FOXES FOR SALE
 In 1944 I purchased from the United States a beautiful pale Norwegian Platinum Male whose grandmother was a champion Silver. This fox sired beautiful pups, they could not be shown at the P. E. I. Show because the rules required three generations born in Canada. A son was sold in Nova Scotia and was third prize Pale Platinum Male in 1944 and his son was Champion Platinum. I kept a son equally as good who sired many beautiful pups. Another Norwegian Male was third prize in the New Brunswick Show. This male together with several Norwegian Platinum pups and two adults is now for sale.

In 1943 I obtained the Grand Champion Pearl Platinum of New Brunswick. Several of his progeny are for sale together with other Pearl Platinum Males and Females.

I also have several Standard Silvers, Mottar-strain, and several half-blood Glaciers for sale.

Stock Markets At A Glance
WINNIPEG, Jan. 7 — (CP) — Grain futures prices on the Winnipeg Grain Exchange today rallied from early losses when offerings dried up and local buying came into the market. Trading however, was dull throughout the session.
CHICAGO, Jan. 7 — (AP) — Grain futures prices bobbed around erratically in today's light trading. May rye, which usually moves quickly in response to light influences either way, was well out on both sides off Saturday's closing quotations at times.
 Other grains, except barley, moved only fractionally most of the time.
