

NOTED MUSICIAN OF MONTREAL

Advices The Use Of "FRUIT-A-TIVES", The Famous Fruit Medicine.

MR. ROSENBERG 589 Casgrain St., Montreal. April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'..."

"I earn \$2 a day at home"

You may say that, too—if you want more income. Easy to learn. Steady work at home...

Get "King Cole"

when you buy the Tea. You remember, Dad, how we liked the flavor, just as the advertisements said. Besides, KING COLE is guaranteed and I feel I can depend on its quality.

WEDNESDAY

IN CASUALTY LIST.—The casualty list issued from Ottawa on March 2nd, contained the names of H. H. Garrett, Bangor, P. E. I., seriously ill; and H. S. McKenzie, Glen Martin, P. E. I., wounded.

OLD TIME SNOW STORM.—Prince Edward Island yesterday was in the grip of a north-easter, somewhat after the old time pattern. The snow started to fall between five and six o'clock on the previous evening and continued all night and throughout yesterday only abating about six o'clock last evening.

The Seed Fair at Georgetown yesterday, notwithstanding the extremely unfavourable weather, and although not as largely attended as on previous occasions, was a success and a credit to those who worked hard to make it the success it was.

A splendid exhibition of poultry was put up on the entries including Barred Plymouth Rock, Wyandottes, Leghorns, etc.

There passed away on Sunday, Feb. 25th, 1915, after a protracted illness, borne with Christian patience, Mrs. Alex Burke, of Rollo Bay, at the age of sixty-six.

The funeral was held on Monday morning and was largely attended. Her pastor, Rev. Father Walker, celebrated High Mass at the Church in Rollo Bay where the deceased was a faithful attendant and devoted worker.

Mrs. Burke (formerly Barbara Peters) is survived by four sisters and one brother, Mrs. Deagle, Glenwood, Mrs. Deagle, Boston; Mrs. O'Donnell, Boston; Josie in California, Mary, at home; and the surviving husband, Rollo Bay. To these and to the sorrowing husband the Guardian extends sincerest sympathy. R. I. P.

'BUSY GEORGETOWN.—The past week was a lively one in Georgetown, owing to the Supreme Court, bringing a large number of people to the capital. The seed fair which took place on Tuesday the 6th instant proves to eclipse all former ones which speaks well for the advancement in agriculture in King's County during recent years.

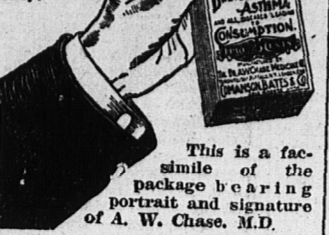

'CASCARETS' FOR A COLD, BAD BREATH OR SICK HEADACHE Best for liver and bowels, for biliousness, sour stomach and constipation.

Get a 10-cent box now. Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel.

Flattering to the Original

But Imitations Only Disappoint

There are many imitations of this great treatment for coughs, colds, croup, bronchitis and whooping cough. They usually have some sale on the merits of the original, but it should be remembered that they are like it in name only.

This is a fac-simile of the package bearing the portrait and signature of A. W. Chase, M.D.

OUTBREAK IN UNIT.—A letter from an officer of the St. Francis Xavier Unit, stationed in England, and in charge of the Canadian Military Hospital at Bramshot, says fifteen members of the staff and fifty patients were under quarantine for diphtheria.

THURSDAY

WEDDING BELLS.—The marriage took place at Saskatoon, Sask., on Wednesday, February 21st, by the Rev. Smith Windsor, of Laura Maud Strickland, daughter of Mr. Thomas Strickland, of Charlottetown, P. E. I., to Harry Leonard Hardy, of Scott, Sask., son of the late Thomas Hardy, of York, P. E. I.

SCHOONER FROM P. E. ISLAND.—The topsail schooner Forbin, which was towed to Halifax from Whitehead, after battling with ice for two months coming from Charlottetown, arrived at Gloucester on Wednesday. She has a cargo of \$6,000 bushels of potatoes. After leaving Halifax she was forced to make Shelburne for shelter.

PATRIOTIC SOCIETY.—At a meeting of the Patriotic Society held yesterday afternoon in the Patriotic Fund Rooms, Rev. Dr. Fullerton presided. There were also present, Rev. J. Macdonald, Rev. Canon Simpson, Judge Stewart, Col. Moore, P. E. I., Lieut. McQueen, Col. Moore, P. E. I., L. Jenkins, and Mr. J. R. Burnett. On the motion of Canon Simpson it was resolved to meet next Wednesday for the special purpose of reviewing the situation and arranging a propaganda for the future.

