R. C. A. F. Needs Men And Women For Trades

On page five of today's edition the R. C. A. F. have advertised for men and women who are needed in certain trades, specifically the trades of Air Gunner for men, and Wireless Operator (Ground) for women.

These are interesting trades. The job being done by the air-gunners of the R. C. A. F. needs no highlighting or praise. Ask the pilots and observers and navigators:—their fervent response is most likely to be—"Thank God for our gunner! Why only the other night"—and they are off on a story of heroism and skill that runs a tingle up and down your spine. Many a plane and its crew have depended, many's the time, on the accuracy and gallantry of the airgunner for survival. The axiom has been coined—and a pilot coined it—"A plane is as good as its gunner!" It is a far cry from the day when gunners were not so highly regarded. Now a good gunner is looked upon as priceless.

As to the job done by the Wireless Operator (Ground) of the Women's Division no judgment may yet be made, since it is only of late that this trade has been opened to women in the R. C. A. F. Certainly the W. A. A. F.'s in England are making a name for themselves as lassies who hold lightning in their hands. And W. O. G's among the men of the R. C. A. F. are considered top tradesmen.

Such girls need to have a high standard of intelligence and be able to grasp essentials quickly. They should possess a knowledge of grammar and composition that will enable them to write swiftly and legibly. A knowledge of music is helpful, as a sense of rhythm and touch is important for transmitting purposes. To be able to print speedily is an asset. Ability to wear telephone receivers without discomfort is necessary. Preference, states Flight Lieutenant Wensley of No. 15 Recruiting Centre, Moncton, will be given to candidates who have a knowledge of radio or who have telegraph operating experience.

These are two highly attractive trades in which the Air Force trains its men and women. Those who are interested in further details should write the R. C. A. F. Recruiting Centre in Moncton.

Heads of Order Visiting Here

Mother St. Ignatius, Mother General of the Congregation of Notre Dame, and Mother St Gerald, Assistant Mother General, both of Montreal, were honored guests of the Notre Dame Alumnae on the occasion of Home Coming Sunday held in the Convent yesterday. The distinguished head of the order and her assistant will be in the province for more than a week and while here will visit all the convents connected with the order.

Miss Anna MacInnis, president of the Alumnae, in an appropriate address extended a most hearty welcome to the visitors. This marked the first time that the Alumnae had the honor of a visit from the heads of the order since it was organized

A very pleasing and enjoyable program was presented by a number of local artists. This opened with, "O Canada," followed with a piano duet by Mrs. William Campbell and Miss Marjorie Mitchell. Then Miss Laura Jeanne Arsenault sang a solo, "Lizett", followed by a violin solo, "Thais", by Miss Kathleen Hornby. The program was brought to a close with a solo, "The Virgin Slumber Song" by Miss Laura Jeanne Arsenault.

A pleasant part of the program was the presentation of a sum of money which was enclosed in a beautiful hand painted container, a Vide Pochee, to the Mother General and a volume to the Assistant Mother General. The gifts were from the Alumnae. Refreshments were served during the afternoon. The observance was brought to a close with Benediction, celebrated by Rev. J. W. McCardle.

It is interesting to note that Mother St. Gerald, who as Assistant Mother General holds one of the highest positions in the order, is a native of Tignish. She has also had the honor to be Superior of the Notre Dame Convent here. Mother St. Gerald was stationed here for more than three years and it is only four years since she left here.

During their stay here, the heads of the order will visit convents at Summerside, Tignish, Miscouche, Souris and Rustico After that they will leave for Nova Scotia and New Brunswick.

INCOME TAX INFORMATION FOR INCOME ONLY

LNDON, Oct. 4—(CP)— Information obtained by income tax officials is strictly private for that department. That, said Comptroller and auditor-general Sir Gilbert Upcott at a Public Accounts Committee hearing is the law of the land. A questioner had suggested it seemed "strange" that the government should spend a lot of money getting the facts of income and then not have them available for other departments.

As time passes this list is steadily increasing as word from overseas slowly trickles back to parents. The latest report from AB. Lawrence (Ab) Brown, R.C.N.V.R., son of Mr. and Mrs. Ira Brown, is to the effect that he was one of the sailors to accompany the expedition across the Channel. He returned safely to the British Isles following the raid and his parents received a telegram from him recently. AB. Brown applied for enlistment at the outbreak of war but was not called up until a year later. Since then he has served in Canada and went overseas last spring.

