TESTIFIES UNDER OATH

Sworn Statement of London Woman Reveals How Fruit-a-tives Gave Her Quick Relief from Biliousness

So ill that she had to go to a hospital. Mrs. Dadson, 523 Simcoe Street, London, Ontario, at last got complete relief from biliousness. She tells of her happy experience in a statement made under oath before a notary to convince everyone of its absolute truth. Mrs. Dadson states,—"I had a bad case of biliousness and constant headaches and backaches. I became so ill I had to go to a hospital.. Nothing I tried would help until I started taking Fruit-a-tives. In a very short time my troubles disappeared. Now I have no more headaches or backaches and can do my housework without help from anyone."

It is by giving such results as those obtained by Mrs. Dadson that Fruit-a-tives has grown to be the largest selling remedy of its kind in Canada. Thousands of men and women have Fruit-a-tives to thank for their present good health. This famous remedy has brought lasting relief from constipation, indigestion, sick-headaches, and kindred ills.

Copy of Mrs. Dadson's complete sworn statement will be sent on request. Write Fruitatives Limited, Ottawa, Canada.

FRUIT-A-TIVES—25c and 50c EVERYWHERE

FIVE SENTENCED IN SHEEP STEALING CASE

When the Supreme Court resumed yesterday morning with Mr. Justice Saunders presiding the first of the criminal cases was called, the King vs. Annie Louise Nicolle, who was arraigned on a charge of bigamy.

After two jurymen had been challenged by the Crown and four by the defence the following jury was sworn:—

Jas. Lonergan Sr., foreman.
Angus Matheson.
Donald McLean.
Wm. McEwen.
John Neill.
Joseph Hennessey.
Wellington Murphy.
Emerson Shiedow.
John J. Mobbs.
James Murray.
Wm. J. McEachern.
Byron Brown.

Mr. Farmer in reviewing the case for the Crown remarked that the charge is an unusual one.

Miss Ruth Vinnicombe, the first witness, testified that she is a clerk in the Department of Agriculture where part of her duties consists of the registration of births, deaths and marriages. She produced copies of the official marriage licenses, Harry Nicolle to Annie Louise Davey dated 29th Sept. 1921, registered 8th day of October. The officiating clergyman was Rev. M. John McDonald, Murray River.

The next license was dated 19th Sept. 1934, Ephriam E. Clow to Annie Louise Nicolle. Witness identified both original licenses. The second license gave the name of the officiating clergyman as Rev. Frank E. Boothroyd, Hunter River.

Both ceremonies were performed under a license.

On the second occasion the license gave Clow as "bachelor" and Annie Nicolle as a "spinster."

Harry Nicolle on being sworn testified that he is the husband of Annie Nicolle. They were married on 29th Sept. 1921, by Rev. M. J. McDonald. His wife's maiden name was Annie Louise Davey. Lived together as husband and wife six months and a half, then she wanted to go home. Witness took her home and two weeks later a child was born. They never lived together after that. Witness did not think child was his. Saw his wife in spring of 1934 on Grafton St. She spoke to him. Saw her in the fall of 1933. Met her on Queen Street with her sister. The latter said "there he is with glasses on." They were both looking at him. Met her in the fall of 1927 on the Murray Harbor train from Charlottetown to Murray Harbor. She came in and sat down in the seat with him. Asked him what "he was going to do." Could not remember what reply he made. Had a letter of sympathy from her in 1928 on the occasion of the death of his mother. It was burned. At the time witness met his wife on train he was in employ of railway and was going home to see his mother who was sick.

BIRTHDAY CONGRATULATIONS—Today, January the fifteenth, is the birthday of Mr. Joseph McCarey, our former postmaster, who is enjoying this happy occasion in good health with his family in Baltimore. His many friends in his native Charlottetown hope he will live a hundred years.

LEAVES FOR HALIFAX—Mr. W. L. Brenton, Provincial Dairy Superintendent, leaves this morning for Halifax, where he has been invited to confer with Mr. J. F. Singleton, Dairy Commissioner for Canada, and Mr. A. C. Fraser, secretary and manager of the National Dairy Council, on the subject of dairy marketing. He will also attend the annual meeting of the Dairymen's Association of Nova Scotia of which organization he is a charter member.

