YESTERDAY'S STOCK and BOND QUOTATIONS

Led By Steel, Stocks Continue Advance In N.Y.

(By Frederick Gardner)
(Associated Press Financial Writer)
(A.P. By Guardian's Special Wire)

NEW YORK, Nov. 25 — Steel shares provided stalwart leadership for a continuation of an advance in stocks Saturday.

Growing confidence in the outlook for sustained business improvement was translated into active demand for industrial shares. As a group, they sold at the highest levels since mid-July.

Cheer spread from stocks to other markets. Bonds pushed forward quietly and leading commodities chimed in on the bullish charus. Cash corn in Chicago sold above $1.01 a bushel, the highest since August, 1930, and wheat rallied for net gains of 1 to 1 1-4 cents a bushel. Cotton firmed 5 to 20 cents a bale.

Heavy buying of scrap and other indications of impending activity in steel centres turned the speculative spotlight towards the steels. United States Steel command and prederred, Bethlehem Steel, American Rolling Mill, National Steel, Youngstown Sheet & Tube and Vanadium climbed 1 to nearly 3 points in brisk dealings.

The market was comparatively broad for a week-end session. Turnover in the two-hours totalled 671,-990 shares against 453,370 last Saturday.

Inasmuch as demand for steel is considered a barometer of industrial trends, the buying in shares representing that industry heartened Wall Street and made skeptics pay closer attention to trade statistics. It was pointed out in steel quarters recent gains in production, while slow and modest in dimensions, have been contrary to the usual seasonal trends so late in autumn.

Outstanding individual performers included S. H. Krees, up 2 3-8 points; Continental Diamond Fibre, up 1 1-4; American Commercial Alcohol, up 1 1-8, and Armour of Illinois preferred, up 2 1-2.

Canadian Pacific picked up a fraction. Ford of Canada and Imperial Oil conceded small losses. Dominion Governments 5s 1952 and 4 1-23 1936 lost fractionally but the 4s of 1960 showed a gain of similar proportions. Canadian funds were unchanged at 2 11-16 percent premium.

MARKET GOSSIP

(By Johnston and Ward's Special Wire)

MORNING MARKET LETTER

NEW YORK, N Y, Nov 24—The market opened firm yesterday and soon developed strength of an impressive type. The recovery was not rapid but it was persistent and buyers were willing to take stock at advancing prices in greater volume The bond mark also improved.

The Industrials have broken out of their narrow range and gone into new high ground. The Rails recovered but are still under the best levels of last week.

Stocks another supply area apparently been gradually absorbed and a w step in the advance from the Sept lows taken. The advance has been slow, about 16 points or approximately 20 percent in two months in the D J Industrial average and 3 points or about 10 percent in the Rail average, but at least in the case of the Industrials it has been persistent.

Developments sufficiently dynamic to generate a really broad general advance do not seem in prospect but selective quality buying should continue to keep the market in a relatively strong position.

Laidlaw and Company.

SUMMARY

NEW YORK N Y, Nov 24—Gold Bars quoted in London market at 139s 5d, against 139s 4d Friday.

SHOES RESPOND TO NEW STYLES

NEW YORK, Nov. 25—Fashionable autumn clothes have their proper complement in the shoes designers offer this season.

The afternoon dress with the high neckline finds accompaniment in a useful oxford or pump that fits high about the instep and is made with gored insets at the side or side lacing. If the dress is crepe, shoes are of the same material. If it is velvet or duvetyn, the shoes are of suede or velvet.

For the cocktail suit with cloth of gold or lame trim, black suede oxfords have been designed with an edging of gold tabs. Patent leather or kid trim on suede shoes is given added importance by outline stitching in light colored threads. It is with such decorative touches the season's shoes respond to the greater prominence they receive by reason of the new split skirts.

Letters which would make a line 96 miles long have been sent out in connection with the British Industrial Fair for 1935.

Africa Planning For Poor Whites

(Canadian Press)

KIMBERLEY, South Africa, Nov 25—Woman's position in industry and the labor market was fully discussed at the Poor White Conference when Mrs. M. Visser moved proposals seeking a stricter control of Wage Act application and working conditions by factory inspection service.

Organization of female employees on a trade union basis, the encouragement of the employment of European domestic servants, and the establishment of institutions for housing and training unemployed girls were also advocated.

Facts negatived, the statement that married women competed on a larger scale on the labor market. Further, a large number of married men could not support their familie and it was economically necessary for their wives to work. They also had to consider the position of widows and fatherless girls.

Mrs. Visser was followed by Mrs. M. Malherbe, M. P., discussing the provisions of temporary employment. She proposed that relief work should be looked upon as a temporary measure, but shou' be organized to assist in preventing social degeneration.

