Islander Writes Of Activities at Florida Resort

Mr. S. W. Newsome, formerly of Charlottetown, now spending his winter months in Florida, writes to inform us that he received his daily Guardian with great regularity and promptness, a fact, he says, which speaks volumes for Guardian Office officials, also Canadian and United States postal officials. He also tells that St. Petersburg in Florida is a most glorious place to winter in. Winter months in Florida are not excelled by best summer months in his own native homeland. The dollar also goes further in securing the necessities of life than in any other city in United States. All games and sports are pulled off in winter months, minus clothing as near to nude as first Lady of the land, Mrs. Roosevelt will tolerate. To see a game of baseball played by men from 75 to 90 years of age draws thousands of spectators and when one of them makes a home run, the applause equals the applause given the Babe, when he makes a home run.

There are now, on February 14th, forty-two thousand tourists registered at Chamber of Commerce in St. Petersburg alone, with from five to seven hundred daily still coming in. Still we are open to admit that all sports in sunny Florida fail to measure up to the king of sports run off on race tracks in August at Charlottetown, P. E. I. The daily dog races, Sunday excepted, draws many thousands of excited spectators. Naturally to one that has never seen dogs racing, they think of it as not very interesting. Such is not the case, as it equals best horse racing for thrills, excitement and keen competition.

The Forum held every day in Williams' Park open air entertainment, draws many thousands to be entertained with a wonderful amusing, as well as interesting program, while they bask in a temperature of from 65 to 80 degrees, with always a slight breeze, but no gales or high winds.

Sunday church services draw greater multitudes of people together than all the sports or entertainments combined. Churches are numerous and immensely large, but some of them, to accommodate their adherents, have four preaching services every Sunday, two in the morning and two in the evening.

While the population at the present time is moving well up to one hundred thousand, no policemen are required, as one and all appear to be on their best behaviour. For friendliness, both permanent residents and tourists of St. Petersburg stand second to no city in United States.

Boston-Ch'town Flight Described In Boston Paper

As recently reported in these columns, a special trip was made to this Province by Mr. John H. Shobe, Boston aviator, who conveyed Mr. Cornelius Curran, of Peake's Station, a tuberculosis patient, and Miss Alice Curran, his sister, a nurse, to Boston to undergo emergency treatment. Pilot Shobe completed his 600-mile flight from the Massachusetts city to Charlottetown on Feb. 13. Referring to the incident, a Boston paper says:

"Difficulties developed at Boston for the rescue flight when it was found necessary for the United States Immigration Bureau at East Boston to communicate with Washington for permission to have the sick man landed here. Boston has long sought designation as a port of entry for Canada but this has not been granted.

"Finally, the office of the commissioner of immigration at Washington communicated with the authorities here, granting permission for Shobe to land his passenger, a Canadian citizen. His sister is an American citizen.

"Then the customs officials at the capital had to be approached for suspension of various formalities to allow the sick man to be taken to the hospital immediately on landing.

Another sister of Curran is at the Dorchester Nurses' Directory. It is understood she made the arrangements for the flight of her brother to Boston.

"Shobe will clear into the United States from Saint John, New Brunswick, and, with best possible flying time, is expected at Boston Airport at approximately two o'clock. He made the flight to Charlottetown in a little less than six hours.

"The distance by land to Cape Tormentine, the nearest point to Prince Edward Island, is estimated as 700 miles, with about nine miles of water intervening to the island. Although there is boat service to the island, the condition of the sick man and the extreme cold which threatened delay to water travel, caused the sisters to arrange for his air passage to Boston as the only practical method for assurance of his quick transit.

"Shobe has established a record for winter flights, including a recent trip to Muskeget Island, when he piloted a Transcript plane which rescued two Nantucket aviators. His large Stinson monoplane is adapted to the type of flying which will be an essential of the present rescue trip."

Entertained By Friends

In honor of the coming wedding of Mr. Earle Perry to Miss Aldina Richards, a stag party was held on Wednesday evening for the groom-to-be at the cosy home of Mr and Mrs. Julien Gallant, which they have recently occupied. After a full course dinner was served, speeches and addresses were delivered and fittingly replied to by the guests of honor. An enjoyable time was spent in singing to the accompaniment of the banjo and uke, capably played by some of the boys.. After closing the evening with "He's a Jolly Good Fellow", a vote of thanks was extended to Mr. and Mrs. Julien Gallant for the use of their house, and also to Miss Ida Arsenault, who assisted the hostess in serving the guests.

An address and presentation to the groom from the "Gang" was a feature of the evening.

Following was the address read:

To Mr. Earle Perry,

We, your sincere friends, are gathered together this evening to express our true friendship toward you and for the last time sit around this table as one of our unmarried pals.