STILL SEARCHING FOR ALLISON LEAVITT, MISSING — The R. C. M. P. assisted by volunteer workers are persisting in the search for Allison Leavitt missing since November 13th. A party under supervision of the R. C. M. P. spent all day Saturday and yesterday cutting holes in the ice and probing with eel spears in the vicinity of Duffy's Point, Hillsboro River. To date four days have been spent at this work, and an area roughly 100 yds. by 30 yds. has been thoroughly covered without success. 12 to 14 inches of solid ice is being encountered. The work will be continued.

SATURDAY EVENING MEETING OF THE WEEK OF PRAYER —The last meeting of the Week of Prayer was held in the S. A. Citadel on Saturday evening and was well attended. Adjutant Stevens was the capable leader, assisted by Dr. Vincent and the music was of a high order. Rev. W. L. Outhouse read the Scriptures and there was a season of prayer and testimony. Rev. J. M. McLeod was the speaker of the evening, and gave an interesting missionary address under the following four heads: (1) The Bible is a Missionary Book; (2) Christianity is a Missionary Religion; (3) The Church is a Missionary Society; (4) Christians are a Missionary People. Rev. G. C. Webster offered the closing prayer, and Rev. Hugh Miller pronounced the benediction. The meeting was enjoyable and edifying and greatly appreciated by the audience. The offering was given to the local work of the Army.

WEEK OF PRAYER IN CANOE COVE PARISH — The Week of Prayer in the opening of the New Year, instituted by the Evangelical Alliance and observed throughout the world, is being observed by Dr. J. W. S. Lowry during the present week, with services at Churchill on Monday and Tuesday evenings, Nine Mile Creek Wednesday and Thursday evenings, and Canoe Cove Friday evening and Sabbath afternoon next. The opening meetings at Churchill on Sabbath and Monday evenings were very well attended and characterized by warm spiritual interest. The services begin each evening at seven o'clock and all are most cordially invited to attend. Suitable exercises of praise and prayer open each service and an exhortation is given by the minister. These services are anticipated by the people with a truly devout interest, and resultant reviving and renewal of the spiritual life is looked forward to with earnest prayerful expectancy.

L. O. B. A. INSTALLATION—At the regular meeting of Memorial L. O. B. A. the following officers for the ensuing year were installed by R. W. P. G. M. Sister Mary McLean: W. M. Sister Jessie Larter; D. M. Sister Grace Bell; Chaplain Sister Julia Hall; Rec. Secretary, Sister Annie Belle Houston; Fin. Secretary Sister May King; Treasurer Sister Ida McDougall; Director of Ceremonies Sister Mary Dickie; First Lecturer, Sister Jean Crockett; Second Lecturer Sister Beatrice Waller; Inner Guard Sister Mary McDougall; Outer Guard Bro. Charles Roberts; Committee of Five, Sister Down, Sister Howatt; Sister McLeod, Sister Crockett and Sister Affleck; Guardian Sister Helen King; Pianist Sister Grace McLure; P. M. Sister Mary Roberts. After the installation the retiring W. M. was presented with an address and gift for her very faithful services during the past year. At the close of the meeting lunch was served and a social time spent.

ISLANDER AS CITY COUNCILLOR—Formal announcement was made today of the candidacy of John M. McLeod of Wollaston for city councillor at large. McLeod's name has been mentioned previously by his friends but it was not until today that he made known his formal consent to run. Born in Prince Edward Island, 33 years ago, McLeod has been a resident of Quincy since 1917. He was graduated from Wheeler's Evening School, Boston, and studied law at Suffolk night school in a three years class. He became associated with the internationally known Stone and Webster Corporation, eventually being assigned to a divisional position as foreman. He was employed for four years on the erection of the First National Bank building at Boston and on its completion was assigned to the construction of the Edison Electric building in Weymouth. Terminating his contract with Stone and Webster, he embarked in the building contracting business and has erected tens of thousands of dollars worth of taxable property, in the words of his friends "a creditable revelation of his genius for creating attractive architectural homes that enhance the romantic, homey environment of Quincy hospitality." He has attracted many outside patrons to become residential owners. Mr. McLeod lives at 202 Beale St., with his wife and daughter. He is a member of Wollaston Lodge, I. O. O. F., Taleb Grotto, is a 32nd degree Mason, F. A. Masons, Carpenters' union and secretary and treasurer of the Granite City Improvement Association.—Quincy, Mass., Exchange—He is the second son of the late Daniel and Mrs. McLeod, Point Prim, P. E. I.

