Owing to the scarcity of true cork in Sweden, wooden corks are being used in that country, the substitutes being made from quick-growing pine. This wood has wide annual rings, and one of its characteristics is its tendency to swell somewhat after it has been fashioned into stoppers.

SUGAR.—Sugar may be comparatively scarce in St. John stores, but it is not scarce in the refinery, says the Globe. This week one steamship was loaded for Denmark, another is plying and a third vessel is to load. Sugar is still a scarce article in Charlottetown; some of the stores have not a pound to sell and others will not sell in reataaphundido, map. It'll sell more than a pound to a customer.

A PLEASANT VACATION.—Pastor and Mrs. H. G. Mellick, of O'Leary, P. E. I., have been spending a month's vacation in Nova Scotia. They report having had a very warm welcome. After an absence of three years they visited Lawrencetown and while they expressed a wish to be quiet while there the people would not have it so. A public reception was tendered them there and at ngilville—Moncton Baptist.

WEDDING BELLS.—The marriage took place on Nov. 5th at the manse Bradalbane, of Mr. W. L. Weir, formerly of Amherst, N. S., and Miss Annie L. MR. HARKINS HEARD FROM.—Recent letters from W. S. Harkins say theatres of all kinds doing a tremendous business in New York. On the road conditions are bad due largely to overloading of bookings, caused largely by the recent actors' strike. He is living in East Orange, N. J., withing connecting distance of the big town. Strikes, he says, are causing all kinds of trouble and inconvenience. Milkmen are on strike and to get milk he has to go a mile for it. Drivers of milk teams are asking \$50.00 a week and 2 per cent on all collections. Shirts cost 20c for laundering, collars, 5c, and there is a strike on and the proprietors say shirts will cost 25c and collars 7c for laundering. A druggist can obtain an imitation of MINARD'S LINIMENT from a Toronto house at a very low price, and have it labeled his own product. This greasy imitation is the poorest one we have yet seen of the many that every Tom, Dick and Harry has tried to introduce. Ask for MINARD'S and you will get it.
