Was the Main Question Under Discussion at the Maritime Baptist Conference Yesterday—The Buildings are all Doing well from every Point of View.

Monday Morning.
The morning session was opened with prayer by Rev. H. D. Wardon, J. J. Wallace, Vice President, in the chair. After the reading of the minutes Dr. Manning, Treasurer for Denominational Funds, read his report for the year. It showed that in N. B. seven thousand three hundred and seventy-two dollars had been contributed.

The report was discussed by Dr. Trotter, J. E. Parsons, Dr. J. W. Brown, Rev. H. C. Colpitts, Rev. Perry Stackhouse, J. E. M. Sipprell and Rev. Mr. Corbett. The report was adopted.

Dr. A. Cohoon presented the report of the Denominational Fund for Nova Scotia. The total amount received was \$10,000.11.

The report of the Board of Governors was presented by Dr. Kempton. The report showed that 157 students had attended Acadia College last year and 32 students received the Degree of B. A.

Dr. E. M. Keirstead had resigned after 23 years of laborious and useful service and Prof. Roland P. Gray had been appointed to the chair of English Language and Literature. Prof. Gray has had 10 years of experience in teaching English, and comes highly recommended as a cultured and refined gentleman, a broadly educated scholar and an experienced and successful teacher in the department of English.

Horton Collegiate Academy was stated to have had a successful year. This clause was discussed by J. E. Parsons, Prof. E. W. Sawyer, Dr. Trotter, Rev. D. H. Simpson.

Acadia Seminary has been successful in its work for the year. Some changes have been made in the staff of teachers but those filling the vacancies are highly qualified. This clause was spoken to by Dr. Kempton.

S. M. Sipprell urged that a uniform be adopted for the young ladies at the Seminary in order that the poorer students be not embarrassed in providing expensive dress.

Wm. Cummings spoke of the blessing he had received from Acadia College. Rev. W. N. Hutchins spoke of some very touching incidents in his experience at Acadia. He urged that the distinctive religious character of Acadia College be preserved.

Rev. H. F. LaFlamme suggested that the Convention express its thankfulness to God for the gracious revival experienced last year by the schools at Wolfville, by singing "Praise God from Whom all Blessings Flow." This was done heartily.

The second forward movement has resulted in securing cash and pledges to the amount of \$87,000 and it is hoped that by January 1st 1906 the \$100,000 required will be secured.

Rev. H. F. LaFlamme attributed the success of Toronto University to help and example of Acadia University. He urged the establishment of full theological work at Acadia.

The report of the Board of Governors was then adopted.

The committee on correspondence reported that they recommended that while the bequest of the late J. S. Trites of \$100 to the Maritime Board of Home Missions should properly come to the H. M. Board of this Convention, yet since the late J. S. Trites in his lifetime took special interest in the Home Mission work in New Brunswick the \$100 be handed to the Mission Board in N. B. to be expended in mission work in that Province.

Convention adjourned with prayer by Rev. A. Chipman.

Chief of Police—
Can you wire us any information about Mr. and Mrs. James W. Crawford who left your city four years ago to come to Brockton, Mass. Husband murdered wife and committed suicide. Is anything known at Charlottetown of any former trouble.

A NEGRO BOY RIDDLED OFFICER
Joseph Hindsuiki Probably Mortally Wounded By Frank Morris

NEW YORK, Aug. 19.—Joseph Hindsuiki, a detective, was shot and probably mortally wounded by a negro boy on a moving New York and Hartford freight train last night, while attempting to arrest him. Five shots took effect in the Detective's body. He rolled from the train and was taken to Fordham Hospital. A negro, Frank Morris, 19 years old of Cleveland, Ohio, is charged with the shooting.

Hindsuiki said at the hospital that he had been looking several days for a man accused of stealing freight. Yesterday at the 5 45 freight was leaving the Hartford yards the detective saw Morris hiding in the train. He jumped aboard and ordered the negro off. At first the man refused to go, so Hindsuiki drew his revolver and said that as soon as the train slowed down he would have to jump. As the train neared Bay Chester the negro climbed down the ladder and thinking he was about to jump, Hindsuiki left the train, but when he did so the negro climbed back.

The detective followed him and as he arrived on the car found himself peering into the negro's revolver. "Now," said the negro, "You can jump." Hindsuiki's hand went for his pocket but before he could draw his revolver the negro had fired twice, both shots taking effect about the heart. The detective started to climb to the roof of a box car, but as he reached the top of the ladder, the negro fired three more shots and Hindsuiki rolled to the ground. He was picked up by a brakeman in a still conscious condition. The negro jumped from the train and disappeared in the woods. About two hours later Morris was taken into custody.
