—A most interesting lecture was
delivered at Alberton on Friday even-
ing last by E. T. Carbondell, Secre-
tary of the Fish and Game Associa-
tion Charlottetown. Subject was,
"What Birds are the Farmers'
Friends." The lecture was illustrat-
ed by over fifty views of the birds
peculiar to this province and accord-
ing as they were thrown on the can-
vas the lecturer gave a full descrip-
tion of them; the name of each bird
their mode of living, habits, and
their value to the province in gen-
eral. The entire lecture was clearly
delivered and the vast amount of in-
formation imparted will give those
who were present a better idea of the
number of birds about, and of what
use they are, besides being a plea-
sure to the eye, and with their songs
a joy to the ear. The excellent views
were put on by A. E. Morrison of
Charlottetown.

Lydia E. Pinkham's Vegetable Com-

Sensational Wall Paper Sale

50,000 Rolls

Of the Beautiful "Menzie" Line of Wall Papers at Bankrupt Prices. Values in Wall Decora- tions Hitherto Unheard of in P. E. Island.

By a fortunate stroke of good luck, or good management, whichever you may be pleased to call it, we are today in a position to offer values in beautiful wall papers, at prices which have never before been duplicated here.

A large shipment of papers—intended for a customer in another Province—who failed to make good—was offered us at a price. We hesitated, as the quantity, added to our regular lines, was enormous, but after considerable discussion we succeeded in purchasing the entire lot at our own price, and that, an extremely low one.

The paper is now ready for you, and in addition we have included every roll of paper in stock, in this mighty sale.

The papers are all new patterns, and in the lot are some of the most beautiful Varnish Gold papers, with one-band blended borders, in the deep rich shades of reds, greens and browns that have ever been produced in Canada. These at our regular low prices, would sell at from 75 cts to 95 cts a roll. At our big slaughter sale they will go at from 20 cts to 25 cts a roll.

Papers which would regularly sell at from 25 cts to 50 cts a roll, will now be sold at from 10 cts to 25 cts a roll.

Papers which regularly sell at from 15 cts to 25 cts a roll, will now be sold at 7 cts to 12 cts a roll.

These rates apply to all papers in stock.

About 50,000 rolls will be cleared out at these sensational prices, so every one can well afford to have their homes made fresh and dainty for the coming summer.

There are papers to suit drawing room, dining room, bedroom, hall, library, den or kitchen, with borders to match in wide or narrow effects, at the same low price as the side wall papers.

Since we entered this business one year ago, we have revolutionized the wall paper trade in this Province, to the extent of materially lessening the prices on all papers, and also introduced the flat rates—that is selling the borders at the same price as the side-wall papers instead of by the yard, as always heretofore sold, and we will now further continue the good work, by giving you such values in high class papers this season as you have never before dreamed possible.

Our sample books are all ready for you. Call or telephone, and they will be sent anywhere within the city limits.

Country patrons desiring papers, should specify colors preferred, and about the price they wish to pay, and for what room required, and suitable samples will be sent free of charge.
