ETHIOPIANS CONVERGING NEAR DOLO

Major Battle Believed Pending — Italian Forces Prepare For Advance.

(By Mark Barron, Copyright 1935 by The Associated Press)

(A. P. By Guardian's Special Wire) WITH THE ITALIAN ARMIES AT DOLO, on the Ethiopian-Somali frontier, Dec. 15—Ras Desta Demtu, Emperor Haile Selassie's son-in-law, was reported converging today with three main columns of 40,000 Ethiopians on a front 30 miles from Dolo, where a big Ethiopian attack has been expected momentarily since last Tuesday.

The Italian troops were weary from waiting and prepared for inward thrusts if Desta's slow moving divisions did not strike soon.

"On the Somali front we are on the defensive but not static," General Rodolfo Graziani told me. "If the Ethiopians turn, then we will be ready to drive."

Well Prepared

"We are well prepared to drive straight at the Ethiopians. They have not fired a single offensive shot against the Italians in the south, although we have made several attacks.

"That indicates Desta is without spirit."

Desta's columns have taken two months to come 300 miles along a web formed by the Gesho, Ganale Doria and the Dawa. Parma rivers from the Lake Margherita region toward Dolo.

The Ethiopian commander has attempted to camouflage his forces against air attacks and his advancing troops have scattered nighly from their columns, according to a high military authority.

\$50,000 Fire At Drumheller

(C. P. By Guardian's Special Wire) DRUMHELLER, Alta., Dec. 15.—Part of the business section of southern Alberta's famous coal city lay in smoking ruins tonight with property loss estimated at \$50,000.

Starting from a spark from an overheated stove in the office of the Drumheller Transport Company, yesterday, the flames spread to the University Garage and then leaped to the Waldorf Hotel, all wooden buildings.

Few guests were in the hotel at the time and all escaped without injury. Valuable papers, a considerable amount of furniture and hotel equipment were moved from the building to the street as firemen fought the stubborn blaze.

Greatest loss was reported by the Universal Garage where 15 automobiles were destroyed before the fire hose could be brought into play. Two oil trucks, also stored in the building, also fell prey to the flames.

Several Casualties Reported As Autonomy Forces Clash With Tangku Garrison.

(A. P. By Guardian's Special Wire) TIENTSIN, Dec. 15 (Monday).—The Japanese-supported autonomy state in East Hopeh Province threw its armed forces into action for the first time today, seizing Tangku, strategic port and railway centre 27 miles east of here.

Several were reported killed and wounded on both sides in a brief battle between the autonomy forces and the retiring Tangku garrison. The attackers lined their assault to take place while the Chinese peace preservation corps, under General Shang Chen, retiring Hoeph Governor, was being transferred southward.

Japanese troops stationed at Tangku stood by while Japanese officers mediated the quarrel. The result was complete withdrawal of Shang Chen's force from Tangku and with it the last vestige of Chinese government authority, Japanese reports said.

S. "Prince Robert" on her goodwill and trade mission cruise from Canada to South America in 1931. JAPANESE SEIZE EAST HOPEH PORT

Several Casualties Reported As Autonomy Forces Clash With Tangku Garrison.

(A. P. By Guardian's Special Wire) TIENTSIN, Dec. 15 (Monday).—The Japanese-supported autonomy state in East Hopeh Province threw its armed forces into action for the first time today, seizing Tangku, strategic port and railway centre 27 miles east of here.

Several were reported killed and wounded on both sides in a brief battle between the autonomy forces and the retiring Tangku garrison. The attackers lined their assault to take place while the Chinese peace preservation corps, under General Shang Chen, retiring Hoeph Governor, was being transferred southward.

Japanese troops stationed at Tangku stood by while Japanese officers mediated the quarrel. The result was complete withdrawal of Shang Chen's force from Tangku and with it the last vestige of Chinese government authority, Japanese reports said.

Arrest Commissioner

The Tangku seizure followed closely upon the arrest of the Chinese Commissioner in the Tangku area by the Japanese military because of his alleged refusal to lease certain wharves to the Japanese army for military purposes. His refusal was based on the vigorous opposition of the present occupants of the wharves.

Observers anticipated Japanese desires would be speedily carried out by the new Tangku regime in view of the close cooperation between autonomy and Japanese militarists.

Strategic Centre

Although Tangku is a mud flat village of only 2,500 persons, it is strategically vital as an ocean gateway to North China and controls Tientsin's huge export and import traffic.

Hence it is a potentially lucrative source of revenue for the East Hopeh autonomists, who have been outlawed by the Chinese government. They owe their continued existence to the refusal of the Japanese army to permit a Nanking punitive expedition against them.

The East Hopeh regime has emphasized its independent status, forbidding the circulation of notes of Chinese government banks and the payment of any taxes to Nanking.

On Thursday afternoon, Dec. 12th, the thirty-first annual meeting of St. Paul's W. A. (Branch "A") was held in the Parish Hall, Miss McCollum presiding. Despite the inclement weather there was a good attendance. Following the devotional service and after recital, reading of minutes and reports of different departments were given by the officers, all of which were most satisfactory and encouraging. Forty-five members were enrolled. During the past year four valued members passed to higher service, two of them—Mrs. Taylor and Mrs. Beairso—officers of long standing. The Rector coming in expressed his appreciation of the work done and encouraged some cheery words of encouragement for the work in the coming year. BRANCH "B" MEETING

Branch "B" of the same society held their annual meeting on Dec. 11th, with a large attendance. The devotional part, taken by the President, Miss M. Haslam, was followed by roll-call which showed a considerable increase in membership. Reports from the various departments indicated very satisfactory progress. A pleasing feature of the meeting was an address given by Rev. Chas. Palmer on some phases of mission work in Kangra, India. Then came a brief call from the Rector who offered a word of congratulation to the members on the work accomplished. At the close of the meeting tea was served. The following officers were elected:—Hon. President, Mrs. Raymond and Mrs. E. V. Bell; President, Miss Maud Haslam; Vice President, Mrs. N. H. DeBolis; Rec. Sec. Mrs. Leith MacLeod; Cor. Sec. Mrs. J. THREE KILLED IN CAR CRASH

(A. P. By Guardian's Special Wire) WESTFIELD, Mass., Dec. 15.—Three men were killed and another man injured here today as an automobile crashed into a group of men hurt in a previous accident and several motorists who were preparing to take them to a hospital.

The dead, all of Westfield: John A. Keefe, 26; Charles W. Dazelle, 31; Kenneth F. Pollard, 25.

Harold J. Martin, 26, of Westfield was hurt about the head.

Police said the attention of Keefe, said to be driver of the machine carrying Dazelle, Pollard and Martin, was distracted by Pollard, and the car crashed into a tree. Martin, Pollard and Keefe were hurled into the middle of the road, Dazelle, unconscious, remained in the damaged machine.

Martin hailed two passing automobiles, and with the help of the drivers started to put the injured men into one of the cars when, police declared, a machine operated by Richard H. Kellogg, 21, of Westfield, crashed into the group and struck the already damaged machine.