Annual Meeting

The Annual Meeting of the Prince Edward Island Tourist Association will be held in the Board of Trade Rooms on Thursday, January 17th, at 8.00 P. M. The public are cordially invited to be present.

M. K. MacFADYEN,
Manager.

L-3554-1-15-1i.

OBSERVES 25TH ANNIVERSARY IN BUSINESS

An interesting sketch of the business career of Mr. H. M. Jenkins, native of this province, appears in the Calgary Herald of the 5th instant. Mr. Jenkins has recently observed the occasion of his 25th anniversary in the grocery business. Beginning in a small way Mr. Jenkins is now President of the Jenkins Groceterias Ltd., operating retail stores in Alberta.

"H. M. Jenkins, prominent business man of the city, passed another milestone in a successful career when he was honored last week by his associates on the occasion of his 25th anniversary in the grocery business here.

"Arranged as a surprise by the managers of the 22 city stores and heads of departments of Jenkins Groceterias, Limited, of which Mr. Jenkins is the president, the banquet took place at the Tea Kettle Inn, on New Year's Eve. Mr. John Ross, who has been connected with the firm practically since its inception, made the presentation of a handsome writing desk and lamp.

High tributes were paid Mr. Jenkins by the members of the staff through their representative, Mr. Ross. A very modest man, Mr. Jenkins is capable of inspiring great loyalty among his employees. "He has been more like a father to us all than a boss," declared many of those present that night.

Twenty-five years ago Mr. Jenkins came here from Prince Edward Island, and began his business career in the city with a small grocery store on Ninth Avenue east. Here he was associated with a Mr. Cornfoot, his partner for a short time. Today, Mr. Jenkins, as president of Jenkins Groceterias, Limited, has control of 22 stores in the city of Calgary, and 14 throughout the country. The company, which is purely a Canadian concern in every particular, owns its own bakery and wholesale grocery and fruit business as well.

When he began in 1909 in the little grocery store on Ninth avenue, Mr. Jenkins had but two assistants. Today he employs a staff of more than 200 men and women. Several years after this small beginning Mr. Jenkins formed Jenkins & Company. Then, in 1918, 16 years ago another development was made in this local firm, when the Groceteria, Limited, came along.

In 1926 the final change came when as the Jenkins Groceterias, Limited, the company was floated on the public market as a going Canadian concern. At this time there were about a dozen stores with a staff of 120 in Calgary and district.

Today there are 22 stores in Calgary under Mr. Jenkins' management, while 14 others have been organized in towns throughout the province.

Mr. Jenkins himself, as head of this wide-spread organization, although an exceedingly modest and retiring man, has held a prominent position in the business life of the city throughout the years.

He is a member of the Rotary Club and Board of Trade.

Mr. Jenkins has been the recipient of many congratulations from prominent men of the city on the occasion of his completing 25 years of successful grocery business in Calgary.

PERSONALS

Mr. J. D. MacLeod, Murray River, Official Receiver under the Canada Farm Loan Board, was in the city yesterday.

Dr. J. L. Biggar, National Commissioner of the Canadian Red Cross Society, who has been visiting Charlottetown on official business, leaves this morning for Halifax.

Mr. A. R. McInnis, district manager of the Imperial Life Assurance Co. of Canada left yesterday morning to attend the annual meeting of the company at Toronto.

Annual Meeting

(Continued from Page 1)

exhibits was most gratifying. The Main Building was crowded afternoons particularly when the races were over and in the evenings. The live stock, horses and cattle were viewed by thousands of people who took the keenest interest in the judging. It was this which impressed the correspondents of live stock papers present probably as much as any other feature of our Fair and they were not slow in passing the information along to their readers. It is our intention to increase the accomodation for spectators at judging points.

Glancing over the list of entries of live stock we find that we had more horses shown than any previous year, made up to a considerable extent by increased entries in the saddle classes. There was a small decrease in dairy cattle due to a falling off in the Guernsey class. The Jerseys showed a marked increase while the Holsteins and Ayrshires also showed a slight gain. Grade classes due to new regulations having in mind the gradual dropping of grades from the prize list, were smaller than usual.

