STOCK QUOTATIONS

Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, Jan. 6—There is nothing in today's news which might have a beneficial effect on the market. As a matter of fact European news seems to be a little worse and there is no improvement in the automotive labor situation, although newspapers carry the story that a government official will see the vice-president of General Motors for the purpose of discussing a method of bringing about a peace plan. Dow Jones carries a story that major oil companies may during the next few days increase midcontinent crude oil prices ten cents a barrel against 17 cents increase announced by Continental. Utilities appear to be coming more in favor in view of their better action recently. We would look for an irregular firm opening and believe the building stocks will do better. Copper stocks also look higher.

MONTREAL, Jan. 6—Bathurst Power and Paper—Extensive program of improvement in productive facilities to aggregate $650,000 will include a steam plant, the generating unit of which will have a capacity of 110,000 pounds steam per hour and a 6,000 K. W. by-product steam turbo-generator.

East Malartic—Progress report for December 15 period revealed in No. 1 shaft raising was started on the 178 east vein, advancing 16.5 feet in ore, wider than the raise assaying $24.31 per ton on the 325 level the vein has been extended 120 feet by drifting. In the No. 2 shaft the vein has been extented for 26.5 feet in ore wider than the cut assaying $6.50 per ton.

God's Lake—Drifting on the third level west of the shaft at God's Lake is reported to have extended the new ore section to 229 feet with the same grade ore persisting.

MONTREAL, Jan. 6—Cockshutt Plow—For the year ended November 30 Cockshutt should show after depreciation from $20,000 to $30,000 of earnings available for common dividend against loss of $218,000 last year. Bank loans will show at less than $1,500,000. Company has enough business on hand to run full five months. Their export department particularly busy.

MEALS IMPRESS DEBATERS

EDMONTON—The size of meals in the Dominion was the thing that impressed most Bernard Ungerson of the University of London and Malcolm MacEwen of the University of Edinburgh, members of the Imperial debating team that toured Canada this autumn.

"Apparently there is a law forbidding the serving of any piece of meat that does not stick out over all edges of the plate," one of them observed.
