OWNS 50,000 SQUARE MILES.
How to become a millionaire is to follow in the footsteps of Sydney Kidman, the Queensland cattle king, who holds more land than any one else in Australia, his runs aggregating something like fifty thousand square miles, which, he confesses, "far too much for any one man to have." Leaving his parent's home, near Adelaide, forty-two years ago, at the age of thirteen, to seek his fortune, he secured employment as a cowboy on the Gipps station at 10s a week. Then he carted wood and drove bullocks on the Darling, and was one of the first at the Cobarrush. With his brother George he went in for cattle and horse dealing, and in partnership with others, took "out-backs" mail contracts in various states of Australia. There was a lot of money made in those days, and Mr. Kidman got his share of it.

SOURIS EAST AND MONTAGUE

"It pays to buy in this Province."
"Ambrose and Mrs. Malone, Souris, arrived home yesterday from a short visit to friends at Kelly's Cross."
"Her many friends will be pleased to learn that Mrs. Bert Pauquet, Souris, who has been seriously ill, is recovering."
"Mrs. E. B. Muttart and family, Souris, wish to thank their many friends for the kindness and sympathy extended to them during their recent sad bereavement."
"It is very sad to learn that in Souris west streets, should be driven to the new pound, between, Thomas Hickham's scales and the old junk shop, by order of roadmaster."
"L. E. Grant, portrait artist, of Montreal, is in Souris awaiting the arrival of the S. S. Lady Sybil to go to the Magdalen Islands on a pleasure trip."
"David Compton, Glen Forest, who has been employed at Sterne Bros. factory at East Point for the past three months, will leave this morning en route to New Glasgow, N. S., where he has a situation awaiting him."

"There Is No Market For Those Securities"

Poor consolation to an investor who in good faith has bought them with surplus earnings, and with the idea that if he required the money at any time he could realize upon them. Thus it is well in selecting securities for investment to purchase those for which there is a ready market. Now it is nearly as difficult for the inexperienced investor to correctly decide such a matter as it is for the layman to argue his own case or to successfully carry through some engineering undertaking. He will attempt neither. He will engage a lawyer or an engineer to attend to such matters for him. Investing money successfully is a business in itself. Consult an investment house when you have funds available for this purpose. Don't hesitate to talk over your investment with us, you will place yourself under no obligation in doing so.

The Great Annual Hope River Tea Party

will be held this year on Saturday the 13th Day Of July

on the beautiful ground right beside the church. Year by year this annual event has grown in general favor and attractiveness, until it is today one of the most popular mid summer outings of this province. This well deserved popularity it owes first to the location, which is an ideal one for a day of pleasant recreation, and secondly to the long established reputation of the ladies and gentlemen of the parish in conducting successful tea parties.
As the coming tea-party will mark the exterior completion of the magnificent new church, which has been in course of construction for over a year, no effort will be spared to make it worthy of such an important event. Indeed the opportunity which the tea-party will afford visitors of inspecting this really imposing "Romanesque" Church structure will more than satisfy them, apart altogether from the numerous other attractions which are being prepared for their entertainment. Should Saturday, the 13th day of July, prove unfavorable the tea party will be held on Monday 15th or the first fine day coming.
