Bilious Dyspepsia. A DREADFUL COMPLAINT ACCOMPANIED BY HEADACHE, SICKNESS OF THE STOMACH, VOMITING THAT CAN BE PERMANENTLY AND QUICKLY CURED BY FERROZONE.

Some persons have attacks of Bilious Dyspepsia very frequently, and feel as if they were about to die. The whole system seems to collapse. The tongue becomes coated, the face is sallow, pale, and bitter taste is always noticeable in the mouth. At times the bowels are very constipated, but occasionally acute diarrhoea is caused by the accumulation of bile in the system. It is imperative to allow such a condition to imperil your life. It must be cured and the simplest and surest remedy is Ferrozone. It digests every particle of food eaten, and prevents the same from acting on the system. Ferrozone restores all diseased organs to a healthy vigorous condition. It keeps the bowels well regulated, makes the kidneys eliminate all poisons from the blood, and supplies the necessary elements to build up and strengthen the entire body. Mr. Louis Meehan, one of Peterborough's most enterprising and well known business men, during the past three years was afflicted with suffering from Bilious Dyspepsia. He was cured permanently by Ferrozone and is so anxious that others may profit by his experience that he gives the following testimony. "About three years ago," says Mr. Meehan, "I had the grip which left me in a very run-down condition. It finally developed into Dyspepsia. I was unable to eat but a few things and had a craving for acid. I gave up treating with the doctors because they did not help me, and on the advice of a friend used Ferrozone. It not only cured me of Dyspepsia, and Biliousness, but has built up my system so that what it was before I had the Grip. I can recommend Ferrozone as an ideal restorative. Ferrozone is capable of digesting all classes of food, and contains in a highly concentrated form the elements necessary for strengthening and reconstructing, and nourishing the stomach and other digestive organs. It is a builder of blood, muscle and fat and makes sickly, weak, disheartened people strong and well. Ferrozone gives you force, energy, vitality and cure in very time. Sold by all druggists. Price 50c. per box or three boxes for \$1.50. By mail from E. C. Polson & Co., Kingston, Ont.

COOK'S "ARTIST'S PROOF"

The New Exquisite Photographic Novelty Studio where Baby is Always Welcome

A CHARLOTTETOWN correspondent writing to a Toronto paper says:—It is said there will soon be an epidemic of five o'clock teas in this town. And again it is said that many have gone golf mad and that some ladies have rented their houses ready furnished, so that they can devote more time to the sport. Also, in line with society news, I may tell you that we hear of engagements between the young men of Moncton and some of our fair daughters. Our old friend J. J. Davies, who years ago was so popular with the travelling public as the proprietor of the Davies Hotel will fit up the Duncan House for the accommodation of Commercial Travellers. Sunday, when the Bridge hands were changing shift it looked like any other day in the week. Indeed, owing to the buildings of this large railway bridge over our harbour it has all along been difficult to distinguish Sunday from Monday.—We sometimes wonder if the Lord's Day Alliance took any note of it. However, in about two weeks the works will close for the winter, and then no doubt you Nova Scotians think it will be a perpetual Sunday with us, but not so, out harbour will freeze over and the snow will come and aleighs and skaters will fit about in lively fashion. The first engine passed over a portion of the Murray Harbour branch last week, and everything was reported all right.

AN EASY WAY. To Keep Well.

It is easy to keep well if we would only observe each day a few simple rules of health. The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set meal or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wiechold gives pretty good advice on this subject; he says: "I am 66 years old and have never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not by eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but daily for the past eight years I had made a practice to take one or two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets."

My physician first advised me to use them because he said they were perfectly harmless and were not a patent medicine but contained only the natural digestives, pepsines and diastase, and after using them a few weeks I have never ceased to thank him for his advice.

I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong. Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease and the safest, best known and most widely used is Stuart's Dyspepsia Tablets. They are found in every well regulated house hold from Main to California and in Great Britain and Australia are rapidly pushing their way into popular favor.

All druggists sell Stuart's Dyspepsia Tablets; full sized pkgs. at 50 cents, and for a weak stomach a fifty cent package will often do fifty dollars worth of good.
