committee, and during my term of four years in this capacity, we have put down three and one-half miles, or 69,000 square yards of paved streets which are the equal of any in America, and it is a pleasure here to note that the cost per square yard has been lower than that of any City in Canada.

Whether I have carried out my pre-election promises or not is for you to say.

I believe good streets are one of the best assets any City can have, and I believe that the introduction of this system of paving is the most progressive movement that has taken place in our City since the installation of Water Works and Sewerage, and I think I can safely claim the credit of having introduced the system here.

With the present serious unemployment conditions prevailing I believe it is our duty as a City to provide work, where possible, for our laboring men, and if you honor me by election, I will use my best efforts to have the work of paving continued.

Our City never was, nor never will be a large manufacturing centre, and while I am in favor of offering every inducement possible to manufacturers to locate here, I believe we should cater more to the tourist trade, and the making of our City attractive by the building of good streets, is one of the best inducements we can offer them.

What we need in Charlottetown is more civic pride from both the individual and civic standpoint. Nature has done her part for us with a lavish hand, our shores are laved by the waters of three beautiful rivers emptying into a spacious land locked harbor, while within our civic jurisdiction we have one of the most magnificent parks in the world. Our forefathers with a vision that was prophetic laid out our limits with wide streets and open squares which to day evoke the admiration of the visitor, it is therefore now for us to do our part, and if elected to the office of Chief Magistrate it shall be my object and aim to make this Capital City a larger, better and more beautiful Charlottetown.

In addition to my position as Chairman of the Street Committee I have also been a member of the Light Committee, and when the new contract was being arranged with the Electric Light Company, I was instrumental in having a clause inserted, which, when put into effect will, I believe very much improve our street lighting.

I am strongly in favor of Meat and Milk inspection, and while I do not claim the credit for having introduced this measure, I do claim that it had my unqualified support, and if elected I will endeavour to have it extended and enlarged so as to more fully safe guard the public health. It is not my intention to make a house to house canvass. I believe every man and woman in our City is intelligent enough to judge for themselves as to whom they desire to see elected. My record for the past four years is before you, and if you decide that it is such as to entitle me to be elected Mayor, I will appreciate the honor most highly.

Thanking you in anticipation of your support, and assuring you that if elected I will use my best efforts for the welfare of our City.

Yours Respectfully,
J. J. MCKINNON.

H. M. CHANDLER

TO THE ELECTORS OF WARD 4, Ladies and Gentlemen:

At the request of a number of the electors of this ward I have decided to offer as a candidate for councillor at the forthcoming Civic Election.

I am in favor of the continuance of permanent street work, consisting of both paving and sewerage.

I am in favor of encouraging manufacturing industries that will give employment to our citizens.

If elected I shall do my best to serve the interest of Ward 4 and the city in general.

I do not intend to make a house to house canvass, and therefore take this means of soliciting your support. Thanking you in anticipation of the same.

Yours faithfully,
H. M. CHANDLER