'SUCCESSFUL CONCERT.—A successful concert and pie social was held in Elmira, February nineteenth, by the Elmira Women's Institute. Following is the program:—Chorus, "Good Luck to the Boys of the Allies"; recitation, "More Munitions," by Miss Stella Harris; quartette, "When Your Boy Comes Back to You"; by Mrs. P. Holland, Misses Gertrude and Celia Paquet, and Miss Gertrude Campbell; instrumental music, by Nell Cheverie and Miss C. Paquet; dialogue, "The Shy Gallant," by Miss Stella Harris and Miss Gertrude Campbell; step-dancing, by Mr. A. Bailey and Mr. S. Keefe in costume; chorus, "Keep the Home Fires Burning"; instrumental music by Mr. N. Cheverie and Miss C. Paquet; solo, "Canada," by Corporal C. C. Acorn (encored); "God Save the King."

Mr. James Simpson, the President of the Central Seed Fair Committee when seen by a Guardian reporter and asked the reason of the Fair being cancelled replied:—

"The reason it was cancelled was owing to the storm, on Tuesday, which made it impossible for the exhibitors to get their exhibits here. As you know all trains were cancelled on Tuesday and the indications were that by reason of the storm the trains on Wednesday would arrive too late considering the limited time in which we had the use of the Market Building. The rules of the Fair are that the entries should be in place by Wednesday morning. As the judges were absent and did not get back from Georgetown until Wednesday afternoon it can quite easily be seen how utterly impossible it would be to carry out the arrangements. The exhibits of only four persons had arrived up to Wednesday morning and on that morning there were only two exhibitors present in person, and only one of the Fair Committee in addition to myself on hand. As to postponing the Fair for a week this would not be feasible as the staff of the Department of Agriculture have their work laid out ahead and have meetings arranged for and plenty of other work to do. Moreover there is no building available where the exhibits could be stored. If the Central Seed Fair is to be Provincial in its scope it would certainly be absurd to hold it for the benefit of a few people from the outskirts of Charlottetown."

In the latest casualty list appears the name of J. M. McCormick, of Launching, P. E. Island, a member of the Mounted Rifles, as among the dangerously wounded; J. A. McLeod of Charlottetown, is also reported as wounded.

There arrived in Charlottetown yesterday by the mail special from Georgetown another P. E. Island soldier just back from Europe—Private William Martin, of Coletonia. Private Martin arrived in Halifax on Saturday aboard a hospital ship which brought a total of 575 invalided soldiers back to Canada. He was the only P. E. Islander among them. He enlisted in the 47th Battalion in New Westminster, B. C., where he had been living for some years and was later transferred into the 16th Canadian Scottish, the Highland carb of which he is still attached to, the real kilts. Private Martin went to France in 1916. He saw his first heavy fighting at the third battle of Ypres, where he was severely wounded, in the left shoulder and head and was twice wounded. He left France on June 13th last and since that time has been in England having been under treatment in five different hospitals. He returns almost completely recovered from his wounds and speaks in very eulogistic terms of the treatment accorded him at these institutions. Private Martin who left P. E. Island about twelve years ago, is a son of Mrs. Charles W. Martin of Coletonia. His father died some years ago. He leaves for his home today and during his stay in Charlottetown was the guest of Mr. McQueen, another veteran, who was a chum of his boyhood.

As no word of his coming had been received Pte. Martin was not tendered any public reception. The Executive Committee of the City Council and the Patriotic Society will officially welcome him at the City Building at 2.15 today and the military will afterwards accompany him to the depot when he leaves for his home this afternoon.

In the latest issue of the Official Journal of the National Association of Marine Engineers of Canada, the following appears, complimentary to Mr. P. Nicholson, M. P.:— "As the matter of the shipbuilding in Canada is a live issue today, would it not be possible to have an early issue of the Journal 'Shipbuilding Issue.' Get the correspondence of one of the members of the various councils and gather all the information they can in their localities, on the subject, and send it to the Journal."

The Alberton and West Prince County Board of Trade passed a strong resolution on the matter of shipbuilding in Canada, which has been endorsed by the "Labourers' Protective Union" and by Council No. 19, copies of which I am sending.

