Doctors

Ayer's Cherry Pectoral is a doctor's medicine. Doctors prescribe it, endorse it. Use it or not, as your doctor says.

You could not please us better than to ask your doctor about Ayer's Cherry Pectoral for coughs, colds, croup, bronchitis. Thousands of families always keep it in the house. The approval of their physician and the experience of many years have given them great confidence in this cough medicine.

J. C. Ayer Co., Lowell, Mass.

Head Offices in New Prowse Block—Charlottetown

See Wonderland ad on page eight.

Rev. J. J. McDonald, Kinkora, left yesterday on a visit to Ottawa.

The Druggists defeated Goff & Co's in a game of hockey at the Arena Monday night. The score was 2-0.

Wonderland surely has a big program for tonight. See Buster Brown and his dog Tige.

The market yesterday was fairly well attended the late fall of snow having made the roads good for sleighing.

Miss Ada McPherson, City, arrived by the mail special yesterday from Boston to attend the funeral of her brother.

The loss sustained by Fraser McDonald of Hampton by the recent fire is estimated at $3,000. The insurance is $900.

T. E. Girvan and Mrs. Girvan, who have been in the City for sometime past left last night for Georgetown en route to St. John.

A very pleasant whist party and dance arranged by the Daughters of The Empire took place at the militia armories last night.

Prof. Earle and his students will give grand vocal and instrumental recitals during March and April. Admission by invitation. Particulars later.

Malcolm and Mrs. McLeod, Montana are the guests of Bart and Mrs. Lelacheur, Gurnsey Cove.

Guy Brooks, who has been visiting in Murray Harbor, has returned to Montana.

The market square yesterday presented a striking and busy appearance. At times during the day there were as many as twelve loads of hay on it the one time, many of them having come down the ice from the West River.

Many prominent farmers from all over the Province who are interested in dairy farming were in the City yesterday attending the annual meeting of the Prince Edward Island Dairymen's Association, a full report of which will be found elsewhere in today's Guardian.

A Prince Edward Islander writing to the Farmer's Advocate says: This has been an exceedingly fine winter so far. There has been very little snow. Wheels have been in use more than sleighs, and still there is scarcely enough snow for good sleighing. The lowest temperature so far has been 12 below zero, and that only one day. The weather has been mild, with quite a number of thaws. There has been no stop in winter navigation yet, and uninterrupted connection makes life here more tolerable than it is in severe seasons.

Winter buttermaking in Prince Edward Island has been carried on to a considerable extent in factories that have butter plants during the past year. The high price of factory butter has been quite a stimulus to winter production of milk, and a good many farmers in this Province are learning to their profit, that it pays to lengthen out the milking period of their cows. Creamery butter sells wholesale from twenty-seven to twenty-eight cents, This gives patrons about one dollar per hundred, net, for milk. There is not much stall-feeding here this winter. Grain being a good price and the hay crop light, accounts for this.

A good many hogs are being marketed in Prince Edward Island now at about 7¼ cents (dressed). Those farmers that are engaged in winter dairying are also feeding good bunches of hogs, and these are the men that are making the money just now says a correspondent. Hogs can be made to gain as fast in winter as any time, when there is a good share of skim milk to help make up their rations. Hay sells here for about fifteen dollars per ton. Oats are fising again, and being over forty-cents now for shipment. The fields are so poorly covered with snow this winter that many fear the grass and clover meadows will suffer.—Farmers' Advocate.

Most of the dairy companies on Prince Edward Island have held their annual meetings, and all concerned seem to be well satisfied with the year's business, and hopeful for the future. The average price of cheese was about 11⅛ cents a pound, and that, taken in connection with the good grazing season of last summer, makes the patron's accounts at the cheese factory very satisfactory. Still they have great room for improvement in the way of producing more milk per cow, and more milk per acre. Till all work to a higher standard in these mattes, dairying will hardly be called a great success with the average patron of the cheese factory in this Province.

A correspondent from this Province writing to the Farmer's Advocate says: Sheep are getting back again slowly on many farms in P.E.I. that cut them out altogether a few years ago. The writer noticed some five or six about very many farmyards again, which will form the nucleus of larger flocks in the near future. Many farmers now see the mistake they made in going out of sheep entirely, and will not likely repeat the error, especially as sheep and their products have so largely advanced in price in recent years. As labor grows scarcer, farmers will turn more attention to sheep husbandry as a business which can be conducted with an exceeding small outlay for wages.

If you are suffering from a racking cough the result of La Grippe, take our Guaiacol Emulsion. It will strengthen the chest and lungs and enable you to throw off the most obstinate cough.—40c a bottle. A. E. Reddin.—Phm B.

Potatoes were selling in market yesterday at 35 cents per bushel and turnips at 15 cents.

There has been a remarkable fluctuation in the weather since Monday Between Monday night and Tuesday morning the temperature went down to 4½ degrees below zero; at eight o'clock yesterday morning it was 1 below; at nine o'clock 4 above; at ten o'clock 13 above—a remarkable sudden rise. At one o'clock yesterday afternoon it was 25 degrees above zero, and last night at nine o'clock it was 12½ above.

A telegram was received by the management of Wonderland yesterday advising that Tommy Hayes the trick musician was seriously ill in Boston and could not appear for his engagement this week. Just as soon as he recovers however Wonderland is the first house in which he is to appear as he comes here direct from Boston. In the meantime Wonderland is trying to fill his place and put on a ne team tonight.

