Tired, Overworked Mothers What You Need is Vinol

War conditions have made the demand upon a mother's time and energy unlimited. In their zeal to do all in their power for their loved ones, they continually overwork and are soon in a nervous, run-down condition. Vinol, the non-secret cod liver and iron tonic, will build you up and make you strong.

HERE IS PROOF

Whitman, Mass.

"I suffered from a nervous, run-down condition and loss of strength so it was hard for me to get around and do my work. After other medicines had failed to help me Vinol restored my health and strength and I heartily recommend it to anyone suffering from a nervous, run-down condition."—Mrs. R. M. Little.

Cleveland, Ohio.

"I keep house for my husband and myself and got into a weak, run-down condition, no strength, languid and no ambition. After doctoring for awhile and getting no better I tried Vinol and to my surprise it built me up and strengthened my whole system. It is certainly a good tonic."—Mrs. Wm. D. Dawson.

IN MEMORIAM

Mr. WILLIAM H. CAMPBELL

There passed peacefully away at his home in Park Corner on Mar. 5th, after a lingering illness of about three years, Mr. William H. Campbell in the 64th year of his age.

The deceased had been a victim of a dreadful heart disease from which he suffered great pain and although he wished each time be the last yet he always bore his suffering with patient fortitude.

The late Mr. Campbell was a very highly respected member of the Excelsior L.O.L. and although he had been unable to attend their meetings of late, the brother members showed by their kindness to the family in their bereavement that they had not forgotten their departed brother.

The late Mr. Campbell was well known throughout the country having been engaged in business for many years for the firm of Saunders, Newsome & Co; Charlottetown, and had made many friends who always found him honest and just in all his dealings and by whom he will be much missed.

The procession which followed the remains to the grave showed the respect in which the community held their departed brother, the funeral which was very largely attended was held at the grave by the brother orangemen. The Rev. Mr. Neish conducted the funeral service at the house and was assisted by Rev. Mr. Johnstone at St. Stephens Episcopal Church, Burlington.

The pall bearers were brothers—Geo. Condly, and William Sudsbury from Excelsior L.O.L. James B. Profitt and Frank Day from Colwell L. O. L. Donald Bernard and George Glover from Bedeque L.O.L.

A beautiful wreath was given in respect of the departed brother from Excelsior L.O.L.

Also one from Messrs Saunders & Newsome, a cross from Mrs. Priscilla McLeod, and a crescent from the sorrowing family, also a spray from a friend.

There are left to mourn a sorrowing widow (nee) Miss Ella Cousins) five daughters and two sons, namely Mrs. Wm. N. Williams, Dorchester, Mass. Alexander H. in Burlington, Mrs. Jas. A. Campbell, New London, Miss Margaret E. in Brookline Mass, Mrs. Ausel Bernard of Indian River and Myrtle and Oliver at home deepest sympathy of the community is extended to the sorrowing family in their great loss.

Dearest father, thou has left us,
We shall miss thy pleasant face;
And in the family circle
There remains a vacant place.

In his last sickness
He endured pains most sore;
But with a patient fortitude
His sufferings he bore.

His wife, sons, and daughters
Did their best to ease his pain;
But all endeavours to prolong his life
Alas! did prove in vain.

Till God did please to give him ease
And take him to his rest;
For the good Lord, that ruleth all things,
He knoweth what is best.

Let us, then, not sorrow,
But wipe our weeping eyes,
And pray that we may meet him
In the land beyond the skies.

For in those realms of glory
All cares and troubles cease;
Lord, grant that this affliction
To his family bring thy peace.

cases ended in death! So a recent Canadian investigation showed. These were not cases of infectious diseases — of consumption — of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick—and where the wound, being thought not serious enough for careful treatment, had been neglected. Blood-poisoning and death resulted.

When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs prevents blood-poisoning, etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. All dealers, 50c. box.

thanks to the Secretary. But the War Department was in the hands of a pacifist. At a critical period it had, as Senator Chamberlain said, 'ceased to function.' No one can say what the cost in blood and treasure was.

