—SERIOUSLY HURT.—Mr. Maynard MacArthur was seriously hurt last week when the pit from which he was taking gravel caved in bruising his leg below the knee and hurting his foot. He was working at Arlington, Lot. 14 in the gravel pits of Mr. Leslie MacLean. Mr. MacArthur is resting comfortably, although not able to leave his bed.—S.

—ANNUAL MEETING.—The C. Y. M. L. of Summerside held their annual meeting recently. There was a large attendance and the boys were enthusiastic over the coming winter's activities. After the reading of the minutes and routine business, the election of officers took place and were as follows: President, Mr. Earle Campbell; Vice-president, Mr. Guy Houghton; Secretary, Mr. Harold Arsenault; Treasurer, Mr. Cecil Carver; Executive Committee, Messrs. Hazen MacLellan, Leonard Peters and Henry Wedge. A resolution was passed that a letter of condolence be sent to the relatives of the late Rev. J. J. MacDonald, who had always taken an active interest in the doings of the C. Y. M. L. Mr. J. J. Morris addressed the boys, expressing the wish that the excellent work carried on by the retiring officers would continue this year. He was pleased to see such enthusiasm at the opening meeting. Rev. Bennett MacDonald also spoke and congratulated the boys on their splendid showing in the field of sport during the summer months. Plans were laid for a series of volleyball games, which would no doubt commence next week.—S.

—PROMINENT RESIDENT PASSES.—Mr. Percy O. Trednick, of West Devon, passed away on Saturday last after a brief illness of one week. A prominent leader in the public life of the district, his death came as a shock to the whole community. The deceased was not a native of the Island. He was a sea captain and had sailed with the late Captain Miller. He settled in West Devon about 35 years ago, and married a Miss Moreshead of that place. He was a very progressive farmer and trader. He also took an active part in politics and ran in the election of 1923 as a Progressive member against Mr. A. C. Saunders, now Mr. Justice Saunders in the 2nd district of Prince County. He was a member of the Orange Lodge and an active worker in the United Church. About six years ago he was appointed a prohibition officer but resigned when he was made Potato Inspector of that district. He was well known in business circles as agent for Massey Harris Co. He was to the front in all things pertaining to the advancement of the community, especially in the school, and will be missed for his good judgment and upright dealings. In the home he was a kind and indulgent husband and father. There are left to mourn, besides his widow, two daughters, Mrs. John Matthews, of O'Leary and Mrs. Charles McNewin, of Coleman; and three sons, Irving, Verdun and Ernest at home to whom much sympathy is extended.—S.

Scallops Drop Fishing Ceases

NANTUCKET, Mass., Nov. 16. (By the Canadian Press)—Nantucket's scallop fishing fleet has been idle for the past three days and the fish which usually are bristling in the flush of the late autumn fishing season have grown passive, for the price of scallops has gone down. The high booted men who man the 80 odd craft that ply from this island port, practically control the market, so last Thursday when the price of their product had dropped below two dollars a gallon, they decided to stop fishing for a while until the economic law of supply and demand worked in their favor. That day, the men either lugged the pier or repaired their gear—that is all but two. Whether the gear that chugged out to dredge at the tip of the six mile harbor did so in a spirit of discord or because they had failed to attend the meeting was not a matter of certainty but when they came back they found that the law of the scallop fishermen was inexorable. Their shanty, where the bivalves are shelved, had been piled with shells and other refuse. The beds have been particularly fertile this year and nearly all of the fishermen have returned daily with the limit catch which state law allows. The law makes a limit of 10 bushels per person or 20 bushels for two or more persons in one boat. At \$2.50 a gallon, the price which the fishermen want as a stable price, boat owners, especially the eight whose buxom wives sail with them, can make a comfortable living. At less than that, the fishermen contend, the price of shelling and marketing eat up the profits.

Rumor Of Throne In Manchuria To Ex-Emperor

(By W. V. Pennell, Associated Press Staff Correspondent) TIENSIN, China, Nov. 15.—(A. P.)—Former Emperor Hsuan Tung was said by the Japanese Consul today to have secretly left his home during the riots last Sunday and to have departed for an unknown destination.

PRAYER FOR WORLD PEACE

(Canadian Press) OTTAWA, Ont., Nov. 16.—On December 6 the Church of England in Canada in its pulpits across the Dominion, will have its clergy issue an appeal to all people to join in prayer for the maintenance of world peace and for divine blessing upon all efforts to maintain it. A memorandum from the committee of Bishops signed by Rt. Rev. A. J. Farthing, Bishop of Montreal, Rt. Rev. J. O. Roper, Ottawa, and Rt. Rev. C. N. Seager, Bishop of Ontario and approved by the primate, Most Rev. Clare L. Worrell, will be put before congregations at the services on December 2. Headed "an appeal to all people for prayer," it declares: "The present condition of the world cannot but fill the minds of thoughtful people with sorrow and alarm. In recent years great efforts have been made to secure the peace of the world, yet there are today clouds that are dark indeed upon the international horizon. Our greatest need is the spread of a passionate aspiration for peace among all people, and a change of heart among all nations. The church should take the lead. The Christian conscience needs to be awakened to the moral issues involved."

tion testing 90 per cent; not equalled in purity or visibility by any imported seed of the type. It is so fine that it takes a 70 mesh bottom screen in cleaning, and runs around 6,000,000 seeds to the pound as compared with 600,000 to the pound for "Cheewing's fescue." Ten times as many seeds with higher tested germination is a pretty strong argument in favour of Canadian Bent.—Dept. of Agriculture, Ottawa.

Cold Insurance He carries it with him, ready for just such times. That little box of Aspirin tablets. If he catches cold, what of it? Aspirin will stop it. If his throat feels sore, he will end the soreness with one good gargle made from these tablets. Dangerous complications can follow the neglect of "a common cold!" Every case of tonsillitis began with "just a sore throat!" It's a wise plan to take Aspirin after any undue exposure to bad weather, or whenever there is any chance that you've caught cold. Aspirin can't possibly hurt you; and how it does banish the aches and pains caused by colds, neuralgia, neuritis, lumbago, and even rheumatism. Aspirin will insure your comfort through the worst cold season. The more you use, the more you need it. Sold at drug stores. Made in Canada.
