R. A. F. Officer Buried With Full Air Force Honors

An officer of the Royal Air Force, whose next of kin reside in the United Kingdom, was buried here yesterday with full Air Force honors. He died Saturday from injuries received in a plane crash near the Charlottetown airport Dec. 5. His name has not been disclosed by Air Force officials who have not yet received confirmation that his next of kin have been informed of his death.

The funeral yesterday was held from St. Paul's Anglican Church and burial was in the R.A.F. plot at Sherwood Cemetery, near the airport.

Services at the church were conducted by Canon E. M. Malone, assisted by Flt. Lt. the Rev. R. W. Braine, Protestant padre at the station, and Rev. J. T. Ibbott, rector of St. Paul's Church.

Sydn. Ldr. P. E Bishop, senior administrative officer, was in charge of the funeral parade while the adjutant was Flt. Lt. A. B. Allison. The parade was composed of an escort party, under command of Flt. Lt. J. R. [illegible], the flight commander of the deceased and his close friends, a firing party, the casket on an Air Force truck, the chief mourner, Wing Cmdr. D. G. Price, officer commanding No. 2 Air Navigation School where the deceased was stationed, and his adjutant, F.O. R. D. Albert, while at the rear of the procession the attending party was composed of pilots who had been in the flight with the deceased.

The Beach Grove Army Camp band, with muffled drums, marched ahead of the truck bearing the casket. On either side of the truck marched a supporting and bearer party. The former was composed of Flying Officers Brown, Andrews, Chipman, Campbell, Moracle, and Loescher, while the bearers party included Sergeants Wallaum, Johnston, Watchorn, Mullin, Laurie and Leslie.

China's Perilous Situation Eased

CHUNGKING, Dec. 11 — (AP)— The Chinese High Command announced tonight that all Japanese forces had been driven out of Kweichow Province, easing China's perilous military situation at least temporarily.

The communique said the reinforced Chinese counter-offensive had forced two Japanese columns which penetrated deep into Kweichow back into Kwangsi Province, had recaptured Liuchain just over the border, and had advanced 17 miles beyond.

The twin Japanese drives which were aimed at Kweiyang, Kweichow capital and the strategic Burma Road city, had at one time penetrated to a point 70-miles inside the Province. Capture of Kweiyang would have put the Japanese in a position to strike either toward Chungking, 200 miles to the northwest, or at Kunming, 800 miles southwest.

Fine Recital In Heartz Hall By Mrs. Miller

A most enjoyable recital was given in the Heartz Hall last night under the auspices of the Women's Music Club, the recitalist being Mrs. A. F. Miller, wife of Dr. A. F. Miller, superintendent of Kentville Sanatorium. Mrs. Miller has a fine soprano voice, which she uses with perfect artistry, and her programme was one of exceptional interest to music lovers.

It opened with a group of three songs from the vast treasury of Handel's compositions: "Lascia ch'io Pianga," from "Rinaldo" (1711); "O Sleep Why Dost Thou Leave Me" from "Semele" (1743), and "O, Had I Jubal's Lyre", from "Joshua" (1747). Handel's music is regarded as a supreme test of the artistry of any singer, and Mrs. Miller showed herself to be perfectly at home in this difficult field.

Her next group consisted of three songs by Richard Strauss, "Devotion"; "Night"; and "Your Wonderful Eyes", and a very lovely piece entitled "Spring", by Hugh Wolf, a modern composer who, like Sibelius, has already become a classic.

An aria "Un Bel Di Vedremo" from Puccini's opera "Madame Butterfly" was also very finely interpreted.

Following a brief intermission, Mrs. Miller sang another group of modern songs, comprising "The Star" (Rogers); "Tell Me, O Blue, Blue Sky" (Giannini); "The Cloths of Heaven" (Dunhill), and "Love Went A-riding" (Bridge). The latter composition has a very modern and difficult accompaniment, and the whole group was one of particular interest.

"Cradle Song", by Fritz Kreisler, was also heard with marked appreciation by the audience. "Three Cavaliers" by Kurt Schindler, and "Il Bacio" (Arditi) concluded the programme. The artist, however, graciously responded to a number of encores, with "The Robin's Song"; "In the Luxembourg Gardens"; "Nightingale At Lincoln's Inn", and "Swing Low, Sweet Chariot".

Mrs. Miller was particularly effective in her high notes, and in the brilliancy with which she interpreted difficult passages. Her charming personality also impressed itself upon the audience, whose response throughout the evening was most enthusiastic.

Mrs. G. Elliot Full's accompaniment on the piano was outstanding, and merits the warmest praise.

This is the first visit here of Mrs. Miller, but it is hoped that another opportunity will be offered of hearing this talented singer, who recently gave a successful joint recital with her teacher, Dr. Ernest Vinci, in Halifax.

Crashed Plane Was From Dorval, Que.