C. N. V. R., who is leaving shortly for the mainland. An address was read by Miss Constance Cormier and the presentation of a lovely wrist watch was made by Miss Phyllis Douse. Harry, although much surprised in his pleased manner thanked all for their kindness. After all joined in singing For He's a Jolly Good Fellew he was then vigorously bounced. Lunch was then served by the ladies and the remainder of the evening was spent in dancing. At a late hour all departed for their homes wishing Harry the best of luck and a safe return home.

Dr. Murphy has been on the teaching staff of John Carroll University, Cleveland, Ohio for several years. Mail Christmas Parcels Now To Forces Overseas

Santa Claus must get off to an early start if our Armed Forces overseas are to get their Christmas boxes on time. Though that holiday seems far in the distance, TODAY is not too soon to start Christmas overseas mailings. The Postmaster General, Hon. William P. Mulock, advises that gifts should be sent now and during October—the earlier the better—to ensure timely delivery. November 10th is the very latest possible date that parcels may be mailed if they are expected to arrive in time for Christmas. However, patrons are urged not to defer mailing until the very latest possible date but to Mail Early and prevent congestion, and give the Postal authorities opportunity to arrange for cargo space aboard ocean vessels. A great influx of mail reaching the Base Post Office around, or after the "deadline" set would result in delivery being delayed, for not only would it accentuate the problem of handling, but of finding sufficient storage space aboard ship because only a limited space is allotted the Post Office in view of the urgent requirements for forwarding munitions and other war supplies.

To further facilitate the problem of providing adequate shipping-space for the Christmas mails to the Forces, it is suggested, that although the maximum weight of a parcel at reduced rate is set at eleven pounds senders should voluntarily cut down as far as possible on the weight and size of their Christmas packages. If they do so they will help make more accomodation available for other parcels on the same ship, and give the Post Office the chance to make deliveries in time for all. There is the most vital need of full co-operation by the public, for this year the Post Office expects an all-time record in the overseas volume of military mails will be established and is already preparing in every way possible to handle and expedite the influx.

Greater care than ever before is necessary on the part of mailers, in the preparation of their overseas parcels, in order to avoid delay.

Address all mails in ink, fully, clearly and without misleading abbreviations. Be sure to place return address on cover—also include a slip in the parcel bearing sender's address as well as address of parcel. Prepay all mail correctly.

Parcels should be packed compactly enough to resist the pressure of other mails in the sack and the handling in transit. Use strong corrugated containers, not light cardboard boxes, wrap in several layers of thick wrapping paper, and tie securely with strong cord. Do not use Christmas tissue paper for wrapper, or coloured ribbons to tie. Parcels may be sewn in strong cotton or similar fabric.

Jams, syrups and any other substance likely to leak and spread, if sent at all, must be inclosed in sealed containers, (not glass bottles), surrounded with absorbent material in corrugated cardboard, and securely wrapped and tied. A completed Customs Declaration form should accompany every parcel. Apples, grapes, etc., or any article likely to spoil or become damaged, or to injure Postal personnel, or the mails are not acceptable. The mailing of Matches, Safety Matches and lighter Fluid or any other inflammable substance is strictly prohibited by law.

Citizens, by refraining from writing to our Forces overseas that gifts are being sent, until actually mailed, can save much disappointment. Do not disappoint our men by mailing their gifts too late for Christmas delivery.

THE KIRK OF ST. JAMES

The Minister, Flt. Lieut. the Rev. T.H. Bussell Somers conducted the Parade Service at the R. A .F. station yesterday morning at 9.30 before the regular morning worship in The Kirk where he preached on the theme "Facing the future unafraid." In the afternoon the Bible Class for Young Men was resumed along with the regular classes of the Church School under the superintendency of Mr. Ian Burnett. At the evening service Mr. Somers preached on the life of Samson basing the sermon on the text "He wist not that the Lord was departed from him". Judges 16 20. In conclusion the preacher said "Sometimes still in the great mercy of God, it comes to pass that one who has suffered at the hands of the thing that has wrought his downfall becomes through his very loss a powerful preacher of righteousness to others and so God is glorified and Philistia's triumph is short lived. But none of us is safe. "Let him that thinketh he standeth take heed, lest he fall" warns the Apostle. And, remembering that this sunny life did not realise how gradually the shades of night were falling, remembering that it is on the side of his strength that a man has most need to be upon his guard, remembering that God may go from us without our perceiving it, remembering that there is no safety save in perpetual clinging to the God of our salvation, let us make this our daily and hourly prayer: "Cast me not away from Thy presence; and take not Thy Holy Spirit from me."