In sheep the entries showed a small decrease while in swine there was a small increase. The most marked difference in any class of live stock was in poultry where there was quite a severe dropping off in entries, partly accounted for by the change in the prize list as half the decrease was in classes for chickens. The poultry committee recommended that the exhibiting of unprofitable breeds be eliminated. It is our intention to give the poultry classes very careful consideration for the 1935 Fair as we believe that the poultry industry is one of the most important in the province and to that end we mean to consult with the leading poultry men here and formulate a new program.

Exhibits in the Main Building were most attractively displayed and it was noted that the quality of the field roots, plants, flowers and other exhibits were of an exceptionally high standard. In order to allow for better display the Paton Pavilion was utilized for cheese, butter and other exhibits.

We cannot resist giving a word of praise to all the booth holders for the taste they displayed in decorating and the care they took to keep their booths attractive through out the entire exhibition.

The race program with ten events attracted a large entry list of high class horses and competition was of the keenest throughout. The track record pacing of 2.07 3-4 was twice broken being finally set at 2.05 3-4 in that memorable Free-for-All staged on Friday, August 24th.

The vaudeville was among the best we have ever shown, the Queens of the Air being only excelled, if excelled, by the Hustrel Family of the year before. The Gold Dust Twins were voted the best comedy act in years and The Arleys were well received.

The evening programs have been referred to before, but may we be permitted to just lightly touch on them again. In co-operation with the Charlottetown Riding Club show events were staged on Tuesday, Wednesday and Thursday evenings that without doubt were a revelation to our people because of the good horsemanship, splendid mounts and all around attractiveness displayed. The ladies and gentlemen of this organization deserve our warmest thanks.

The horse show events were interspersed with vaudeville and the climax came at ten o'clock when one of the greatest display of fireworks ever seen in this province was given, ending on three evenings with the spectacular Niagara Falls of silver dust. It was with considerable trepidation that we added this expensive feature to our program, but that we made no mistake was shown by the tremendous attendance each evening.

Bill Lynch with his Midway filled the outside grounds in front of the Main Building and catered to many thousands of old and young, who took a great elight in testing the rides, visiting the side shows and generally enjoying themselves. Mr. Lynch's show was a very much improved one over the previous year, he having invested upwards of $7,000 in new equipment.

The evening program could not have been made possible but for the new Arena in front of the grandstand. We referred to the project in our previous year whereby the Dominion Government took over the removal of clay from the centrefield, the same being given by us free of charge. The portion of the work unfinished the previous year was completed in June and July. A new rifle stop butt was constructed at about one-third of the ordinary cost, new roads and improvements and much filling in done to the Kensington Rifle Range, making that property more valuable through the distribution of the clay and also resulting in the improvement of our property.

We are grateful to our representative Mr. W. Chester S. McLure M.P., and to Premier McMillan for the assistance given through them and their respective Federal and local governments in carrying out these projects.

Having the centrefield the proper height we were faced with the necessity of building a horse show arena and new vaudeville platform. We consulted the engineers of the Maritime Electric Company who had plans made in New York for us in which we had carried out at a cost of over $1,500, giving us the most brilliantly lighted outdoor vaudeville stage and arena east of Chicago, a total of 22,000 candle power.

Other Improvements

Because of the great traffic in hauling clay, etc., a lot of damage was done to our fences and grounds. We looked over the situation and came to the conclusion that it was not much use [illegible] so we tore down the old fences and constructed over three-quarters of a mile of new fences. Our stables on the Saint Peters Road were in very bad shape and we rebuilt 750 feet of these. We had to fence in front of the grandstand, repair grandstands, put in new concrete foundation under the main grandstand which will make it perfectly good for twenty years or more. We also put 70 new concrete piers under the Main Building and new supports in the Paton Pavilion. These necessary improvements and repairs cost a great deal of money, but will put the property in that much better shape for future shows.

Replacements and Repairs For 1935

While on the subject of repairs we may say that our 1935 program will surely have to consist of a new roof for the Main Building. It cannot possibly be left any longer as it leaked very badly on several occasions and had to be frequently patched up. The grandstand requires a new roof and twenty-seven new stalls will have to be built to replace those destroyed by fire on the evening of Tuesday, August 21st. The lower part of the stables on the Saint Peters Road are badly in need of repair and the section of wood which was cut out, cleared and levelled for automobiles and a new water system to race horse barns installed.

