should always contain a few boxes of Zam-Buk. Pie J. R. Smith, of the "Princess Pats," writing to a friend in Ottawa, says:—

"Tell my friends, if they want to help me, to send more Zam-Buk. We need all we can get out here."

The men say nothing can equal Zam-Buk for the many ailments and injuries incidental to a soldier's life at the front. It is invaluable for cuts, scratches, burns, sore hands, cold cracks, chilblains, blistered feet, and all skin ailments.

Zam-Buk is gentle, and its application to a wound is soon as simple as the application of a bandage. It prevents blood poisoning and saves suffering.

Zam-Buk has been aptly described as "a dispensary in a two-fach box," and every soldier should carry a box in his pocket. All druggists and stores, or Zam-Buk Co., Toronto 50c box, 3 for \$1.25.

### WANTS BOYS TO ENLIST

The following letter has been received by Miss Estella M. Dunn from her brother L. Corpl. E. J. Dunn, 104th Bat., Witley Camp, England, March 6th, 1917.

Dear Sister:—I received your kind letter dated Feb. 4th today and I was very pleased to hear from you. I notice in your writing you had real cold weather on P. E. I. At the time in England it was about freezing point so you see the climate here is pretty mild after all.

As you are aware we are the 104th Battalion now and are doing very well with our chums across the strait. Nearly every man in the Batt has taken a special course in something to fit him for the future and speaking generally I don't think there are many battalions here with their officers, N. C. O's and men so well trained.

I notice there has been quite a number of recruiting meetings on the Island lately and that some of them were quite helpful to us. It is edifying to note that thousands of our young men have answered the call. I know of several who were wounded in Flanders and were honorably discharged and who enlisted again. Those stay at home and remember that it will be their own friends they will be helping out by enlisting and they should therefore "Play the Man."

All the boys I know are well and doing fine. I sometimes hear from our pals in France and I suppose you often see their letters published. I heard a few were wounded lately. I suppose it is looking a little like spring down home and their will be lots of work. Tell Harold to write me a long letter soon. I guess I will ring off now. Hoping to hear from you soon again.

I am as ever loving  
Brother EUGENE

### GIRLS! HAVE WAVY, THICK, GLOSSY HAIR! FREE FROM DANDRUFF

Save your hair! Double its beauty in a few moments—try this.

If you care for heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fashish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine, if eventually—why not now?

### CHURCH SERVICE.—Rev. J. S. McKay will conduct service next Sabbath the 1st. Appln Road 11 a. m., Hampton 3 Bonshaw 7. There will be no service in the Presbyterian Church Tryon next Sabbath.

### MR GEORGE E. HUGHES

(Continued from Page Three.)

House for twelve or thirteen years, and this Committee, to a great extent, had been a farce. In fact, all committees of this Legislature are more or less farcical. Last session, for instance, the committee on Agriculture did not meet once. This is one of the most important committees in this farming community. He was on the Library Committee himself last year and was never once asked to attend. The Public Accounts Committee was certainly not satisfactory to the members of the Opposition because they declined to sign the Report.

Mr. Hughes said the Public Accounts Committee should meet at least once a week during the sessions, and a thorough investigation held. It would be just to the Government as well as to the Opposition and the people. The people demand a thorough enquiry as to how the public money is handled. There never was a satisfactory Report of this committee, and external auditors had to be called in on several occasions.

In closing Mr. Hughes paid a feeling tribute to the late Mr. John Richards. They were personal friends all their lives, and spent their college days together at St. Dunstan's. He was deeply grieved and shocked to hear of his death. He was a perfect gentleman and one of nature's noblest men. He will be greatly missed, not only by the Liberal party, but by the whole province, especially the farming community. He did much for their interests in every possible way, particularly by the importation of improved stock. He was a man whom we can ill afford to lose.

PETROGRAD, March 28.—A group of Social Democrats has put out a declaration which as far as can be determined, fairly represents the attitude of the majority of that party towards the Government. The declaration is signed by half a dozen local names and favors a vigorous prosecution of the war, leaving the demands of the Social Democrats in abeyance until the country is safe from the danger of a return of the monarchy.
