Georgetown And Vicinity

Mr. Gordon Douglas who has been engaged in teaching in British Columbia for the past year has arrived at his home in Georgetown where he will spend his vacation with his parents, Mr. and Mrs. L. H. Douglas.

Mr. Enoch Sullivan, employee of the Canadian Vocational Training staff in Charlottetown and the field man for vocational training in the Province was in Georgetown on Thursday.

Work on repairing the Georgetown Railway Wharf was started on Tuesday. The foreman in charge is Mr. Angus MacLean.

The Georgetown-Newport ferry boat has returned from Pictou, N. S. where she has been undergoing repairs on the marine slip.

Mrs. Spurgeon Walker and two children are visiting Mrs. Walker's parents, Mr. and Mrs. William Buffett of Souris.

Mr. D. L. Mathieson of Charlottetown was a business visitor to Georgetown on Thursday.

Mr. John Blanchard of Charlottetown is visiting his grandfather, Mr. John Hanson in Burnt Point.

WHO, WHAT AND WHY

This is the story of the atom bomb — the netic, suspense-laden days of its development, and the exciting, dramatic days of its final use over the islands of Japan.

In the words of President Harry S. Truman, the releasing of atomic energy may well mean "the beginning or the end" for all humanity. Taking its title from the Chief Executive's solemn warning, Metro-Goldwyn-Mayer now brings to the Prince Edward screen the most important story of our time.

Even more than that, however, "The Beginning or the End" is the thrillingly human story of gallant Americans in history's greatest gamble. Half a million of them, each doing a job that, small as it may have been, played an important part in a great allied victory. This is the atom bomb's story and theirs, and they fill it to overflowing with adventure, heart-break, romance and even comedy.

To bring this imposing subject to the screen in its proper magnitude, Hollywood gathered one of its most imposing arrays of stellar players. Brian Donlevy! Robert Walker! Tom Drake! Beverly Tyler! Audrey Hepburn! Joseph Croyal! Hurd Hatfield! Joseph Calleia! Godfrey Head! Victor Maccioni! Richard Haydn! Victor many more outstanding performers in a record 212 speaking roles.

P. E. I. Presbytery

The Prince Edward Island Presbytery of the United Church of Canada met in regular session in the Cavendish United Church on Tuesday, July 15. Rev. Ralph Wagner conducted the Devotional Period for the opening session and spoke on the Stewardship of Possession. The roll of the Presbytery was called showing a large attendance of Ministerial and lay representatives.

The following reports of inductions were given: Rev. Burton Crowe was inducted into the pastoral of Beauséjour on Thursday, July 3; Rev. George Gough was inducted into the pastoral charge of Cavendish and Rev. James Cross into the pastoral charge of Princetown on Friday, July 4. These men in turn briefly addressed the court. Presbytery approved both these calls and sent them forward to the Settlement Committee with the request that an interim settlement be made.

The attention of Presbytery was directed to the stand which the United Church takes with regard to gambling and gratitude was expressed that certain provincial authorities stated their willingness to do all within their power to curb gambling practices within the Province.

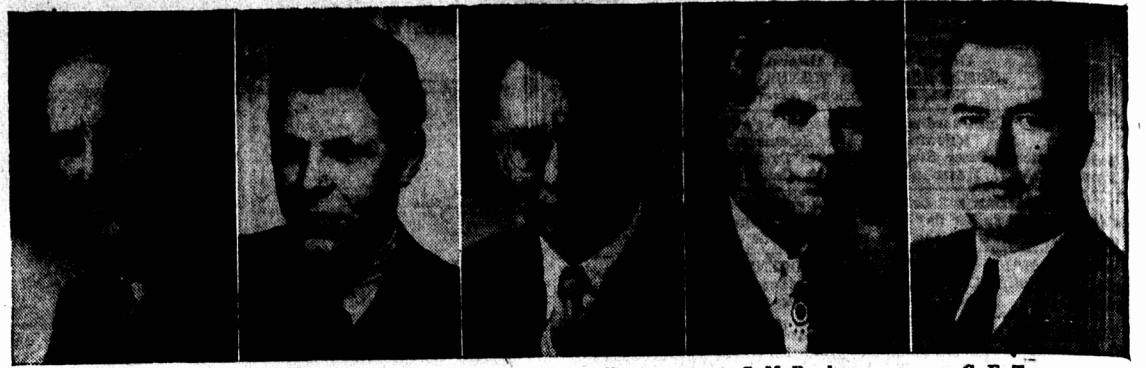

Mr. W. E. Brooks in giving the report of the Lay Association spoke of the campaign undertaken by the laymen of the Presbytery to raise \$5,000.00 to assist students for the ministry. Presbytery approved most heartily this campaign and the laymen will undertake this work and complete it during the conference year. Rev. Abner Langley, St. John, N. B., addressed the court on the temperance situation in the Maritimes. He is acting Secretary of the Maritime Temperance Federation.