These various projects will require an expenditure of upwards of $5,000, and it will be for you to consider how this can be financed. The problem of keeping up plants is becoming a very pressing one with all exhibitions. The necessary buildings, plants and equipment run into tremendous sums of money, upwards of $150,000 having been expended on our own plant which could not be duplicated today for a quarter of a million dollars. To keep the various buildings in repair, maintain electric connections, etc., etc., is one that taxes our financial resources to the utmost, having in mind at the same time providing an outstanding program of entertainment as well as an attractive prize list.

Other Uses Made of Grounds

We are pleased to report that in addition to our Exhibition our grounds were used for one day's fall racing, September 19th, which had to be postponed until September 20th. The occasion was the staging of the two and three-year old futurity events of the Prince Edward Island Colt Futurity Association. In addition two other events were programmed. Rain unfortunately fell the first day and the races had to be carried over until the next day. We met with a loss of upwards of $500, due we believe entirely to the weather conditions. However, we realize that it is our duty to encourage colt racing and our Association stands ready to co-operate with the Prince Edward Island Futurity Association at any time.

Central School Fair

The Central School Fair which brought together the best of the school fair exhibits and was held on two days of the third week in September, we believe could be classed as successful.

Annual Silver Fox Show

The Silver Fox Show November 5th, 6th, 7th, 8th and 9th of the Silver Fox Exhibitors Association of Prince Edward Island had the second largest entry list of any show ever held here. It is so recent in the minds of our people that we need not refer to it very particularly except to say that it seems to be an institution that has done much to create interest and improve the status of a very important industry here. There is no doubt that for the purpose our grounds are the most suitable of any in Canada.

Reporting on our Exhibition it is difficult to include all the matters we would like to touch on, but we trust we have brought out the salient features.

Our hearty thanks are due to the Hon. Robert Weir, M.P., Minister of Agriculture, for generous assistance from his branch and a grant from the Dominion Government, and to our Provincial Government for every possible assistance afforded us, to our City Council for their grant and helpful co-operation, to the Charlottetown Guardian and the Charlottetown Patriot for generous press publicity, to the Summerside Journal and Agriculturist and the Pioneer and Island Farmer for their press support, to our bankers the Canadian Bank of Commerce who have extended credit and also assistance in handling cash during Exhibition days and to each and every person who in any way helped us.

Our shareholders report will show that after all expenses have been paid instead of having a small balance to credit as we had last year, this year we have a deficit of $1,114.57 and in addition will be required to replace twenty-seven stalls destroyed by fire at an estimated cost of $2,700.

It is regrettable that owing to the condition of our plant which had fallen into disrepair and to the more forward policy of recent years which required large expenditures in building, etc., we have not been able to accumulate any reserve fund which wolud be a fine thing to have in case of bad weather.

Of course as usual there is no dividend for our shareholders. They have come to expect that, getting their reward through the feeling of having done something worth while for their native province by continuing to afford a place whereby the industries and agricultural products can be exhibited in friendly competition and be viewed by our people.

Our Directors, three of them new men, namely, Gordon Hughes, H. J. Kennedy and Willard Kelly, have given very generously of their time and services. They are good men who have fitted into our work in a splendid way. All our Directors and our Secretary, J. W. Boulter, have served without salary or remuneration, the latter has given outstanding service and deserves great praise.

Your President concludes this report with the hope that it will meet with the approval of you our shareholders, and that for many years to come the Charlottetown Driving Park and Provincial Exhibition Association will continue to be operated by unselfish men in the interests of our people and province and be most successful in every way.

Yours very respectfully,
D. A. MacKINNON,
Lt.-Colonel,
President
J. W. BOULTER,
Secretary

Directors, T. W. L. Prowse, Vice-President; W. Chester S. McLure, M.P., John B. Andrew, James Roper, V. L. Smallwood, H. J. Kennedy, C. Gordon Hughes, Willard Kelly.

The above report was passed unanimously as was also the financial statement, complimentary remarks being made with reference to both.

Honorary President James Paton considered that the Directors had submitted a very good statement considering the large expenditure which they were called upon to make for repairs and new work. He was touring in Scotland the opening day of the Exhibition and it was a real Scotch mist and he wondered what kind of weather it would be in Prince Edward Island for the opening. He hoped it would be fine and that everything was successful and was gratified on returning to find the plant in beautiful order and that the Exhibition was one of the best in years. Mr. Paton spoke very appreciatively of Secretary Boulter and their association together.