In a very short time you are to be joined to a partner in the holy state of matrimony, and therefore, obliged to love and serve her in all her wishes and demands. We, your pals, are to come second in your heart and thoughts.

This evening, we will take advantage to express to the fullest extent our wishes for a very happy married life, and may the years to come grant you all the success in your enterprises and doings, and we all feel sure that in the corner of your heart, you will now and again have a friendly thought for the old gang, and remember the pleasant hours spent together as one of us.

As a remembrance of our friendship, please accept this small token, which is given to you from all of us with a true and honest heart.—(The Gang), Arthur, Fred, Joe, Maynard, Buddie, Julien, Verno, Wilfred and Percy.

MEETING OF GREAT-WEST LIFE AGENCY

The Annual Meeting of the Island representatives of the Great-West Life Assurance Company took place Thursday night at the Canadian National Hotel. Twelve representatives were present, and after a pleasant repast, were addressed by Mr. D. R. Ferguson, Inspector of Branches, and Mr. G. C. Cumming, Supervisor of Field Service. Both of these gentlemen's remarks were of great interest to those present, and of an educational nature.

The very favorable progress of Life Insurance through the depression period and its great stability were stressed by Mr. Ferguson, who discussed the Company's Annual Report at length. It was disclosed that the greater part of the Company's business and investments was in the East, also that a very satisfactory rate of interest had been earned last year due to the general improvement in the business which has occurred in the larger Provinces of Canada. Even the Company's farm loans, in which are invested only a small portion of the Company's assets, showed a very satisfactory return. Mr. Ferguson congratulated the Island Branch on the splendid increase in business secured last year.

Mr. G. C. Cumming gave many interesting illustrations of the value of Life Insurance as a protector of the home and provider for old age, and gave many examples of how these two services could be provided at a reasonable saving for the average man. The need of having the proceeds of policies payable in the form of monthly income in the event of death rather than in a lump sum, which was so often misused, was also stressed; and the provisions in every Great-West policy for paying out money in this manner were explained. All those present were greatly pleased with the information received, and in their thanks to the speakers, expressed the belief that they would be of even greater service to the Community in the future.

"Huns" Coming Through Winter In Good Condition

Hungarian partridge liberated at different periods since October, 1927, have multiplied and flourished in Prince Edward Island and the experiment of transplanting these game birds has been entirely successful according to Mr. J. D. Jenkins, local sportsman, who is guardian of the flock in this province.

"The Hungarian birds are coming through the winter in fine shape," he said today. "Last winter with its heavy snow-fall and low temperatures was hard on them but now they are on the increase", Mr. Jenkins observed.

He liberated 10 pairs of the imported partridge on the Mount Edward Road on Oct. 29, 1927. Since then altogether 59 pairs have been set free in the province.

Today, throughout Queens County and sections of Kings and Prince Counties, thousands of these birds are in evidence, being carefully protected by strict game laws.

There is now every indication that they are permanently domiciled here and that nothing short of widespread disease or other unforseen contingency will seriously affect their population increase.

The first 10 pairs were purchased by Mr. Jenkins, aided by other sportsmen at a cost of $125. Today they are offered at Halifax at $6.25 a pair. Subsequently the Provincial Government brought other pairs from Northern Bohemia and Western Canada to augment the flock. Nests of as many as 26 eggs have been found and a very large proportion of chicks have been raised to maturity.

"In other words", said Mr. Jenkins, "we may take it that the Hungarian partridge has come to stay in Prince Edward Island."

C.N.R. Refunding Bill Passes 3rd Reading

(C. P. by Guardian's Special Wire)

OTTAWA, Feb. 22—A bill to authorize refunding of Canadian National Railways securities aggregating $200,000,000 received second and third readings in the House of Commons today and was considered in the committee of the whole.

In reply to question Hon. E. N. Rhodes, Minister of Finance, said it was the intention of the Government to replace railway bonds guaranteed by the Government with guaranteed bonds although the Government would have power to refinance by issuing direct government bonds if it wished. He believed there was practically no difference in the salability of guaranteed railway bonds and direct government obligations.

KEPT WIFE IN CHAINS

SHOLAPUR, India—(C.P.) — On the complaint of his father-in-law, a 20-year-old husband was sent to jail for three months for keeping his wife in chains.

Davison - Brown Nuptials

The marriage of Miss Harriet Louise, daughter of Mr. and Mrs. George E. Brown, Charlottetown, to Mr. Joseph L. Davison, son of Mr. and Mrs. George Davison, Burlington, Prince Edward Island, took place on Wednesday, Feb. 20th at 5.30 p. m., at the home of the bride's parents, Mount Edward Road.

Rev. Hugh Miller of Trinity United Church, Charlottetown officiated.

