N.H.L. Campaign To Get Underway On Thursday Night

Montreal, Toronto And Chicago Scenes Of Opening Clashes—Colorful Boston Player Still A Holdout.

(Canadian Press)
MONTREAL, Nov. 7.—The great winter show, the campaign of the National Hockey League, will get underway in three cities on Thursday. Montreal, Toronto and Chicago fans will see the opening games, Detroit clashing with Canadiens at Montreal, Boston Bruins meeting Toronto Maple Leafs and the New York Americans invading Chicago. Old but ever new, the race for the Stanley Cup introduces new figures, a few new rules, a new system of refereeing and a new managing director of the League, Frank Patrick, native of Drummondville, Que., and for years mainspring of the professional game on the Pacific Coast. Two nights before the opening it was doubtful if one of the game's most colorful figures would be back. Eddie Shore, 30-minute defence man of the Boston Bruins, is a persistent hold-out. Declaring he was asked to take \$2,500 less than in the first contract offered him this fall, Eddie refused point-blank to sign the second contract sent him by Art Ross and unless he has changed his mind in the last few hours, is still at his Saskatchewan farm. New rules include a series of large dots in front of the goals, dividing the ice into sections converging on

the goal. Referees must see that no player of the attacking team is in front of the puckcarrier within the sections. In this way it is hoped the goalie's view will not be blocked on any play. Another rule says no player must approach within 57 inches of the goal mouth unless he is carrying the puck. Referees will have the ice divided between them. One will be responsible for each end of the rink, from back wall to centre line, and will not invade the other's territory except in the case of a free-for-all fight. No team re-enters the race with exactly the same personnel as it ended last year. The champion Rangers have added Jean Pusie, defenceman. Canadiens and Maple Leafs have changed goalies, George Hainsworth for Lorne Chabot. Montreal Maroons traded Lionel Conacher for Teddy Graham, of Chicago, both defencemen, and other squads have built up their teams with strength from the minors or by trades. Results will again be tabulated in two sections, Boston, New York Rangers, Detroit and Chicago making up the United States division and Toronto Maple Leafs, Montreal Canadiens and Maroons, Ottawa Senators and New York Americans the Canadian section.

WEILAND AND SHIELDS COME TO TERMS

Senators' Holdouts Sign Contracts After Interview With President Ahearn.

OTTAWA, Nov. 7.—(C.P.)—The much-discussed cases of Ralph "Cooney" Weiland and Allan Shields have been settled. The matter is summed up in the following statement issued tonight, by Frank Ahearn, M. P., President of the Ottawa Hockey Club. Ralph Weiland and Allan Shields phoned me, at two different times today, and asked for appointments to meet me at my office. With each of them, separately, I had long and satisfactory talks. I strongly urged them to sign the contracts that were offered and, after I had explained the position of the Ottawa Club, each player signed. "I was delighted with the clear and reasonable attitude shown throughout these interviews by "Cooney" and Allan before signing. Weiland telephoned long distance to President Frank Calder, of the National Hockey League, and informed him that he was signing his contracts. President Calder informed the Ottawa star that his suspension was lifted, and congratulated him on his action in rejoining the Senators."

Open Glove Hitting Of Maxie To Come Up For Discussion

State Athletic Commission To Decide Argument On Legality Of Rosenbloom's Way Of Punching.

(By Edward J. Nell, Associated Press Sports Writer)
NEW YORK, Nov. 7.—Eddie Forbes, veteran referee, has an idea that a rule is a rule, and when it comes to enforcement in a prize fight, the best are exactly the same as the worst. So boxing today enjoyed another entertaining argument, similar in shape and form, though scarcely in size, to the debates that still echo faintly through the years over the accuracy of decisions that once gave Harry Greb's light heavyweight title to Gene Tunney and Tiger Flowers' middleweight crown to Mickey Walker. The argument which the State Athletic Commission may try to settle this week, swirls around that provision in the fighting code that says a blow delivered with an open glove is a foul blow, and should be debited as such. It has been revived by the match, in which Maxey Rosenbloom, a sincere student of the slapping-with-an-open-glove school, successfully defended his light heavyweight title last Friday against the famed Mickey Walker who once won one of these arguments, a Walker now grown old and slow and pudgy and unable to fight very much anymore. So accustomed have the experts and general run of ring officials become to Rosenbloom's unorthodox style, similar as far as the open glove is concerned to that of Greb

CHALLENGERS TURNED BACK BY ACADIA

Kelly-coached Squad Overwhelm King's College With 27-0 Score.

