## TRI-POWER PARLEY WATCHED WITH CONCERN

### Italy Demands Political Rule Over Ethiopia

#### Britain - France - Italy Fail To Reach Compromise In Preliminary Talks. Situation Causes Grave Concern.

(C. P. By Guardian's Special Wire)

The Anglo-French-Italian conference on the Ethiopian problem opens formally today, and intensive preliminary talks reveal no sign of a compromise, so far as can be learned.

A wide divergence exists between the British standpoint, willing to give Italy economic concessions in Ethiopia, and the Italian stand, which was bluntly reiterated yesterday as aimed at nothing less than political control. London watched the talks with some pessimism and Rome was unconcerned. The Italian press softened its tone to Britain, but only to the extent of saying Italy had decided on Ethiopia to satisfy her aim for expansion and had no designs on any British or French African territories.

A new "incident" was reported, an Italian official and an Ethiopian policeman being seriously wounded in a fight at Didewara, Ethiopia. It was said Rome might make representations.

### VILLAGE AGAIN INUNDATED

#### Slave Lake Town Completely Flooded.

(C. P. By Guardian's Special Wire)

EDMONTON, August 15—All hopes of again occupying flood-swept Slave Lake Town, 125 miles north of here, were dashed tonight in the chilly waters of a new inundation.

From their tent encampment in nearby hills, former residents of the little settlement watched the flood swirl through the village streets.

For more than six weeks Lesser Slave has been inundating the village periodically and the latest flood, coming last night on the heels of a storm, completed destruction of waterfront buildings.

The new floods occurred just a few hours after the first train since July had completed the round trip from Edmonton to the end of the steel in Peace River district.

Repair work of weeks along flooded sections of the Northern Alberta Railways was wiped out and it appeared certain the flood would return to its peak level that sent residents fleeing to the hills late in June.

There they have stayed, nearly 200 of them, during the summer rains, storms and floods. For a time persons remained in town, living in a hotel and making their exit to the street through second story windows. Travel through the streets has been possible only by boat. Snow was reported in some sections of the Peace River area after last night's storm.

### Midweek Day Fixed For Thanksgiving

(C. P. By Guardian's Special Wire)

OTTAWA, Aug. 15—When it was found necessary to rescind the order-in-council fixing Oct. 14 as Thanksgiving Day, in order that general elections might not be delayed any longer than possible, the government decided to return for the once to the old custom of having the national thanksgiving on Thursday. A large section of opinion, particularly in the religious field, has held that the day of thanksgiving should be removed from Sunday as much as possible, so that separate and distinct services of thanks might be held. Thursday is the fixed Thanksgiving Day in the United States and until a few years ago was the choice in Canada.

### Streicher Bitterly Assails Jews Before Huge Gathering

(A. P. By Guardian's Special Wire)

BERLIN, Aug. 15—Julius Streicher, spearhead of Germany's anti-Semitic drive, bitterly assailed Jews tonight and announced the Nazi fight against them will "continue until all humanity understands the problem."

His widely heralded speech was wildly applauded by 25,000 listeners.

Denouncing foreign reports of anti-Jewish disturbances in Germany, he suggested that foreign countries instead "report about lynch justice in America."

### Rockefeller Plans Gift Of \$25,000,000

(A. P. By Guardian's Special Wire)

WASHINGTON, Aug. 15—John D. Rockefeller, Jr., today reported making a gift of more than \$25,000,000 in oil securities less than a fortnight after President Roosevelt's "wealth tax" message.

The securities commission was told unnamed "individuals and charitable organizations" received 2,100,000 shares of Socony Vacuum Corporation common stock. This gift, made June 28, reduced Rockefeller's holdings in three major oil companies—Socony, Standard of New Jersey and Standard of California—to \$180,000,000.

The commission report gave no indication whether the famous financier made his gift at this time in expectation that Congress would vote higher taxes on wealth. Contributions of this character usually take some time to plan and the program may have been arranged prior to the President's message.

The market value of the stock on June 28 was about \$27,300,000 today, because of market declines, it is worth about \$25,000,000.

### Four Receive Life Sentences

(A. P. By Guardian's Special Wire)

DETROIT, Aug. 15—Life sentences were imposed today upon William Lee Ferris and the three beer garden entertainers who were his accomplices in the 1934 holdup murder of Howard Carter Dickenson.

The courtroom in which the trial dragged through three weeks was jammed with spectators as Judge John Boyle sentenced Ferris to life at hard labor in Marquette branch prison. Florence Jackson, her sister Loreta and Jean Miller will serve their terms in the Detroit House of Correction.

The three women, who screamed hysterically Tuesday when the jury convicted them of luring the New York attorney to his death in Rouge Park here the night of June 26, stood with bowed heads as sentence was pronounced. Their attorneys had announced they planned to appeal, but no motions were filed today.
