

Highest Quality—

THERE are no higher grades of wool than those in Mercury—soft, finely woven, durable and COMFORTABLE, with absolute freedom of movement everywhere.

And Mercury has every other comfort feature worth having—tailored-to-order style of fit, special Mercury-cut neck, neat shoulders, plenty of room under the arms, closed crotch with one button.

Ask for "Twelve-eighty" in pure wool cashmere, or "Twenty-two-eighty" if you want heavier weights

For indoor workers we recommend "Twelve-hundred"—highest grade cashmere over soft, combed cotton, giving wear and silky feel.

SEED FAIR

KENSINGTON SCHOOL FAIR

The School Fair recently held in Kensington was unqualified success. The attendance was large and the exhibits were up to the standard and in some beyond, and the management was all that could be desired. At the Public meeting Mr. Brewer Auld, president and the speakers were: Premier Hon. Walter Lea, Mr. Wm. Reid, Mr. Wilfred Baulter and Mr. A. J. Hansauld B. S. A. These gentlemen went fully into the purpose and development of the School Fair and clearly pointed out what good results must follow these institutions when they are so practically and efficiently conducted, as was this one at Kensington. Much credit is due all who assisted in bringing the work to so successful an issue.
