THE EDITOR'S MAIL.

OUR POTATO TRADE.

SIR—The Maritime Farmer of Dec. 1st. announces that Hon. Benj. Rogers, Commissioner of Agriculture, will address the assembled farmers, at the Amherst Fall Stock Show. Should not we who are not privileged to hear instruction from so gifted and renowned a farmer and stockman, be filled with jealous envy for our more travel-loving friends who garner the flow of wisdom that is certain to fall from his persuasive lips. The announcement does not tell us the special topic the Hon. gentleman is to discuss. But unfortunately the same journal in its market reports which agree with other Maritime journals when reporting prices of Island potatoes in St. John and Halifax, gives as follows: P. E. Island potatoes 34c. to 37c. Nova Scotia, potatoes 40c. to 45c. New Brunswick potatoes 45c. We find the same invidious distinction against our most ancient, favorite, staple production at St. John and West Indies.

This is a business that deserves attention from our nominal leader in agriculture.

The writer has frequently been told by experienced vegetable Halifax dealers that P. E. Island potatoes are decidedly superior in quality and other desirable features over those grown in Nova Scotia or New Brunswick, and added that experienced house keepers recognized such to be the case, reserving their largest purchases for winter use till Island stock was in full supply.

The explanation made by those dealers for the cut in price is that our sample is so badly discolored, cut and battered, by the barbarously rough usage they get both on board ship and previously, that only old acquaintance with their native excellence induces customers to buy, whose love for the beautiful is gratified by the fresh appearance of the nicely barrelled or bagged competitors from Nova Scotia or New Brunswick.

The total loss in dollars to this Province by this depreciation in value of our staple product, is not from lack of skill or enterprise among the farmers, but from the total absence of those essential qualities in those engaged in mercantile operations, and the standstill stupid contented attitude of our Department of Agriculture.

With such market reports in all the Maritime papers, regarding our one profitable crop, it surely requires great cheek in our Commissioner of Agriculture to stand before Nova Scotia or New Brunswick farmers as an exponent of improved agricultural methods.

A Religious Census of the city is to be taken during the month of January by the clergy, and and one layman from each Church.

If a proper place and teachers can be secured a meeting for the study of the Sunday School Lesson will be established at the commencement of the New Year. From five to six o'clock on Saturday afternoon is the time suggested for this study.

Miles on Miles

Are walked by the billiard player, as he moves around the table. That is the only exercise many a city man gets. It is this lack of exercise in the shut-in-life of the city, combined with irregular eating and indigestible dishes which tend to make the city man the victim of "stomach trouble."

When there is undue fullness after eating, with belching, sour risings and other distressing symptoms, a prompt use of Dr. Pierce's Golden Medical Discovery will effect a speedy cure. In the most extreme cases of disease of the stomach and other organs of digestion and nutrition, the persistent use of the "Discovery" will result in a complete cure in ninety-eight cases out of every hundred.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes James B. Ambrose, Esq., of 1205½ Mifflin Street, Huntingdon, Pa. "I was taken down with what our physicians said was indigestion. I doctored with the best around here and found no relief. I wrote to you and you sent me a question blank to fill out and I did so and you then advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped—being, as I think, cured. I have no symptoms of gastric trouble or indigestion now."

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 31 one-cent stamps for paper covered book, or 50 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.