Short reports were given of the Home Missions Committee and of the Missionary and Maintenance Fund. The annual exchange of pulpits in the interests of these committees is being arranged for

in the early autumn. The committee on education and students reported satisfactory work in college had been done by the following students under the supervision of the Presbytery: John MacKay, Bradabane; John MacLeod, Valleyfield; Nathan Mair, Georgetown; and Lawrence Toombs, Charlottetown. These students were recommended to college again this fall, provided that satisfactory reports are forthcoming from the work on their home mission fields.

Presbytery was addressed briefly by Rev. W. A. MacQuarrie, president of the Maritime Conference. Mr. MacQuarrie spoke of the importance and the responsibility of the Rural Pastorate.

Mr. C. H. Black moved a hearty vote of thanks and appreciation to the Minister and the session of the Cavendish United Church for their kindness in inviting the Presbytery to meet in their Church and to the ladies of Stanley Bridge for providing supper. Rev. T. E. MacLennan, chairman, presided over the session and pronounced the benediction.

C. P. Cowan J. R. Harris L. S. Odell S. M. Barclay C. E. Turner

NEW OFFICERS OF BUILDING PRODUCTS, LTD.: Following a meeting of the board of directors at Montreal, the following changes were announced by W. R. ODELL, director of research has been appointed a director and vice-president. S. M. BARCLAY, general sales manager, becomes a vice-president. C. E. TURNER, general manufacturing manager, has been appointed a vice-president.

GOVERNMENT ANNOUNCEMENT

OF THE PURCHASE OF

SALTED ATLANTIC FISH

As a part of its contribution to international relief the Government will purchase up to 10,000,000 pounds dried salted fish, up to 40,000 barrels pickled fish and up to 50,000 boxes of bloaters, to be made available from Canada's production of fish in the fiscal year ending March 31, 1948. It is not the intention to divert Canadian fish from its normal markets, but rather to purchase any surplus, or buy in the regular market, up to the above amounts. With this support, it should be possible to market the production of salted fish without necessitating any change in the prices currently being paid to the fishermen for raw fish.

KINDS OF FISH TO BE PURCHASED

In consideration of the conditions of transportation and storage in the European countries included in the relief program, it has been decided to purchase the following salted fish for this purpose:

DRIED SALTED FISH: Up to a total of 10,000,000 lbs. of the following types and grades—

Gaspé, slack-salted, hard dried cod, not over 38 per cent moisture content. Selected, choice and standard grades in all sizes.

Shore slack-salted, dried cod, not over 38 per cent moisture content. Choice and standard grades in all sizes.

Heavy salted, hard dried cod, not over 40 per cent moisture content. Choice and standard grades in all sizes.

Dried salted pollock, not over 40 per cent moisture content. Choice and standard grades in all sizes.

Dried salted hake, not over 40 per cent moisture content. Choice and standard grades in all sizes.

PICKLED FISH: Up to a total of 40,000 barrels, in barrels and half barrels—

Pickled herring—"Fat," "Fat Tropic," "Bright" and "Tropic" cures, all sizes—and salted alewives, all sizes.

BLOATERS: Up to 50,000 boxes—

(Hard cured smoked round herring), Grade "A" and Grade "B".

PRICES TO BE PAID

DRIED SALTED FISH

The Canadian Commercial Corporation, acting on behalf of the Government, will be prepared to purchase such quantities up to 10 million pounds, of the types specified above, as may be offered in response to enquiries made, at specified dates (see below), at prices approximating the export prices which applied to the 1946 production.

PICKLED BARRELLED FISH

The Canadian Commercial Corporation will be prepared to purchase such quantities, up to 40,000 barrels, of the specified types of pickled barrelled fish as may be offered in response to enquiries made at specified dates (see below) at prevailing market prices, based on an average of prices received by the exporting trade for sales made during the month preceding the date of enquiry, as reported to the Department of Fisheries.

BLOATERS

The Canadian Commercial Corporation will be prepared to purchase such quantities, up to 50,000 boxes, of the specified grades of bloaters, as may be offered in response to enquiries made at specified dates (see below), at prevailing market prices, based on an average of prices received by the exporting trade for sales made during the month preceding the date of enquiry, as reported to the Department of Fisheries.

TERMS OF CONTRACT

A sale agreement will be entered into with Canadian Commercial Corporation, the terms of which will include a provision for payment by the Corporation on receipt of the supplier's invoices supported by shipping documents and inspection certificates. Shipment shall be made as and when directed by the Corporation.

GRADING REGULATIONS

1. Inspection will be applied as provided for in the Regulations under the Fish Inspection Act.
2. For barrelled fish which have been inspected at the point of production there will be a spot inspection at the export dock to ensure that all barrels have sufficient salt and pickle and that there are no loose hoops or broken staves.
3. All containers of dried salt fish and bloaters must show the mark of the inspecting officer. Boxes of bloaters must be strapped four to a bundle/ with a strap on either end.

NOTICE

The Canadian Commercial Corporation will call for offers from industry on August 15, September 15, and thereafter at the 15th of each month until the total quantities required have been purchased, at the prices and terms of sale stated above. No offers will be considered unless and until such offers are solicited by the Corporation.

It will expedite the work of all concerned if suppliers will be guided by the references in this statement of policy.

Ottawa, July 15th, 1947
