Vapo-Cresolene

Established 1879 Whooping Cough, Croup, Bronchitis, Cough, Grip, Asthma, Diphtheria

Cresolene is a boon to Asthmatics. Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.