WOLFVILLE, N. S., Nov. 7.—(C.P.)—Staging their defence on a field swept by rain and hail and bedded with three inches of snow, Acadia University today overwhelmed the challenging King's College aggregation and retained the Nova Scotia intercollegiate rugby championship by 27 to 0. By virtue of their decisive victory, featured by scoring of the galloping Glen Fountain, who scored no fewer than four of the seven touches, the Kelly-coached squad displayed their vast superiority over the challengers in every department. The heavy scrum of the Wolfville squad heeled the ball back consistently and numerous times materially aided the homesters' cause with clever, close-paced dribbles that carried the ball into scoring position. Acadia apparently were little bothered by the slippery, heavy going and outsped their attackers and handled the ball with little fumbling.

India Much Improved Says Canadian Visitor

(Special to the Guardian)
MONCTON, N. B., Nov. 7.—Conditions in India are very much improved and that part of the Empire is making steady progress along the lines of greater development, stated Captain Saegert, of the Royal Engineers, India, who is on leave and who was a passenger on the Ocean Limited of the Canadian National Railways this afternoon enroute to Halifax to visit his mother's people in that city. He arrived in Moncton from Saint John, N. B. Captain Saegert, although born in London, came to Canada as a young boy and spent some years in the west and for a time was a rancher in Alberta. The last time he was in Canada was in 1928.

Optimistic Over NRA Program

(Canadian Press)
QUEBEC, Nov. 7.—The N. R. A. has brought a more hopeful feeling to the newsprint industry both in the United States and in Canada, said Robert V. Kernan, President of the Donnacona Paper Company, Limited, here today. Mr. Kernan had just returned from a conference in Washington of Canadian and American newsprint manufacturers held at the invitation of General Hugh S. Johnson, N. R. A. administrator. The Donnacona president confirmed \$40 as the minimum delivered price at Chicago and New York per ton of newsprint as agreed to by those at the conference.

Acquitted On Theft Charge

(Canadian Press)
MONTREAL, Nov. 7.—Frederick Dobson, 41, today was acquitted by a court of King's Bench jury on a charge of stealing an affidavit from the home of Mrs. Ida Biggs, Montreal. Mrs. Biggs laid the charge against him, for CHRDLU--SHRD against Dobson, formerly her chauffeur. The document with others also stolen, Mrs. Biggs said, were her property and purportedly revealed the manner in which Leslie G. Bell, member of Parliament for St. Antoine, had caused her to lose a Dominion Government customs cartage contract after she had invested about \$5,000 to buy equipment necessary to fulfill it.

DEMPSEY TO OPEN CAFE

LOS ANGELES, Nov. 7.—(A.P.)—Jack Dempsey, one time heavyweight champion of the boxing world, described his present occupation as "theatrical when he appeared today before the Police Commission and obtained permission to operate a cafe dance hall. This, he said, is to be opened in the Barbara Hotel here, of which he is owner.

Cancel Detailed Enquiry Into Foreign Firms

(Canadian Press)
OTTAWA, Nov. 7.—Demands recently made on foreign companies for more detailed and expeditious income tax returns showing profits made on business transacted in Canada are being withdrawn, National Revenue Department officials stated today. In a close check-up of non-resident corporations which carried on a Canadian business, a campaign was launched several weeks ago. Requests were issued by the Department to the head offices of these companies involving a much stricter method in the filling out of returns by these corporations. The action of the Department was legally and technically in accordance with the provisions of section 27 of the Income War Tax Act, officials said. Meeting protests against this course, however, the Department today decided to withdraw the recent demands on foreign companies for the reason that the proposed strict legal interpretation of the section had not hitherto been exacted. The Canadian Importers' Association, with headquarters in Toronto, joined in the protest in a letter received by the Department today.

Identifies Body Washed Ashore

(Canadian Press)
BATHURST, N. B., Nov. 7.—The body washed ashore yesterday on Miscou Island was identified this afternoon by Joseph Savoie, of Upper Lameque, as that of his son, Dolor, aged 23 and unmarried. With his father and Joseph S. Noel, Dolor was returning from Bathurst in the schooner Marie Delphine after selling a cargo of fish. Dolor fell into little Shippegan Harbor when a rope he was pulling to manoeuvre the mainsail broke as he stood on top of the cabin, said the Elder Savoie. Stormy weather made a rescue impossible. Authorities decided an inquest would be unnecessary.