The ice on certain parts of the West River is said to be weak in places and teams have lately broken through. On Sunday, Dr. and Mrs. McLaughlan of this City were so unfortunate as to get in the water, and had a most uncomfortable experience. Off Dickieson's Point, also the day before P. J. Berrigan of Dunedin got in with his team, and a similar accident is reported to have happened to Hector McNeil and Neil McFayden of New Dominion. Luckily in a'l these cases the parties mentioned and their horses escaped without serious injury.

Courts Avondale, Mt. Stephen and Brighton of the I. O. F., of this City, met last evening in a fraternal visit in Castle Hall. A pleasant evening was spent the short program consisting of a piano solo by Miss Waterman; vocal solos by Miss Pearl Stewart, Miss Ida McNair, Mrs. S. C. Moore; and G. H. Moore. The vocal duett by Mrs. Tait and Miss McIntyre was much enjoyed as were the readings by Miss Stentiford and George McPhee. Inspiring addresses were delivered by Rev. G. Steele, Bedeque; Rev. Thos Marshall, City; L. U. Fowler, Bedeque and High Chief Ranger John Anderson, Kensington. The two latter gentlemen also assisted in the installation of officers which took place after refreshment which were daintily served by the ladies present. The folowing officers were installed by H. C. R., John Anderson:—

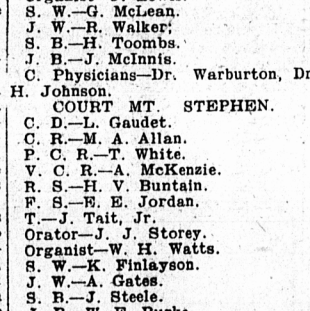
BURNT HIS TOES BADLY.

But he will never again use a cheap cure containing acids. The only safe and painless cure is Putnam's Corn Extractor. It never burns, always cures—buy "Putnam's."



Test for Astigmatism

The following is a simple and fairly accurate method of determining whether one's eyes are astigmatic or not:—

"At a distance of three feet, each of the four small squares in the figure above, should be seen equally black and distinct. If any of the squares stand out more prominently than others, Astigmatism is indicated. Test each eye separately by covering first one and then the other.

Astigmatism, which is due to irregularity in the curvature of the refracting surfaces is one of the most common as well as one of the most difficult troubles to accurately correct.

Our methods of examination are ACCURATE and CERTAIN, which act is demonstrated by the satisfactory results obtained in almost every case.

If not satisfied we want to have a chance to help you.

G. F. HUTCHESON,
JEWELLER.—OPTICIAN

The German Navy which is trying so hard to be the world's greatest, will be seen at Wonderland tonight.

Beautiful limelight views will be used to illustrate the lecture Under The Southern Cross by Rev. Geo. E. Ross. Come.

"Left, Left, Left!" Good old No. 2 Company 4th G. A. But they are never left. See them at the opening of the House yesterday?

Rev. J. W. McConnell, formerly of this City, preached an able sermon on Political Purity in Methodist church at Fredericton, N. B., last Sunday.

William Bowen and sister Miss Bowen of Wheatley River, crossed to Pictou yesterday en route to La Junta, Colo.

Doyou know where a bird could bulid its nest so that a monkey could not get at its eggs? Schoolroom first Methodist Church. Admission 10cts.

Miss Evangeline Paquet, Souris, who has been in the Charlottetown Hospital undergoing treatment returned to Souris yesterday accompanied by her brother Nelson who has been in Toronto.

Owing to the long distance telephone being hung up for some reason or other, last night The Guardian was unable to get reports of the Supreme Court proceedings at Georgetown, or of the horse race on Pinette Bay ice yeaterday.

The good sleighing in the City brought out many people to enjoy a drive yesterday and the numerous fine horses and sleighs gave the streets an animated appearance. The afternoon was ideally fine for sleigh driving.

The Happyland Moving Picture Company shows in Hampton hall on Wednesday and Thursday nights, the 26th and 27th. Two hours of solid fun. A $2.50 gold piece will be awarded to the handsomest lady in the hall.

This afternoon at 2.55 the funeral of the late Daniel John McPherson, City, whose death was referred to in Monday's Guardian, will take place from his father's residence 85 Cumberland Street to the Railway, thence to Sherwood cemetery. Many beautiful thoughts are expressed by the exquisite flowers sent in kindly remembrance of one whom all his friends loved. The pall bearers will be:—Edward Saunders, Parker Moore, Dr. Earle Robins, Gordon Worth, W. Wellner and Bruce Huggan. There will also be a representation of men from No. 2 Company of which deceased was a member and also a firing party.

Easy to Take
Easy to Operate

Because purely vegetable—yet their action prompt, healthful, satisfactory—

Hood's Pills

Buster Brown and his Dog Tige at Wonderland tonight.

Wanted—A smart capable young man as assistant bookkeeper. One with City experience preferred. Apply to Box 12, City. 2-21dtf.

Cleanliness is Next to Godliness

If you want your home thoroughly clean and healthy, have it done scientifically. Ordinary disinfectants give only a false sense of security. Microbes and bacteria lurk beyond the reach of the most particular housewife. I use only the latest approved method which is a perfect germicide and endorsed by all Boards of Health and Health officers.

Charges moderate.
