MILITARY ROUND-UP.—Good Friday night, the patrons of the Prince Edward Theatre were thrown into confusion when Manager Gallagher announced that women and children were to leave the audience first at the close of the performance, as military authorities were waiting at the main exit to examine all men eligible for military service under class "A." The examining party consisted of Captain Martin, Sub-Inspector of Dominion Military Police, Sergeant Douglas, Ptes. Hooper, Dougan and several other men; and as the crowd filed out any man not in khaki who seemed to be eligible for Class I was asked to produce either his exemption papers or his birth certificate. Seventeen men in all were asked to stand aside until they were examined. These were released after the officers had taken their addresses. They were almost all young fellows about eighteen or nineteen, and big for their age. One man who was asked to step aside turned out to be fifty-two years of age. Naturally he was jubilant at being taken for a boy. This driver should have a good effect in educating young men to have their exemption papers or birth certificates with them. Otherwise they will be liable when travelling to be taken into custody until they can produce them. It is understood that fifteen of the seventeen men examined will be wearing their uniforms, this week.

AN EARLY PLUNGE.—Two youngsters, aged five and ten years old, in attempting to cross the Government pond yesterday took an involuntary plunge into the icy water, sinking almost out of sight. One was easily rescued, but the smaller chap was in a more serious predicament and but for the timely arrival of four young men who were passing that way—these might have been serious scenes and to the story. The younger lad was rescued mainly by the efforts of Mr. Claire Campbell and the safety of the older boy is due to the prompt action on the part of Mr. Keith Youlker.

THE EASTER MEAT MARKET.—The display of Easter hams in the city butcher shops on Good Friday and by country butchers during Saturday's big market was one of the best of the kind ever shown in the city. Practical if every local store eclipsed past records in quality of meat offered and quantity sold, one store cutting eight carcasses on Saturday, all for local consumption, handling over two thousand orders for the week and alone. Many of the meat stores were daintily decorated with lilacs and potted flowers and all enjoyed a most satisfactory trade. Hundreds were attracted to the Market Building where a ham was displayed in the store of Saunders, Newsum & Co. The carcass had been only 13 months old and weighed at over 250 pounds—around 10 per cent of live weight. This was a record in reading, and needless to say there is little left now of the baby beef except the memory of the good steaks and roasts he made.

MR. MESSERVEY IN FIRING LINE.—Mr. and Mrs. John A. Cameron, Great George St., have received a letter from their son Frank who will be remembered gave up his sergeant's stripes in the 105th in order to get to the front as a private. He writes that he saw some of No. 2 and No. 8 Battery recently, and that they are all well. Among those he met were Mr. Neil McNeven's son, "Nanny," Morgan, J. G. Worth, "Sport" McDonald, "Bad" Royver and Pope Bar. He adds: "We are out of the line now and are billeted in a beautiful chateau. It must have been the property of some rich person. We had a dandy bath today and all got new clothes for the first time since we went to France. You asked me if I needed underwear. Well, it would be only foolishness to send it over if I did, for I would not wear it on my trip in the line and when I came out I would have to leave it in the bath house, so it would have to be for that. The battery boys were telling me Mr. Messervy was over and fired a couple of shots at the Huns from the battery. I suppose he will have returned home by this time and will have given you at least a couple of his experiences."

GOING WEST.—Mr. Sydney Taylor, who recently sold his farm at 2000, left Thursday for Western Canada accompanied by his family. The farmers who left the farm the same day for the West are: Mr. Arthur Brothers, Sparrow's Road; Mr. Alexander Drake, Mill View, who left his farm to his brother, Pearl Drake, and Mr. William Drake and Mrs. of Mill View. These are industrious and progressive farmers, and their departure means a considerable loss to this province. May we have the best wishes for happiness and prosperity for those good efforts in their new homes from a large circle of friends are hereby extended. 4-1-18.

HOLIDAY VISIT AT TORMENTINE.—A party of about thirty citizens took advantage of the holiday Friday to make a visit to Port Borden. The day was ideal for such a holiday, the run to Borden was made in schedule time and the intervening snow drifts were inspected with much interest in passing. Many of the drifts proved sufficiently deep to slow those to a halt, but by means of which the snow on the track was relieved "over the top." The winter conditions were regarded by all as "brilliantly ample excuse" for the several delays that occurred on the railroads during the winter. Indeed surprise was expressed that the service had not been much worse than it was. At Borden the train was driven on board and the voyage began without any loss of time, and the party landed at Tormentine in forty-seven minutes. The return trip was equally satisfactory and expeditious. To many of the party the trip by the Carleton on her present route was a new experience and needless to say they were amazed as well as delighted with the facility with which the island railway is handled, especially in regard to the superior service which that day made an official visit to Tormentine, kindly placed at the disposal of the party and gave much valuable information concerning the road and the hopes of the future. His kind attention to the party was acknowledged by a hearty vote of thanks supplemented by three rousing cheers as the train was leaving the home depot. The holiday was very pleasantly spent by all.

ZION CHURCH MUSICAL.—The Sacred Musicals given by Zion Church Choir Friday was heartily appreciated by a large audience, the church being well filled. The chief feature of the programme was the vocal choir of thirty. The soloists were the Misses Lawson, Coffin and Moore, the duet by Messrs. D. Jackson and R. Gibb and the quartet by Misses Ross and Moore, Messrs. McKinnon and Gibb, who were ably rendered. The Chorus work was especially good, the voices being well blended. The remainder of the programme included vocal solos by Misses Ross and Sutherland and Mr. Charles Earle. These well known singers were in fine voice and interpreted the sacred selections most intelligently. Mr. Earle, as usual sang superbly, giving two selections—"There is a Green Hill Far Away" and "God My Father." The duet, "Twilight" by Miss Amy Earle and Mr. Charles Earle was another excellent number. Rev. F. H. Littlejohns rendered a violin solo most artistically. The Choir rendered two beautiful anthems, namely "Lord, Thou Art My God" and "Festival Hymn." The vocal duet—"I Know that My Redeemer Liveth" by Misses Ross and Moore, was very sweetly sung. To Miss Lillian Earle, Organist of the evening, who opened the programme, with an organ selection from Mozart and to Professor Earle, Musical Director, much credit is due for the success of the musical. The Professor may well be termed the "Dean" of the musical profession in this province and he certainly excelled himself in training all those who performed so splendidly.

PARCELS FOR PRISONERS OF WAR
The German Authorities have issued a memorandum to the effect that parcels for Prisoners of War interned in Germany must be addressed to the "parent" or main camp to which the prisoners belong and must not bear the names of any branch or working camps or of any place to which the Prisoner might be detailed for special services. The memorandum states that Prisoners who have been detailed for services outside the "parent" camps have been enjoined by the German Authorities from the very first, to inform in this same way relations or other persons from whom they expect to receive postal parcels. Parcels for Prisoners of War in hospitals are to come within the meaning of these regulations. In the interests of the Prisoners it is therefore essential that these regulations should be strictly adhered to as otherwise the German Authorities will not deliver the parcels to the Prisoners of War for which they are intended, and it is suggested that persons in Canada when writing to Prisoners in Germany should ascertain definitely the name of the "parent" (or main) camp so that they can comply with the regulations of the German Authorities in addressing parcels to Prisoners.