TIMELY TIPS ON SPORT

Hawks Practice

With the Moncton Hawks taking the ice Monday at the Stadium, three of the "Big Four" Maritime teams are fast getting into shape for the coming ice battles. Nearly 3,000 fans are reported to have watched the Allan Cup holders in their initial workout.

Meanwhile the Abegweits are holding two workouts daily, morning and evening. In the forenoon the boys are put through a stiff practice Coach Jackson frequently juggling the lines. The evening session takes the form of a light skate.

Acadia by virtue of their 27-0 victory over King's College football fifteen, annexed the Nova Scotia intercollegiate championship and earned the right to engage the Mount A. ruggers, New Brunswick titleholders, in the Maritime finals, which in all likelihood will be played in Halifax, neutral grounds.

The blizzard yesterday caused postponement of the P. W. C. Saints game, probably for a week as it is reported the second Mt. A. ruggers are angling for a game with the red and blue warriors the latter part of the week.

Jamaica Gov. Asked To Vote Relief Money

KINGSTON, Jamaica, Nov. 7.—(C.P. Cable)—Estimating about \$1,772,500 would be required to bring hurricane-stricken districts of Jamaica back to normal, Governor Sir A. Ransford Slater formally opened the Autumn session of the Legislative Council here today. Expenditures totalling \$1,260,000 would be required for repairing roads and other public works, he said. Part of the cost would be borne by the calamities insurance fund, part by general revenue. Governor Slater said the Council would be asked to vote \$500,000 for loans to planters to replace crops destroyed by recent floods and hurricanes. About \$12,500 would be required for direct relief of destitute persons and repairing damaged houses. Several disastrous storms struck the Colony during the last few months. One of the worst raged the western section in October, causing 10 deaths and levelling 90 per cent of the banana crop.

LOSES BY FOUR LENGTHS

NEW YORK, Nov. 7.—(A.P.)—C. A. winner of two straight races in Maryland, attempted to match his speed with three of the Metropolitan turf's most useful sprinters today but failed, finishing last, a badly beaten colt, in a four-horse field. John S monetti's Sgt. Byrne, a two-year old stepped home first in the six furlongs of the international speed test, features of the united hunts one-day meeting at Belmont Park. The track was sloppy and a cold, penetrating wind chilled a crowd of 5,000 but the adverse weather conditions failed to stop Sgt. Byrne. The chestnut son of St mulus, favored by the lightweight of 101 lbs., reeled off the three quarters of a mile in the fast time of 1:11 2-5, with two-fifths of a second of Winook's best time in this country, and at the finish held a neck advantage over J. Simon Healey's Flying Heels. Mrs. James M. Austin's Good Advice was only another neck to the rear in the blanket finish but Winook was almost out of the picture, trailing by more than four lengths.

States Vote Against Dry Law

(Canadian Press)
NEW YORK, Nov. 7.—Repeals solid March of states against the United States prohibition amendment was broken tonight as ballot counting showed dry sentiment in North and South Carolina, but three other states appeared lining up early to give the wet forces the necessary majority. If the latter three—Ohio, Pennsylvania and Utah—followed to the end the course they took at the outset, they would bring to the necessary 36 states those that have voted against the 13-year-old dry law.

Pressroom Fire In Sydney Post

(Canadian Press)
SYDNEY, N. S., Nov. 7.—One man was overcome and rolls of the press were destroyed when fire of unknown origin broke out late today in the pressroom of the Sydney Post-Record. Ernest McCarthy, an employee, was overcome by fumes but responded to first aid treatment. Publication of the newspaper, it was announced, would not be interrupted.

BORED BY NEWS OF LARGE FORTUNE

LONDON, Nov. 7.—There is a young man in London who is unmoved by an inheritance of £250,000. He is the flying Etonian, Mr. William Rhodes-Moorhouse, son of the first British airman V. C. In his mother's home in Hill Street, Knightsbridge, London, yesterday he said to a newspaper representative: "I am really not excited about it at all. My mother and I are naturally very pleased, but we do not intend to let it alter our normal plans. As a matter of fact we are going to do just nothing about it." Mr. William Rhodes-Moorhouse became known as the "Flying Etonian" in 1931, when he won his pilot's certificate at the age of 17. He began solo flying after only seven and a half hours in the air with dual control. He was a veteran pilot before he was 18. The Rhodes estate which he inherits was that of Mr. W. B. Rhodes, one of the early Wellington, New Zealand, settlers. The action which won Mr. Rhodes-Moorhouse's father the V. C. and ended in his death in Belgium in April, 1915, was a war epic. Captain Rhodes-Moorhouse was only 27 when he died.