The following letter was read from the Ladies' Aid of the Prince Edward Island Hospital.

Mr. J. W. Boulter,
Secretary-Treasurer Exhibition Association.

Dear Sir:—

The Ladies' Aid of the Prince Edward Island Hospital wish to thank Colonel MacKinnon and yourself and the other directors of the Exhibition Association for the space occupied by them under the Grand Stand during Exhibition week.

The Aid is well satisfied with the outcome of their efforts in putting on the luncheon, and feels that the success that attended the Exhibition as a whole is largely responsible for such gratifying results.

Very sincerely yours,
(Signed)
JESSIE M. RATTENBURY,
September 21st, 1934.

The meeting was honored by the presence of a lady in the person of Mrs. Roland Meikle, representing the Ladies' Aid of the Prince Edward Island Hospital. Mrs. Meikle took part in the discussions and showed a keen interest in the various matters under review.

Remarks were made by the well known stock breeder and foxman, J. Walter Jones, M.A., Bunbury, with several suggestions regarding the prize list and other matters in connection with the Exhibition.

The estimated amount of over $5,000 necessary to put the plant in shape for the Exhibition of 1935 caused a lot of discussion. It was felt that this large amount together with the deficit of $1,114.57 would entail a tremendous burden on the management. It was agreed, however, that a new roof to the Main Building is absolutely necessary and also that the Grand Stand would have to be roofed, and of course new race horse barns would have to be built to replace those burned. It was left to the President and Secretary to think the matter over and at a later date submit some plan with regard to financing the above.

A discussion took place regarding the granting of restaurant privileges for 1935. The President and Secretary stated that as the Directors well knew in the fall of 1933 a communication was received from the ladies representing the Charlottetown Hospital for the privilege of serving meals on the grounds, either as a part privilege or alternately with the Ladies Aid of the Prince Edward Island Hospital.

The matter was left over until the Spring of 1934 and had to be dealt with by the new President and new Board of Directors. The President and Secretary were appointed a committee to confer with the Ladies' Aid of the Prince Edward Island Hospital. They did so and made two offers to them, namely, to give them an equal share of the restaurant room or to allow them to alternate with the ladies of the Charlottetown Hospital, they to take either 1934 or 1935. They decided that they would prefer to take the whole space in 1934 so the ladies of the Charlottetown Hospital were notified that they would be allowed the same privileges in 1935.

Both Ladies Aids were informed that after that date the Association would make no promises as to what disposition would be made in regard to the above privileges. As a matter of fact the President pointed out this has been a privilege capable of turning in a rental of $500 to the Association, that offer having been made by a responsible caterer. In view of the tremendous expense of carrying on the Exhibition it may be necessary in the future to lease this privilege.

Mr. Frank Tinney of the Advisory Board who was present, spoke in reference to the poultry exhibit, stating that the proper policy is not to encourage the greatest number of exhibits but to endeavour to have exhibits that will possess a commercial value and lead to greater wealth for our poultrymen.

A gratifying feature of the meeting was the moving of a vote of thanks to Secretary Boulter for the time, energy and enthusiasm he had given over to the Exhibition. Several spoke in support of the motion which was carried unanimously.

Secretary Boulter said that while the Exhibition meant a lot of work it was a pleasure to be associated with the Board of Directors and the President, who had spent over half his time supervising the new construction, writing publicity and generally furthering the work of the Exhibition. This reference to the President called forth the remark from him that he did not consider anything he did in connection with the Exhibition as work, that it was just play for him and he enjoyed it immensely.

The old Board of Directors and the same Advisory Board were appointed as below, and the Exhibition dates for 1935 were set for August 19th to 23rd inclusive.

The election of officers resulted as follows:

President — Lt.-Colonel D. A. MacKinnon, D.S.O.

Vice-president—T. W. L. Prowse.

Secretary-Treasurer—J. W. Boulter.

Directors—W. Chester S. McLure, M.P., James F. Roper, John B. Andrew, V. C. Smallwood, H. J. Kennedy, Willard Kelly, Gordon Hughes.

Advisory Board: On behalf of the Government — Hon. Dr. W. J. P. MacMillan, Premier; Hon. Thomas MacNutt, Minister of Agriculture, W. R. Shaw, B.S.A.

