THE VALUE OF TIME

The time saved by the use of Motor Cars and Trucks is worth many DOLLARS to YOU. Every country and every man who wishes to keep pace with the times, needs them, without them Commerce is seriously crippled.

The motor car is just as necessary in our daily life as the telephone, the telegraph, or the railroad. It would have disappeared long ago, as many more fads do, if it had no higher function than mere pleasure. Its permanent usefulness is recognized.

The farmer found that it saved him time and money broadened his life, and helped him keep his children contented at home.

The merchant found it widened his field of business and speeded up his deliveries. Business men found they could accomplish more in a working day. The medical profession as a whole adopted the motor car.

Think of the part the motor car and motor lorries played in the great WAR, which has so recently terminated so happily. Such an accomplishment would have been almost impossible without the aid of these in transportation.

REPORT DENIED.—The report that H. M. C. S. Niobe had been sold to the Dominion Coal Co., and was about to be turned into a coal barge, is apparently without foundation. Admiral Storey at Halifax when asked regarding the report replied that "there was nothing in it." Mr. M. E. Morrow, manager of the Dominion Coal Company in Halifax, stated that he had not received any word of the reported sale.

ROGERS HARDWARE CO. LTD.—The annual meeting of the Rogers Hardware Company Limited was held last evening. The report of the transactions during the year showed a very large increase in volume of sales over the preceding year, and practically \$150,000.00 increase since the reorganization in 1911. This establishment has attained a high state of efficiency, and it is doubtful if there is a concern in Canada that has a better organization. Throughout the different buildings and offices the latest and most modern appliances are used which enable this well known Hardware establishment to give their numerous customers efficient and highly satisfactory service, and pleasant surroundings for the employees. It may be possible in the near future that this Company will erect a factory to produce an article of which they are large buyers from the other provinces, but it was not decided upon definitely. The directors were re-elected, viz. Geo. Rogers President, Judge A. A. McDonald, Vice-President, John M. Gillies, Secy-Treasurer.

YOUR LIVER MADE OVEN

When your liver becomes slow and sluggish it is because it is loaded with slime and bile—and carrying the extra weight, it cannot properly function. You can almost make your liver over new by taking "Our Little Liver Pills"—which by the way so consistently treats and relieves constipation, biliousness, indigestion, dyspepsia, headache, and colds. They are strong enough for a husky human and pure enough to prove perfectly harmless. "Ask for ours and take no others."

ENGLISH WEDDING.—The following is taken from the Craven Herald of England. The marriage of Miss Marjorie Stanhope Courtney, younger daughter of the Rev. W. J. Courtney formerly Vicar of this parish took place on Wednesday the 5th of February at St. Leonard's Church, Newland Malvern. The ceremony was taken by the Rev. J. W. Courtney, father of the bride assisted by the Rev. A. T. W. French, for many years Vicar of St. John Evangelist, Montreal, Canada. The bridegroom was Mr. William McKay of Stanley Bridge Prince Edward Island, Canada. The bride was given away by her mother, Captain S. A. Martin, uncle of the bride groom acted as "best man." A point of interest in the situation of the new home of the bride will be that it is in Prince Edward Island which formed part of the diocese of her great uncle, the Right Rev. Frederick Courtney until recently Bishop. We feel sure that the hearty wishes of our readers will follow Mr. and Mrs. McKay to their new home.—Pat. please copy.

B. I. S. ENTERTAINMENT.—The Benevolent Irish Society of Emerald fittingly celebrated the National Fete Day with their annual lecture and concert. The feature of the evening was the address on "The part the Irish took in the War" by Corporal P. A. Hughes of Chtown, who received a hearty welcome wherever he goes and was thoroughly enjoyed at Emerald. A three part play entitled "The Blundering Mr. Brown" was splendidly presented and suitably staged by the Emerald Dramatic Club to a large and appreciative audience. Instrumental music by Mr. Peter Deighan of Pictou and Mr. R. MacDonald, of Springfield was immensely enjoyed by those present. Vocal solos were well rendered by Mr. J. P. MacInnis of Charlottetown who had to respond to insistent encores. The President of the Society, Mr. M. T. Lambie, presided in a capable manner. The order was good with the exception of several interruptions by some of the rougher element who failed to appreciate the entertainers or honor the day and as their manners are known it is expected they may yet be made an example of, for the benefit of those who think they can do as they like at a public gathering.

It is Your Privilege and Duty to Buy Drugs Where You Can Do The Best

When you want anything which is usually sold at an up-to-date drug store, come in and see how well prepared we are to serve you.

In such cases you may be certain that the quality is right and no less that the price is right too.

However, we are always glad to have you compare goods and prices. If we can give you the most and best for your money we want your trade, if we can't we don't expect it. But we do ask the privilege of always showing you what we can do.
