GRAIN

WINNIPEG, Aug. 29—(CP)—The United Kingdom was allocated about 600,000 bushels of wheat on the Winnipeg Grain Exchange today while other sales included more than 1,000,000 bushels to South Africa.

There was some buying by export interests in rye with prices slightly lower. Trading in flax futures opened today and processing interests were fair buyers. However, trade was not large in view of the small deliveries to date.

Class two wheat prices were up one cent. Cash quotations: Oats: Oct 73 3-8B; Dec. 73 3-4B; May 71 1-4A.

Irish Vet Chief

Visiting Canada

Patrick A. Rogan, M.R.C.V.S., D.V.S., Director of Veterinary Services, Department of Agriculture, Dublin, Ireland, has arrived in Canada and begun a tour of observation which will take him to Toronto, Winnipeg, Regina, Calgary, Vancouver, Quebec and the Maritime provinces in the course of the next few weeks.

Purpose of Mr. Rogan's tour is to take a good look at Canadian agriculture primarily from the veterinarian's point of view. He will pay special attention to progress in veterinary research and to the methods followed in applying the knowledge gained through research to the veterinarian's problems.

Dr. Rogan has already completed a similar tour through the United States and expects that by the time he returns to Ireland he will have a complete and accurate picture of veterinary research, disease control and eradication, and the veterinary inspection service of this continent.

NOTICE TO OUR FARMER CUSTOMERS The practice of using new potato bags in fields at digging time must stop. Not only is the Province losing huge sums of money annually by this practice but we are also losing our markets by shipping in old, dirty bags in competition with New Brunswick and Maine where all harvesting is done in barrels. Arrange now to procure feed or second hand bags for your digging operations as all bags delivered will be charged to you. Then when potatoes are delivered we plan on paying for them at a bag included price, discontinuing the old custom of buying by the bushel.