ST. ANDREW'S SCHOOL

Grade VII—Zeta Blaquiere and Georgina LeClair, Lucy Gallant, Evelyn Pineau, Ethel Pitre, Arthur LeClair, Eugene Pineau and Augustine Gallant, Vincent Gallant, Wilfred Pineau—Teacher.

Refuse to Discuss Miner's Referendum

(Associated Press)
TRURO, N. S., Nov. 6.—As far as members of the United Mine Workers of Nova Scotia are concerned there will be no referendum to reveal the attitude of workers toward amalgamated mine workers, a rival organization formed two years ago following disagreement over wage contracts. This decision was reached in the closing moments of annual convention of local 26 here Saturday. Unanimously, the convention passed a resolution ruling the referendum neither be considered nor discussed. Delegates passed another resolution urging adoption of a six-hour working day and a 30-hour week throughout the Dominion. It was felt shorter hours were necessary if ranks of the unemployed were to be appreciably reduced. Copies of the motion will be forwarded to the Dominion Government, heads of all parties and the Minister of Labor. Strict enforcement of provincial mining regulations was urged in an effort to eliminate "booley" mining operations throughout the coal districts. It was claimed "booley" operations not only were reducing working hours of legitimate workers but were endangering lives of many men by disregard of Government safety rules. Appeal, it was decided will be made to the provincial department. The next annual convention will be held in Truro.

ADVISED TO DISCOVER NEW USES FOR COTTON

PORT OF SPAIN, Trinidad, Nov. 6.—Opening the West Indies Cotton Conference here yesterday, F. A. Stockdale, C.M.C., advised delegates from the various colonies to "limit production of sea island cotton but find new outlets for its use." The agricultural adviser to the Secretary of State for Colonies also advocated establishment of a research and propaganda fund for a "buy sea island" campaign. Speaking of opportunities for new uses of sea island cotton, he declared that woolen underwear need no longer irritate tender skins if sea island cotton is mixed with the wool used in the manufacture of the clothing. The conference, in the Imperial College of Agriculture, will continue for several days while the delegates attempt to solve their problems of over-production and low prices.

Developments In British House Of Commons

(By The Canadian Press)
Disarmament, war debts, Anglo-Russian trade and the World Tariff Truce all figured Tuesday in one of the most important sittings of the British House of Commons this year, as it reassembled after the autumn recess. Briefly, the developments were: The Chancellor of the Exchequer announced the United States would accept another "token" payment of \$7,000,000 on the \$117,000,000 war debt instalment Dec. 15 conceding Britain is not in any way defaulting. The President of the Board of Trade announced Britain would withdraw from the World Tariff Truce, already abandoned by four other nations with France and Sweden in addition making important reservations. He revealed negotiations for a new trade pact with Russia were still under way. Sir John Simon, Foreign Secretary, enunciated Britain's disarmament policy as dominated by reconciliation of the French and German thses. Britain, already having made substantial disarmament effective, would stand by the policy of the Locarno Pact, he said.

BELLE CREEK SCHOOL

Standing of pupils in Belle Creek School for September and October:—
Grade X Sr.—1. Goodwill Macdugal; 2. Leslie Stewart; 3. Wilena Cook.

BALMY WEATHER CONFUSING FROGS

WASHINGTON, Pa., Nov. 5.—Frogs are croaking—the first such November noisemaking heard—hereabouts in three score years—and pussy willows are budding, as spring-like weather makes its second 1933 visit to this region. Frank Baker reported hearing the bullfrogs in a November serenade for the first time in his life last night. He is 72. He also said that he saw the budding pussy willows. The temperature has hovered above 70 for the past week.

SPEED FOR SALE

Volo Rico, Billy Cope, Frisco Chevrolet, Apply James Power, 173 Queen St. 2534
COLUMBIA, S. C., Nov. 7.—(A.P.)—Romulus Reese, Secretary of the State Association for prohibition reform, tonight conceded the drys had carried South Carolina upon "apparent" returns from approximately 800 of 1,220 precincts.