Cut flowers and potted plants together with white satin ribbon formed a beautiful arch and background for the bridal party.

The bride, given in marriage by her father, wore an exquisite gown of ivory satin cut on classical lines with long fluted sleeves. Her veil of white tulle gathered into a coronet of orange blossoms fell gracefully to the end of her satin train.

She carried a bouquet of roses and maiden hair fern. Her attendants were the little Misses Evelyn Stewart and Jean Davison as flower girls, and her little nephew, Master George Edwin Brown as ring bearer.

Mrs. H. M. Stewart, sister of the bride, played the Wedding Marches and also accompanied Miss Marion Whitehead, cousin of the bride who sang very sweetly the solo, "Because," during the signing of the register.

Mrs. Brown, mother of the bride was daintily gowned in delph blue crepe with lace and rhinestone trimming. Mrs. Davison, mother of the groom, wore sky blue crepe with silver trimmings.

Following the ceremony a reception was held. The table was placed under a large white bell suspended from the chandelier, from which white satin ribbons gracefully extended to each of the four corners. The centre was adorned with a silver basket of beautiful spring flowers. At the head of the table sat the bride and groom in front of whom was placed her three tier wedding cake surmounted by miniature doves. The bride very gracefully cut the first slice of cake with a silver knife around the handle of which was tied a bow of white satin ribbon.

Many flashlight pictures were taken of the bridal party while they sat at the table. Those assisting in serving were Mrs. W. W. Brown, Mrs. H. M. Stewart, Misses Ella Saint and Minnie Brown.

Mr. and Mrs. Davison left the following morning on an extended trip to Montreal and New York. The bride's travelling suit consisted of an English coat of grey elysian cloth over a dress of brick red crepe with hat to match. On their return they will reside in Kensington followed by the best wishes of their host of friends.

The popularity of the bride was evidenced by the beautiful, numerous costly wedding gifts which she received from her many friends and relatives in the United States, Prince Edward Island and other parts of Canada.

Among the guests were a great-aunt of the bride, namely Miss Matilda Clark of Kensington, Mr. and Mrs. Davison, father and mother of the groom, his sister, Miss Norma Davison, Dr. and Mrs. J. A. Clark, Charlottetown, Miss Ella and Mr. John Saint, Charlottetown, Misses Olive Thompson and Dorothy McKenzie, Kensington, the bride's nephew, Mr. Harold Stewart, also her sisters and brothers.

Tells Of Birth Of Sextuplets

(A. P. By Guardian's Special Wire)

PHILADELPHIA, Feb. 22—The birth of sextuplets in Africa, as related to a medical convention in New Orleans by Dr. Edward A. Schumann, Philadelphia gynecologist, occurred "at least ten years ago," the doctor's wife said today.

Mrs. Schumann said the birth was discussed by her husband in a paper dealing with a number of abnormalities in medical history and was not presented as a recent event.

The pictures of the babies shown by Dr. Schumann yesterday "have been around quite a while—at least ten years," she said. They were taken about a week after birth and were sent to the doctor by a medical missionary who delivered the children. Mrs. Schumann said "It's my impression Dr. Schumann has not" heard anything of them since that time.

BIRTHDAY OF ORDER—The order of Knights of Pythias, founded February 19th, 1864, has just passed its 71st birthday, and reports to hand indicate a remarkable revival of Pythian interest throughout the Supreme Domain, and the membership losses during the past few years of depression are being rapidly regained. Empire Lodge No. 19 of the Grand Domain of the Maritime Provinces, has had a most successful term during the past few months and is now enjoying a period of prosperity. Empire Lodge recently celebrated its 35th anniversary, having been instituted in Charlottetown on Dec. 7th, 1899. Among the activities being fostered by the members the Boy Scout movement is receiving attention and support. A recreation club is conducted in which quite a number of the boys meet for games including the Royal game of chess, which bids fair to share in the revival of interest. Bowling also is taking on a new interest for a number of the Knights who assemble weekly at the Y. M. C. A. and a picture is being sponsored by the Knights. The popular revival of interest in Fraternal orders is one indication of the return of confidence and prosperity. The part being played by Lodge men in their fellowships is indeed a mighty influence and worthy of the attention of all.

WEDDING BELLS — Wilfred S. Vessey, son of Mr. Reuben J. Vessey, formerly of Charlottetown, and Miss Anna F. Goodwin, eldest daughter of Mr. and Mrs. William J. Burly was best man, and the flower girls were Misses Gertrude Kelly and Margaret Kelleher, of Cambridge, Mass., cousins of the bride. After the ceremony was performed, a wedding breakfast was served at the bride's home and the bride and groom left for a week's honeymoon. After the reception they will make their home in Pawtucket, R.I.
