In order to have GOOD BREAD one must have GOOD FLOUR. Many people have the latter but not the former, simply because the mixing and baking are at fault. This is where we excel. Our flour, mixing and baking are all good and of course our bread is good. Try a loaf of Duchesse and Graham 4c. each, Plain 6c. Vienna 7c. Telephone 98

**Letter From Victoria Hockey Club.**

Dear Sir,—Several letters have appeared in the daily papers throwing slurs of disloyalty on the Victoria Hockey Club, because they wish to play their match with the Abegweit on Friday night. Our reasons for so doing are:

First—One of our first team players will be absent from the City, Monday Tuesday and Wednesday of next week.

Second—We have to play the Summerside team on Thursday next which would bring the two matches on in the same week.

Clear of the above reasons we fail to see where we show any disloyalty in playing the match on Friday.

In Montreal representation teams from two of the largest cities in Canada are struggling for the Stanley Cup. Even in our own city the conscientious manager of the skating rink advertised good music and ice Thursday night. We think that all fair minded citizens will exonerate us from any disloyalty in this matter. Though we may still expect some slurs and whims from the same unsportsmanlike anonymous writers who have already abused us through your columns.