The proposals were that in times of prosperity possible emergency relief works should be investigated and planned for future depressions.

For Heaven Blue Or Nomad Green

(Canadian Press)

NEW YORK, Nov. 25—Fresh developments in pastel tones mark the collection of 26 colors announced for the 1935 spring and summer season by the National Knitted Outwear Association in collaboration with the Textile Color Card Association. The shades vary from subtle, cloudy tints named heavenblue and glasspink to positive shades like maris blue, a deep turquoise, and acid green, a yellowish tone of the poison variety.

Coralmist and cameo rose express the pink fashion, wheatgold and crystal green will be smart for summer wear, and cameo cream is a new variation of off-white. There are also bright hues, including Canton gold, sunorange, Chinese peacock, talisman blue, cocarde red and Limerick green.

Concord blue and dawnblue uphold that basic color, favored in the Paris mid-season collections. Toffee brown and Javatan are new variations, and coppertint and Indian clay vary the popular rust theme. There is also berryrose, a smart raspberry, and French amethyst and petunia purple, novelty colors. Seagull, a light neutral gray and nomad green, a dark green of yellow cast, complete the group.

FASHION HINTS

The neckline that stands away from the throat is featured in resort collections, sometimes it is in the form of bows and loops, and again in flaring collars that are definitely set away from the throat.

MONTREAL, Nov 25—The pound sterling declined on Montreal foreign exchanges Saturday with the French franc and United States dollar holding unchanged. The pound lost ⅛ of a cent at $4.86 1-32. The American dollar was steady at 2⅝ percent discount while the franc was firm at 6.42 cents.

(Canadian Press)

NEW YORK, Nov 25—Small losses in sterling and the French franc were the only noteworthy changes in Saturday's foreign exchange markets. The pound closed ⅛ lower at $4.99¼ while the franc, closing at 6.59 cents, showed a loss of .00¼ of a cent. The Canadian dollar held unchanged at 2 11-16 percent premium.

Produce Quilt Of 1,000 Bits

(Canadian Press)

NEW YORK, Nov. 25—The Mariners' Family Asylum, a home for aged women whose fathers or husbands followed the sea, held its annual harvest home festival the other day in its old building overlooking the Narrows at Stapleton, S. I.

The chief event was the sale of plain and fancy needlework, which the members of the group had produced during the last year, and which they donated to the treasury, hoping to relieve by a few dollars the burden of the budget hanging over the institution. The outstanding production was a patchwork quilt in Philadelphia brick pattern, containing more than 1,000 pieces. Its maker boasted that she had stitched on it all summer, "without even taken a bus ride." Its sale price was $15.

Although the institution likes to be known as the "feminine Snug Harbor", it has no legal or financial connection with its wealthy neighbor, Sailors' Snug Harbor. For the most part, the inmates are widows, daughters or sisters of sea captains, or men of humbler station. Occasionally a woman who herself followed the sea as stewardess joins the family.

The home was founded in 1854 by a group of philanthropists, among whom was Mrs. Alexander Hamilton, widow of the first Secretary of the Treasury. It has an annual budget of $15,000, about half of which must be raised by donations.

GRAIN

(Canadian Press)

WINNIPEG Nov 25—Backed by support of the best export sales of Canadian wheat of the week and assisted by sharp advances at Liverpool, wheat futures prices closed with net gains of ⅝ to ¾ cent on the Winnipeg grain exchange Saturday.

The declines sustained both at Liverpool and Winnipeg Friday were recovered Saturday and a stronger undertone was in evidence in both markets. The local December future closed at 77⅝, May 82¾ and July 83 cents—1¾ to 2⅜ cents above the minimum-price levels established Nov 1.

Foreign buyers purchased 750,000 bushels of wheat for shipment from both Vancouver and Atlantic ports. Bullishness of an Argentine crop report indicating poor quality of the new crop there, resulting in 1⅜d advances in the English market, also was a factor in the upturn.

Continued scarcity of supplies in a shipping position again registered sales of low grade wheat to the United States. Premiums were firmly maintained. Coarse grains futures moved higher in quiet trading.

CHICAGO, Nov 25—Corn shot upward two cents a bushel Saturday over previous peak prices for the season.

A can of white corn brought $1.01 ¼, and made dollar-a-bushel corn only a reminiscence. Trade leaders said feed shortage was too great to be fully relieved either by substitution or importation, and that adjustments could only be attained through further advances before the end of the crop year.

Corn futures closed buoyant at almost the day's top level, ⅛ to 1⅞ cents above Friday's finish, May 80 ¾ to ⅞, wheat firm 1 cents to 1⅜ up May 99⅝ to ¾, oats varying from ⅜ decline to ⅝ advance, and provisions unchanged to a rise of 12 cents.

