Men's Handsome Sweater Coats in From England

## Charlottetown's Greatest Showing of New Autumnal Models in Ladies' Coats

YOU ARE MOST CORDIALLY INVITED TO inspect to-day the largest collection of autumn coats that this store has ever placed before you.

We want you to come in—look round—examine the garments—criticise the showing as severely as you can—make a comparison with any such line shown anywhere by anyone.

The coats this fall are distinctly different from any past season. Warmth, and comfort in every garment have been the points aimed at. But in addition to these there never has been so much smartness and style in fall coats since we remember.

Soft, heavy, "wooly" tweeds are very much used—many handsome reversible tweeds—cut loose and full length. Some very effective coats show a belt of leather or cloth.

But there is no use talking to any greater length about them—one visit will do more for you than all the descriptions that we could write in a month.

Will you come—today
