MAYOR CHURCH RE-ELECTED SEVENTH TIME IN TORONTO

Public Ownership of Utilities Carried the Day Mayor Church Receiving Biggest Majority in His Career. Six New Members in New Council

(Special to The Guardian)
TORONTO, Jan. 3.—The Civic Elections in Toronto furnished a few surprises. Mayor Church was re-elected for a seventh term by a majority of 16,002 over his opponent, Ex-Controller Sam McBride. The Mayor polled the greatest number of votes he ever received, the count showing 10,000 more than last year. Mr. McBride was about 900 short of his total last year. The result was not very surprising considering the overwhelming majorities piled up in favor of the electrical cleanup. All four questions submitted to the people carried by big majorities in each ward. This, no doubt, helped to swell the majority of Mayor Church who made the cleanup the real issue in the contest. Mr. McBride, while favoring the purchase of the MacKenzie interests, was regarded by the people as a last minute convert to public ownership and suffered in consequence. There will be six men in the new council. Controllers Cameron and

LABOR REPRESENTATIVES PRESENT TARIFF SCHEME

Ask that Industries Enjoying Protection Absorb Canadian Labor and that Protection Should not be Sufficiently High to Create Monopolies.

(Special to The Guardian)
OTTAWA, Jan. 3.—Representing two hundred thousand workers, male and female, organized into two thousand local unions, Messrs Tom Moore, President and P. M. Draper, Secy., Treasurer of the Trades and Labor Congress of Canada, today presented to the Dominion Tariff Commission a statement of facts and opinions on the relationship of labor to the tariff. The statement points out that the Congress is a non-political body and the views expressed by its representatives should not be confused with any expressed by political parties, "whose membership is confined to one political belief and includes many besides actual wage workers." The Congress statement in brief asked that industries enjoying protection should be compelled to absorb all Canadian labor now in this country, to create a monopoly; that the Government should have full control over capitalization

FOCH'S REPORT ON GERMAN'S DISARMAMENT

PARIS, Jan. 2.—Marshal Foch's report of an armed ambush on a German ship according to the Temps, says that the Germans have surrendered 41,000 cannon, 29,000 machine-guns and barrels, 2,000,000 rifles, 16,000 airplanes and 25,000 airplane motors. The German delinquencies in executing the disarmament clauses of the treaty in the Spa agreement are said to be principally the main tenance of civil guards in Bavaria and eastern Prussia, the organization of security police and failure to destroy the required amount of artillery in the eastern and southern frontier fortresses. The report repeats the details of the German's request that they be allowed to retain 841 cannon in the fortresses, but the Allies have approved the retention of only 200 guns at Koelnsberg, 29 at Pillau and 32 at Swinemunde.

P. E. Islander Wanted for Murder

(Special to The Guardian)
PICTOU, Jan. 3.—The latest development in the Daniel Barry murder case is the issuing of a warrant by Stipendiary Magistrate Tanner, at the instance of Chief of Police McAulay, for the arrest of James or George Louder, a Prince Edward Islander. Several years ago he worked at Logan's Tannery here and the police have been informed that he was in town last week and made some inquiries regarding the Barry homestead. A man resembling Louder's description was given shelter last Tuesday night by Barry and left the house next morning saying he was going to catch an early train. The police say this same man was seen at the house again on Thursday morning. It was Thursday night that Barry was murdered.

PICTOU, N. S., Dec. 31.—After performing an autopsy on the body of D. A. Barry, doctors state that the man was not burned to death but murdered with a revolver. Barry was found dead in bed in his own room and his room on the morning of his death by some person or persons unknown.

An Enormous Debt Staggers Germany

(Special to The Guardian)
BERLIN, Jan. 2.—Germany enters the New Year with a growing sense of the gravity of her position under the treaty of Versailles and of the immensity of the cost she is called on to pay for a lost war. Another prominent manifestation on the opening of 1921 is the steady drift away from political and economic radicalism, so that no matter how the treaty is modified or changed in the near future Germany is resigned to her inevitable intensification of effort and of exploitation throughout her wide field of industries and resources. While the spectre of Bolshevism continues to cast a sinister shadow across the East Prussian frontier, German prophets of Russian communism are finding dwindling favor among the rank and file of the German proletariat. Germany enters the new year with a national debt which will far exceed 200,000,000,000 marks by April 1 next. This sum does not include amounts she is called on to pay her own subjects in private claims. They will add another hundred billion to this total. The government admits a railway, postal and telegraph deficit of 200,000,000,000 marks.

Insurance Without Medical Examination

(Special to The Guardian)
TORONTO, Jan. 3.—Life insurance to the extent of \$1,000 without medical examination has come to Canada and Toronto. A number of companies have been considering the scheme for a long time and are ready to start on it at once, according to C. S. MacDonald of the Confederation Life today. It is "Mr. MacDonald's plan" but not in England. Mr. MacDonald said, "It has been in operation there for a long time now. The new scheme however, is only for single men or widowers or single women and widows between the ages of 29 and 45. Special questions will be asked in lieu of the examination of the doctor. Of course we will have to be very careful in our questions," Mr. MacDonald declared. "A special exchange list of these has been drawn up by companies."

Death of Mr. Charles McGregor

Another of Charlottetown's prominent landmarks has been removed by the death of Mr. Charles McGregor which occurred on Sunday after a brief illness. The late Mr. McGregor was one of nature's noblemen, a man of unbending integrity and uprightness and all who knew him recognized and respected this characteristic. His word and his opinion were never questioned and the fact that he had expressed an opinion on the wisdom or unwisdom of a project went very far towards influencing public opinion. The reputation he bore in this community, where he was known since childhood is evidenced by the fact that he has been elected a member of the Board of Water and Sewerage Commissioners, at every civic election since 1900, while his conferees on the Board indicated their faith in his judgment by electing him chairman continuously for the past seven years. He was for 22 years a contractor and master builder and many of the residences in Charlottetown are monuments to his skill and faithful workmanship. He was for a number of years Commissioner of Public Works a position which he filled to the utmost satisfaction of the public. In addition to his usual avocation and public duties he found time to read and think, giving him a wide and intelligent grasp of current events and the best literature, making him a most agreeable and entertaining companion. He will be greatly missed in Charlottetown where he was loved and respected by all. He was born in Charlottetown on January 25th, 1848 and early in life married Miss Isabella MacLaren who survives him with two daughters, Mrs. John P. Gordon and Mrs. C. H. Beer. One sister, Mrs. D. A. Mable, Hasbrock Heights, New Jersey, also survives him, to all of whom The Guardian extends sincere sympathy.

The advent of the new year brought sorrow to the home of Mr. and Mrs. William Gurney, who are mourning the death of their only daughter, Miss Alma, whose death occurred on the first day of the new year after an illness of only one week. The deceased who was 21 years of age was educated at the Mount Allison Public School and was a graduate of the Union Commercial College, this city, where she won high honors in stenography and typewriting, and carried off a medal for her work. Though of frail constitution she was always bright and ambitious and her death on the threshold of young womanhood is deeply mourned. She was on duty as usual up to Christmas Eve and on the following day developed measles, pneumonia supervening which proved fatal. The funeral took place yesterday afternoon from the home, Norwood Road East Royalty to Sherwood Cemetery, the Rev. G. C. Taylor officiating.