"'The New Republic,' a weekly journal of much the same tone and power as your 'Nation,' recently ascribed to the President the policy of 'a lone hand.' The ascription is just. He wanted no advice and he asked for none. With the exception of Colonel House, who has no official position, none of the President's natural counsellors have had the least idea of his purposes. Confronted with the task of making the gravest decisions, he shut himself up and evolved a policy from his inner consciousness.

"He never consulted the Senate Committee on Foreign Relations, for example, though the Senate is part of the war-making and the peace-making power. One member of that committee, Henry Cabot Lodge, is one of our ablest students of foreign affairs—perhaps the ablies. He is a Republican to be sure, but never before in war time has the President of the United States failed to take members of the opposition party into his confidence.

"So Mr. Wilson has left behind him a resentful Senate, which will scan very closely, possibly with hostile eys whatever treaty is made at Paris. Certainly men like Senator Lodge and Senator Knox, a former Secretary of the State will never assent to many of the President's ideas. They dissent from some of the famous 'fourteen points,' they dislike the idea of a league of nations, except so far as it represents the great Allied powers which have won the war, and they do not propose to engage in a quarrel with England over 'the freedom of the seas.'"

GENERAL CURRIE FOR GOVERNOR OF B. C.

TORONTO, March 9.—That General Sir Arthur W. Currie, Commander of the Canadian Army in France, may return to his home Province of British Columbia as its next Lieutenant Governor, is the general hope of the Province in the opinion of Senator Hon. C. H. Barnard four times Mayor of Victoria, and for some years member of Parliament, who arrived in this city yesterday from New York on his way to Ottawa.

CANADIANS MUST PLAY THEIR PART

OTTAWA, March 19.—For his sermon on the League of Nations in St. Andrews Church Sunday night, Rev. W. T. Herridge took the text: "Behold how good and pleasant it is for brethren to dwell together in unity."

The truth of the statement, he said, had not yet come into world wide exercise. Conflict of some sort would never be quite over as long as we dwelt in a world where there was any evil at all. H. G. Wells had put some truths into the mouth of one of his characters who said: "Peace is nothing.....It is nothing more than the absence of war. It is negative; in itself a vacuum. Active peace would be something..... What struggle is to take the place of war. We do not want a preventive league of nations. It has got to be creative."

With the horror of war fresh in the minds of all nations there was a great motive behind the desire for a league of nations. Dr. Herridge pointed out. This might pass away in time unless it has something more behind it. Now the nations were content to recruit their exhausted energies. To guard the future there must be something definite, initiative, progressive, something positive. "Any peace conference, if successful, must have some dynamic behind it," said Dr. Herridge.

Not the First Time

"This is not the first time that nations have joined in league to promote peace, but the general interest in such a movement hasb een often languid and the results unsatisfactory," he continued. The present conference is justified in indulging righter hopes.

"When we recall the past history of the nations whose representatives are now sitting about the peace table, the disputes which have divided them, doctrines—Monroe and otherwise—which would suggest a policy of isolation, radic-idiocyncracies which would seem to make it difficult to find a common meeting-ground, it is a remarkable thing that the world's eyes should ever be greeted with such a spectacle.

Spirit of Compromise

"There will be differences of opinion on certain points, but the note worthy fact is the spirit of wise compromise, of fair-mindedness, regard for the interests of others, the mutual esteem and goodwill.

"It can not be expected that the conditions of peace now being laid down by an international tribunal, even if they prove efficacious for the present, will never call for revision as time goes on. The world doesn't stand still, and adjustments to the changing times will be necessary.

"There is no reason why the League should not grow both in the number of those who join it and in the breadth of its noble aims. If the sentiment in favor of this tribunal becomes strong enough in the world, it would mean that war on such a scale as we have known it would be impossible.

"While the utmost diplomatic wisdom may be required in the permanence of peace can never depend upon statue books alone. There will be no mocking scraps of paper when truth, honor and right are established among men. In order to do this men must become in the best sense citizens of the world.'

Dr. Herridge said the League might not be able to abandon at once militant methods, in enforcing its decision. Internationalism should never stop with mere coercive regulations.

"As Canadians," he concluded, "we have no unimportant part to play in the whole crusade. We may well rejoic that we have been reinforced by the best thought and purest effort of the great nation across the invisible boundary line."

Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. FINCH, 516 Marcy Avenue, Brooklyn, N.Y.
