

COUGHING ALL NIGHT

It's this night coughing that breaks up down, keeping us awake most of the time and annoying every body in the house. Lots of people don't begin to cough until they go to bed. It gets to be so that retiring for the night is an empty form, for they cannot rest.

THE MORNING GUARDIAN

WEDNESDAY, DECEMBER 4, 1901.

It is announced from Copenhagen that an agreement has been reached by which Denmark will sell to the United States the Danish West India Islands.

The Toronto's Globe's Ottawa correspondent, who is no doubt well-informed, confirms the intimation before made in these columns that the Dominion by-elections will not take place earlier than January 15th.

The Canadian Yeomanry seemed a fitting name for the third Contingent short to be sent to South Africa, but it is now said that a change is contemplated to Second Battalion Canadian Mounted Rifles, or, the Canadian Royal Horse.

There were as usual many excellent addresses delivered at the St. Andrews dinner of which the later ones received no mention in these columns. Of these the more elaborate and valuable too perhaps were those of ex-President Small, on The Land of Cakes; of Mr. W. S. Stewart, on The Land We Live In; of Rev. T. F. Fullerton, on the Empire and its Defenders; of Dr. McNeill, Stipendiary M.D. and Mr. J. H. Reldin on the Learned Professions. There were many others shorter addresses of merit. The Hostess, Mrs. Archibald was very heartily honored in a special toast in which notice was taken of the excellence of the banquet.

GREAT preparations are being made for the Prince Street School exhibit. Curious from all parts of the world. Natural History objects in profusion. Specimens of school work by pupils of all grades. When? On Friday, 6th inst, afternoon and evening! Where? in Y. M. C. A. In the evening there will be an entertainment for which good program has been prepared. Home-made candy, Ice Cream, Coffee and cake. All for sale cheap.—Admission 10c.

AN Orwell correspondent in writing THE GUARDIAN says: Mr. William McLeod has returned home from a brief visit to friends in Boston and Maine.—Some of our young men are about to organize a debating club.—Mrs. Margaret McLeod has moved her dwelling house from Kinross to Orwell.—Mr. Willard Kitchen, the Belfast—Murray Harbor railroad contractor, has also erected a neat cottage here where he intends to reside until the completion of the road. These and other buildings add largely to our neat and attractive village.—Chicken fattening has of late years become a noted industry, several of our farmers have this year raised only this well known Plymouth Rocks which are so desirable in the English market. Our local butcher, Mr. Edward Gay, has the year sold eighty carcasses of beef and two hundred and six sheep and lambs. This is another enterprise that is rapidly growing. Mr. Dougald C. McDonald is about to complete a large coach-house to replace the one blown down by the severe gale of last fall. Mr. McDonald had the double misfortune of having a new buggy badly smashed in the accident.

Miss A. Louisa White of 850 Broadway, daughter of Mr. Henry White who was the centre of a happy group of friends and acquaintances died suddenly at her residence last Saturday evening. The deceased was a bright talented and accomplished young lady and by her death that which promised to be a most brilliant career has been sadly ended. Miss White was only 19 years of age a graduate of the Gaston grammar school the Girls High school and was ever popular with her classmates. Her genial and happy disposition won many friends and her death comes not alone as a severe shock to her parents but with sadness to a large circle of friends who knew her well. The funeral services were held on Tuesday from her parents' home, conducted by Rev. Frederick M. Gardner, pastor of the South Baptist church who paid a most worthy and deserving tribute to the Christian life of the deceased and gave words of spiritual comfort to the afflicted family. There was a profusion of floral tributes which testified to the love and esteem in which she was held by many friends.—Boston Globe [The deceased was a daughter of the late Samuel Silliphant of Hunter River, P. E. Island.] [Examiner and Patriot and S'Side papers please copy.]

PALATABLE AS CREAM.—"The D & L" Emulsion of Cod Liver Oil, for those suffering from severe coughs and hemorrhage, is used with the greatest benefit. Manufactured by the Davis & Lawrence Co., Ltd.

THE GUARDIAN regrets the sad death of Mrs. (Rev) G. C. Palmer, which occurred yesterday at 11 N. B. where Rev. Mr. Palmer is stationed. The deceased lady was a daughter of Dr. and Mrs. Richard Johnson of this city and was well known and much beloved by a large circle of friends. Death came when she had been ill but one week of pneumonia. Dr. and Mrs. Johnson left yesterday morning for Sussex but arrived too late to see their daughter alive. Three children survive to mourn the saddest of all bereavements, the loss of a mother. To the stricken husband, parents and other near relatives THE GUARDIAN tenders deepest sympathy.

A valuable suggestion was made by Rev. T. F. Fullerton at the St. Andrews Dinner which is worthy of more than a passing mention. His suggestion based on the practice in England, was that boys who may exhibit vicious or evil tendencies be sent on board a training ship and trained up as Empire defenders. Some time we shall have training ships and recruiting stations in Canada for the Imperial navy. The discipline of a training ship has reclaimed to a useful life many a boy who might otherwise have gone to the bad, while escaping the sense of degradation which imprisonment would have brought upon them.

WHAT CAUSES PAIN?

Most pains and aches come from excess of uric acid poisons in the blood, due to deranged kidneys. Rheumatism, backache, lumbago, pains in the back and sides accompanied by bladder and urinary troubles, are warnings too serious and to be neglected. Dr. Chase's Kidney-Liver Pills act directly and specifically on the Kidneys, make them active, vigorous, and thoroughly cure these ailments. One 25 cent box of this great Kidney medicine will do you a world of good.

A letter from Mr. Fred C. Boyyar will appear to-morrow.

It was nearly midnight when the mail special reached the city last night.

Miss Ross, of the Kentville Academy arrived in the city last night.

Mr. Edward Wood and wife, were passengers by the Princess last night.

Mrs. Judge Hensley was a passenger by the Princess yesterday evening returning from England.

A passenger who arrived by the Princess last night refused to be vaccinated and the Health Officer was compelled to send for the police. Before the stern arm of the law arrived on the scene the vaccination act went into force.

CHTOWN Engineers will meet at drill shed at 8 o'clock on Friday evening to receive their drill pay. The armories will be open on Wednesday and Thursday evenings when the men must return all articles of clothing and equipment before pay will be issued.

LADIES who have promised candy for the Hospital Concert will please send donations to the Kindergarten Hall on Thursday morning, Dec. 5th.

We would advise our customers who wish any Jewelry made to order, to leave their orders as soon as possible as the factories are now being rushed with their Holiday trade.—W. W. Wellner, Jeweler and Engraver.

See my choice of Granby Rubber Goods. All varieties for men and women.—Conroy, Pownall Street.

The Baby Should be Fat and rosy—but many little ones are thin, and pacy, and fretful from impaired nutrition. Give them PUTTNER'S Emulsion, which contains just what is needed to supply nourishment and aid the vital forces. It is a mild and soothing food, better than any drugs. It soon builds up the little form, put salar into the cheeks and brightness into the eyes. And they like it, too! Be sure you get PUTTNER'S, the original and best Emulsion. Of all druggists and dealers.
