

BILL OF BANK OF P.E. ISLAND

MONTREAL, Sept. 13. For the past few days a swindler has been victimizing a few prominent retail dealers with five dollar bills of the defunct Bank of Prince Edward Island. He goes into a retail store and gives small orders, presenting his five dollar note in payment and not forgetting to leave without his change. For instance, Myers, tobacconist, on St. Catherine street, was one of the gentlemen to get a specimen of the paper, and the worst part of it is that Myers cannot for the life of make up in his own mind who handed him the worthless note. The Paris store is another firm to obtain a specimen. They never knew it was worthless until the bank sent the bill back to them with "worthless" stamped on the back in large red letters. Now they are trying to decide who accepted the money. The Bank of Prince Edward Island has been a defunct institution for years, so long in fact that people were beginning to forget that there ever was such an institution.

HEARST LIKELY TO BE NOMINATED

NEW YORK, September 12.—The advocates for a complete ticket were jubilant today because the convention of the Independence League last night put itself on record as favoring the nomination of a straight ticket and instructed the committee on resolutions to so inform W. J. Connors, and other delegates to the Democratic state convention. The convention will meet again at 8 o'clock tonight, when a full ticket will be nominated. From talks with many of the delegates and with the leaders of the movement it appeared today that the following ticket preferred: For Governor—William Randolph of New York. For Lieutenant Governor—Lewis Stuyvesant Chanler, of Dutchess. For Secretary of State—Reuben R. Lyon, of Steuben. For Comptroller—Issac Rosenbloom, of Onondaga. For Attorney General—John Ford, of New York. For State Treasurer—Dr. C. H. Auel, of Erie.

SCOTCHMEN AND ENGLISHMEN

LONDON, Sept. 10.—Commenting on Ernest Terry's statement that Englishmen are not popular in Canada, Aberdeen Daily Free Press claims Scotchmen are well liked in Canada and throughout the colonies. Scotchmen are adaptable and cosmopolitan, the Englishman is not. He is tremendously self-satisfied and complacent, distains to take advice even from those who have lived in the country for years. He is provincial in that he is too fond of judging everything by what is known in England, and has not the reticence to conceal it. The Scotchman may sometimes make some foolish comparisons between other countries and his own, but his shyness and diffidence, as a rule, save him from showing it. There is also wanting in him that popular air of superiority and condescension which is so intensely resented by Canadians and New Zealanders.

ADVERTISING IS BROAD.

Advertising in itself means publicity and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general, broadcast declaration, and the broader the scope of the announcement, the better the advertising. No occupied space that directs attention along given and desired lines can be reasonably regarded as wasted, nor can any funds expended to this end be adjudged extravagant. —American Medical Journals

THE KAISER'S NOW WAR ADVANCE

BERLIN, Sept. 12.—The German war game culminated yesterday in a collision between the cavalry and artillery divisions of the Reds and Blues; in which ten thousand lances and two hundred quick firing machine guns took part. A lively artillery engagement and detached charges by the cavalry resulted in the Blues driving back the Reds. The lines expended for over five or six miles over a gently rolling plain. Emperor William, accompanied by his American and other foreign guests and attended by a numerous staff, the whole forming a brilliant party of one hundred horsemen, observed the action from elevated ground. Major Koerner, the German Military Attache at Washington, was detailed by the Emperor to attend General Barry and the other visiting American officers and explain to them fully the course of the manoeuvres. The emperor talked with General Barry for ten minutes on military subjects. Foreign officers observed set up near the Emperor an invention of a German artillery officer to facilitate locating batteries of troops. It consisted of an attachment to a telescope by which a needle pointed out on a map spread in front of the observer the exact place he was looking at through a telescope.

BEAUTIFUL CASCO BAY.

The popularity of Casco Bay and the resorts on the Maine sea coast is more noticeable this year than ever before, thousands of Canadians having taken accommodation in the hotels and secured cottages at the principal resorts. The opening of the Ottawa House on Cushing's Island is filling a long felt want and all the old patrons of this favorite resort are sojourning there this season, and many families from Montreal, Ottawa and Toronto are among the guests. The house itself has been renovated from top to bottom, modern improvements made, the entire house refurnished in luxurious style, and is now operated by an experienced summer resort manager.

One of the great advantages found here and which in past years was greatly missed is the fresh water spring that has been found by boring an artesian well some 1200 feet deep and which gives an ample supply, not only for the hotel but for the cottages on the Island.

The lovely trips through Casco Bay, the fine bathing beach on Cushing's Island, the purity of the air, and the rocky cliffs that are found at this resort are a few of the many attractions that appeal to the gaze of city life and those living a distance from the ocean.

The old route to Portland and the resorts contiguous to the City by the Sea is via the Grand Trunk which has lost none of its attractiveness through diversity of scenery found between the St. Lawrence and the Sea.

RUMBLING BOWELS.

One of the very first lessons that ought to be taught every child is that the bowels must move regularly and freely every day, as more troubles arise from neglect of this duty than from any other cause. The effect matter that should pass out of the body remains in the bowels contrary to every law of nature. If it does not pass away by the natural channels then the other way to escape is through the pores of the skin. This is why people look so sallow and unhealthy. This causes pimples, blackheads and blotches. For immediate relief take two or three Hatch before you go to bed. The whole digestive canal responds to the healing effect of this tablet. Rumbling bowels recover quickly under its treatment. It neutralizes the foul gasses. It sweetens the stomach. It gives a good appetite. It's a doctor for ten cents. A big bottle with 300 for \$1.00. For sale by all druggists.
