

When Your Cold Catches You

There is no Time to Wait

JUST THERE

It is not a "little thing." It is a deadly thing. It will not "get well by itself" if you let it alone. Whiskey and quinine and such things brace you up for the time, but they don't cure you. Ask any intelligent doctor why you catch cold so easily. He will say "You are a bit run down." He means that the force which nature placed in your body to keep out disease germs—the resistive force—is weakened. The door is open a little way toward disease. There is not a grave in any cemetery in the world which is the result of consumption or pneumonia or any lung trouble whatever which did not start with what you call "nothing but a cold."

When taken in time Cures a Cold in a night

A cold should not be beaten back or drugged over—it should be cured, and the general health should be built up. Dr. Shiloh's Consumption Cure should be taken at the first symptom of cold. This is not merely a consumption cure; it is a tonic for the whole body, a specific for sudden colds, coughs or sore throats. It doesn't matter where the cold is or how it got there, we know that Dr. Shiloh's Consumption Cure will reach it and cure it. It is sold on a positive guarantee. No cure; no pay.

If you have a cold—no matter how slight—it means something. Take Dr. Shiloh's Consumption Cure at once. Keep it in the house. If it does not relieve you almost instantly, go to your druggist and get your money back.

Mrs. E. B. Prout, of Phoenixville, Pa., says:— "Every one should know of Shiloh's Cure. We have used it in our family for over six years. It is our doctor and medicine combined."

Shiloh's Consumption Cure is sold by all druggists on a positive guarantee that the purchase money will be returned in case of failure. 50c., 90c. and \$1.00 in Canada and United States. In England, 1s. 2d.; 2s. 3d.; 4s. 6d.

PRIVATE F. B. McRae's lecture on the War in South Africa to be given in I. O. F. Hall on Monday evening will be of special interest to Summersiders, many of whom have not had an opportunity of hearing the story from the mouth of an eye witness of Bob's triumphal march through the Orange Free State, how he mobilized the greatest Army that ever left Britains shores and how the many interesting battles were fought and won in which Canada sons played a very important part. 15c. will admit anyone.

JAILER Gough informs THE GUARDIAN that there has been fewer prisoners placed in his charge in the past 8 months than during any like former period since he took office five years ago. Since the first of August last, the greatest number in jail at one time was four and for different periods of two and three weeks the cells were free of prisoners. This is a good showing and is quite creditable to Summerside and Prince County, and when compared with our Police Court record of last year which was considerably below the average makes it appear as though we are living in a peaceable times.

ASSIST NATURE.

You have been told to "hitch your wagon to a star"—that Nature will assist you. That's all right. There are times, however, when you should assist Nature, and the spring is one of these times. BARNABY RIVER, N. B. Mar.—Few cases of illness and recovery have excited the interest in this community, as has the kidney trouble of Mr. Cornelius Crotte.

Mr. Crotte's treatment by the doctors at home and in the hospital, and the fact that they absolutely gave him up as a case beyond all hope, is well known. His subsequent restoration by the use of Dodd's Kidney Pills reads like a miracle. "For five years I have suffered off and on with kidney trouble. Last fall I had an attack, for which the doctors had little hope of my recovery. I was obliged to go to the hospital for treatment, but it did me no good, so I came home given up by the doctors. A friend suggested Dodd's Kidney Pills. From the first box I improved. Now I am at my work every day."