More wreckage of a plane which crashed Sunday afternoon off Sea Cow Head, near Summerside, was found yesterday by R. C. A. F. search parties. Some of it drifted ashore and more was found at sea. The bodies of the crew members, believed to number two, were not found.

Men acquainted with the locality said that there is a strong tidal current and they thought it unlikely the bodies would be located. Apparently the plane exploded as it crashed.

The first wreckage was found about 6 o'clock Sunday evening by A. P. Ceretti and Cpl. C. F. Deakin, in charge of the Borden R. C. M. P. Detachment. They went to the area where the crash occurred in Mr. Ceretti's boat.

Information yesterday indicated that the plane was an R. A. F. Transport Command Mosquito from Dorval, Quebec.

The names of the crew members have not been released.

lected $28,556.00 as against $36,120.00 for the same period last year.

"In poll tax arrears we have this year collected $1,850.00 as against $2,086.00 for the previous year.

"In street and sidewalk, collections in 1944 were $3,210.00 as against $3,500.00 in 1943.

"I would like to draw attention also to the statement in regard to the assessed value in real estate and personal property for 1944 and 1943.

"In the year 1944 total assessed value was $9,315,100, against an assessed value of $9,421,560.00 in 1943. This makes a difference in valuation of approximately $106,500.00. This figure at 2.85% shows a reduction in assessment of $3,035.25.

No Tax Rate Increase

"Then again, I would draw to your attention the fact that this year there has been no increase in the tax rate, and when one figures the decrease in assessed value in real and personal property together with the additional expenditure to the School Teachers and to the Fire Department, we can assume that our expenditures will be more this year than last year, and our revenue less than last year, with the increase in these two departments and unforseen expenditures which have arisen in other departments.

"One must realize also, that our surplus in 1943 of revenue over expenditure was in the vicinity of $1,300, as against an additional expenditure this year of some $16,000, and we cannot possibly hope to present to the taxpayers a balanced budget. One can readily understand a falling off in the assessed value in personal property, but I would have assumed, had I not seen the figures, that when personal property was down real estate would be up, but I am sorry to report to you that such is not the case.

Sell Debentures

"During the last month, on your instruction, the Finance Committee called tenders for City of Charlottetown 3½% debentures for 20 years, and I would like to draw to your notice that these debentures bore interest at 3½% and we had several bids over par for this issue which we sold to Dominion Securities at 101.12. Some of you Councillors who were here in 1943 will remember that we sold 4% debentures to this same Company at 103.77, but in comparing these two sales I am very proud to state that the 3½% debentures over the 20 year period are the better sale to the City by the amount of $2,895.00.

Considerable discussion took place over the offer of the Island Motor Transport Co. to purchase a plot of land from the City on the northeast corner of Spring Park. It was finally decided to call for tenders for the property.

Before adjourning the following resolutions were passed:

"That offers be requested for the purchase of a plot on the northeast corner of the City property at Spring Park with frontage of 100 feet on Malpeque Road and depth of 150 feet. Conditions of ground rent in lieu of taxes and other particulars and conditions to be inspected at the office of the City Clerk, offers to close at noon Dec. 20. Certified cheque for ten per cent of price to accompany each offer." (Moved by Coun. T. B. Rogers and seconded by Coun. T. A. Butler.)

"That tenders be called for the construction of a two-storey brick and tile building to be erected on the southeast corner of Queen and Grafton Streets to be used as a public comfort station and offices. Plans and specifications and conditions to be seen at the office of James E. Harris, Architect." (Moved by Coun. Rogers and seconded by Coun. J. T. McKee.)

Germans Rejoice At Clashes In Greece

By Charles S. Foltz
Associated Press Staff Writer

MADRID, Dec. 11 — (AP) —The Germans in cafes and nightclubs here are looking and acting far happier today than a fortnight ago. The reasons are the British-E. L. A. S. clashes in Greece, words spoken in London and Washington, and the silence in Moscow.

Any neutral in this capital will be told that the Germans believe the great world alliance against them is splintering.

Nothing in the past year has delighted the Germans more than despatches from Washington, London and Athens which they interpret as an indication that the Anglo-American powers are determined to block further Soviet expansion in Europe and the silence from Moscow which they say means the Russians are not pleased.

The Germans' only hope for a separate surrender is in a break among the United Nations. With or without a formal peace they argue they could cease fighting on one front while holding the other. This would be done only if the Germans saw a chance to gain thereby.

"That's why they are delighted here to see dispatches in the Spanish Press grouped under such headings as "American Press fears disunion in Allied camp." "Churchill opposed to Communist dictatorship."

The Germans are delighted with anything drawing Allied attention away from the war with Germany. They enjoy reading any news from Washington indicating the Americans are eager to leave Europe and concentrate on Japan. They are pleased with any signs of British distrust of Russia or vice versa, and last week they thought they saw both.