On behalf of Experimental Farm, Frank W. Tinney, B.S.A.

Advisory Board: On behalf of Charlottetown City Council—Councillor B. Roy Holman, Councillor A. A. Hennessey.

Advisory Board: On behalf of Charlottetown Riding Club — President C. N. Bissett, Vice-President, G. H. Buntain.

SPECIAL REDUCTIONS

To Introduce Our Improved Store

Continuous change is a sign of progress, and part of our policy in serving the public is to serve them better every day. The latest step is the improvement of our store by enlarging it, and rearranging the stock. The interior now presents every convenience for the experienced shopper. The specials listed below will give you a good reason for seeing the store yourself.

Crushed Pineapple, 2 tins	29c	Special Blend Bulk Tea per lb. 38c	Lard, 2 lbs. 27c
Pears, 2 tins	19c		Shortening, 2 lbs. 25c
Corn, 2 tins	19c		Choice Round Steak, 2 lbs. 29c
Tomatoes, choice, 2 tins	21c	2 lbs. 75c	Sliced Bacon, smoked, lb. 27c
Peas, 2 tins	23c	3 lbs 1.10	Tomato Soup, Condensed 17 oz. 10c

Bargain Fare Offers Great Opportunity

MONCTON, N. B., Jan. 14—Those among the number who are expected to take advantage of the bargain fare coach excursion being operated by the Canadian National from the Maritime Provinces and stations in the Province of Quebec east of Riviere de Loup and Monk, including the Gaspe Peninsula, on Friday, Jan. 18th, next, to Montreal, Ottawa and Toronto also Quebec City and Three Rivers, Que., who are ski fans would do well to bring their skiis with them according to R. J. S. Weatherston, General Freight and Passenger Agent of the railway here. Both Montreal and Ottawa provide ample opportunity for the skier to enjoy this exhilirating winter sport as does also Quebec City. Each week end a number of the skiing fraternity of Montreal make their way to the Laurentian Mountains a short train drive over Canadian National lines from the city.

Special round trip excursion fares are available and special facilities for carrying skiis and equipment are provided in the coaches. Heated coaches are parked at the station in the ski country to provide a rendezvous after the days skiing. The city itself provides good skiing, Mount Royal in the heart of the metropolis, affording some splendid ski runs with tobogganing. The skiing fraternity of Ottawa also have available some wonderful skii country among the Gatineau Hills and like Montreal, the city itself provides skiers in the capital of Canada with excellent facilities to indulge in this sport. Quebec City also has its skiing devotees and tobogganing provides a thrilling counter attraction.

National League Hockey games are scheduled in both Montreal and Toronto for Saturday night, Jan. 19th with the New York Americans meeting the Maroons in Montreal and the St. Louis Eagles the Toronto Maple Leafs in Toronto. The generous return limit allowed on this excursion permits of ample opportunity for sight-seeing and taking advantage of the excellent skiing facilities offered, as well as to take in hockey games and do some visiting with relatives and friends. Tickets are good to return from Montreal, Ottawa, Quebec and Three Rivers the following Tuesday, Jan. 22, and from Toronto the following Wednesday, Jan. 23rd.

Annual Meeting Of St. Pauls Sunday School

The annual meeting of St. Paul's Sunday School was held last evening in the Parish Hall being well attended. The several reports presented showed the Sunday School to have had a very encouraging year, attendance being well maintained and fruitful results of the year's work being recorded. The sum of $175.00 was designated for Missionary work in Western Canada and an amount of $33.00 was realized towards the Restoration appeal. The Bible Society collection was of such an amount that for the 14th year in succession the Sunday School has been able to receive a Life Membership Certificate in the Society. This year the School took pleasure in presenting this certificate to Mr. Hilton Vail of the School staff.

The election of officers was as follows: Superintendent, J. E. H. Worth; Secretary and Missionary Treasurer, Hilton Vail; Treasurer, Stewat Leigh.

Mr. J. E. H. Worth who has completed 10 years work as superintendent of the Sunday School was presented with H. V. Morton's book "In the Steps of the Master", in recognition of fine services.

NORTH BAY, Ont.—Men employed in lumbering camps in North Bay territory number 3,000 compared with 1,800 in same region last winter, an increase of 66 percent.