No there is no politics in this question as prominent men in both parties are in favor of bonusing wooden shipbuilding. Sir Donald (Donald) Nicholson, M. P. for Queen's County) as his friends familiarly call him, in an address before the Charlottetown Board of Trade, never gave the comprehensive address ever given on the subject) was fully supported by Mr. A. B. Warburton, his political opponent, a man who has also written some able articles on the same subject.

Hon. William Pugsley is on record as favoring wooden shipbuilding and the Finance Minister, Sir Thomas White, is also on record as favoring the bonusing of shipbuilding. Mr. Donald Nicholson in his speech in the House of Commons on January 29th, 1917, spoke strongly in favor of a bonus to wooden shipbuilding. So favorably did Mr. Warburton speak in supporting Mr. Nicholson, and the Liberal paper's editorial on the same that I attach them so that you may see that both Grit and Tory in this province stand together for the Union Jack and the bonusing of wooden and steel ships.

I have no doubt, Mr. Editor, you remember the time, not so very long ago, in St. John it was almost impossible to get beyond the sound of the caulking mallet, and so it was in this province, as can be remembered by many; in one town alone, twenty-two vessels on the stocks.

The "Canadian Courier" has had some very good articles on shipbuilding in the Maritime provinces, and the "Busy East," published in Moncton, contemplates getting out a Medical edition on the question, and has asked Mr. Baillie (the man who no man has worked harder in the interests of the seamen) to write an article for it.

Marine Engineering of Canada has also been devoting a good deal of space to the matter during the past season. I am sending you under separate cover a number of clippings so that if you think the suggestion is worth following up they could be used.

The "Stanley" is being taken off the winter service here and is to be sent to Halifax. Council No. 15 is sympathizing with Bro. Edmonds, whose youngest son, a young man in the prime of life, who died suddenly of pneumonia, "away from home."

A MEMBER OF NO. 15.

The Journal says, editorially:—"We give considerable space in this issue to the question of Canada taking up the building of ships of both wood and iron. We believe it is the duty of the Federal Government to step in at once and bonus the building of ships, Canada with its many inland rivers and lakes, as well as its ocean access, has in the past neglected to use its great prosperity in increasing its water carriers. Foreigners have monopolized our coasting trade to the detriment of our men, and have in a large measure been responsible for the great falling off in the maritime provinces. "We believe that in order to be ready for after war conditions, the government should at once take up this question and have provision made to have ships of all sizes built. When we cannot build an iron or steel ship let a wooden one be at once started. We have paid largely for bonuses to railways and canals during the last decade and let us now demand government aid for water carriers. And by the demand be made from Vancouver to Halifax and help our gulf provinces of Prince Edward Island in their demand for action in this matter."

Advertisement for Diamond Flour featuring an image of a flour bag and a plate of rolls. Text: TASTY, toothsome and digestible are these "smiling" breakfast rolls. Surely your hubby and the children would enjoy a plate of them for their morning meal. They are made just a little better by the use of Diamond Flour, which is a choice blend of Ontario soft wheat and Manitoba hard wheat. Your grocer will gladly supply you with DIAMOND FLOUR HUNT BROS., LIMITED, LONDON, ONTARIO

Advertisement for a 97 Piece Dinner Set and lovely Silverware Given To You. Includes an image of the dinner set. Write to day if you wish to take advantage of this liberal offer. It gives you the opportunity of a life time. Address: The International Mfg. Co., Dept. D 59 Toronto, Ont.

Advertisement for The New Edison gramophone. Features an image of a woman standing next to a gramophone. Text: Not Listening But Comparing. In other words, a great artist singing on the concert stage in direct comparison with the re-creation of her voice by The New Edison. This is what the picture means. It shows Anna Case, of the Metropolitan Grand Opera, proving by actual comparison that Thomas A. Edison's new invention re-creates her superb art with absolute fidelity. The NEW EDISON is no mere talking machine. Its re-creation, and the living voice, are indistinguishable. The musical critics of more than two hundred Canadian and American papers stated that they were unable to detect any difference. To express this perfection—to cause the New Edison to stand out from the ordinary talking machine, music lovers coined a new title for Mr. Edison's marvellous success—"Music's Re-creation". More than one thousand different selections are at your pleasure. Come in and hear them. ALBERT E. TOOMBS, CHARLOTTETOWN, P.E.I.