MONTREAL, Nov 25—An easier tone was in evidence among silver futures on the Canadian commodity exchange during Saturday's short session.

In sympathy with the easiness in London, prices were 15 to 45 points lower at the opening call. The downward trend continued and at the close prices were down 45 to 65 points. Transaction totalled 13 contracts, involving 130,000 ounces of which six contracts were concerning in investment transactions. Sales for the week were 223 lots.

CURED OF FONDNESS FOR WILD ANIMALS

OAKLAND, Calif., Nov. 24—The woman who used to "bring 'em back alive" with Frank H. Buck, has deserted the jungle for the kitchen.

The former Mrs. Nina Boardman Buck and Edwin Everett Huddleston, official of a Santa Cruz packing concern, were married in San Francisco last September it became known today. She and Buck, whom she used to accompany on jungle expeditions, were divorced in 1925.

MINING

(Canadian Press)

TORONTO, Nov 25—The Toronto mining share market reversed its downward trend of the week in the last hour of Saturday's session and closed behind plus signs. Gains were not heavy and the higher priced golds shares were not involved but all other groups displayed the more cheerful note. Volume was only about 250,000 for the two-hour session.

Trade in the big golds was about the smallest of the fall and summer. The only price adjustments were an advance of 4 cents for Teck Hughes 15 for Dome and 5 for Bralorne and a loss of 20 cents for Hollinger. Narrowly higher prices ruled at the close for Sylvanite, Central Patricia, Buffalo-Ankerite, Coniarum, Pickle-Crow, and McKenzie. Little Long Lac, Gunnar, Macassa and San Antonio closed on the down side.

MONTREAL EXCHANGE

(C. P. By Guardian's Special Wire)

MONTREAL, Nov. 25.—After three sessions of steadily improving prices a lower trend made its appearance among securities on the Montreal Stock Exchange during Saturday's abbreviated session.

Although four issues mounted to new tops for the year, losses held a small numerical advantage over gains at the close of the two hour trading period. Leading issues displayed little real weakness as they were successful in confining losses to small amounts. The average price of 10 utilities and 20 industrials held unchanged at 57.8 with utilities down .3 and industrials up 1.

Traders favored beverages with the result prices were generally higher. Canadian Industrial Alcohol on active demand gained a fraction but the "B" issue was slightly lower. Beer stocks were on the downside with both National Breweries and Associated Breweries off small amounts.

With the exception of Dominion Bridge which lost nearly a point, construction issues, Friday's feature, were higher. Canada Cement Preferred after touching a new peak at 53½ finished firm at 53 with Cement Common and Steel of Canada slightly higher.

Equipment issues recorded losses with Canadian Car issues and National Steel Car off fractions, Goodyear Tire Preferred advanced a point to a new high for the year while Canadian Foreign Investment also established a new top with a small advance. Bank of Canada eased slightly.

Sales volume was of moderate proportions for a Saturday session with 8,627 shares and $9,200 bonds changing hands.

PRODUCE

(Canadian Press)

MONTREAL, Nov 25—Egg and cheese prices declined while butter and potatoes held steady on the Montreal produce and dairy market last week.

Graded shipments of eggs in carlots or less were unchanged to three cents lower at 38 cents a dozen for A-large, 34 to 35 cents for A medium, 32 cents for A pullets, 20 to 21 cents for B and 19 cents for C. Receipts totalled 6,235 cases and exports amounted to 4,628 cases.

Cheese eased fractionally ending the week at 9½ to 9⅜ cents for No 1 Ontario, current make. Offerings were 6,796 boxes while exports totalled 22,191 boxes.

Fresh no 1 butter in carlots or less held steady at 21 to 21¼ cents a pound. To retailers solids were 22 cents and prints 23 cents. Arrivals were 9,945 boxes with 15 boxes being exported.

Potatoes remained unchanged at 35 to 40 cents for Quebecs, 40 to 45 cents for New Brunswicks 45 to 50 cents for Prince Edward Islands all per 80 pound bag.

Trinidad Stamp Issue Approved

(By The Canadian Press)

PORT OF SPAIN, Trinidad, Nov. 25 — A new issue of Trinidad stamps, issued in cents instead of pence, has received the approval of King George.

The new stamps, which will be of one, two, three, six, eight, 12, 24, 48, and 72-cent issues, have been changed to cents because of the recent decision of the government to do its business in dollars and cents instead of shillings and pence.

Seven of the issues, which picture the scenic beauty and chief industries of this island, were submitted by Louis B. Tucker, a Trinidad film producer. A Tobacco Island design was submitted by H. Thomas and the Pitch Lake reproduction by the New Trinidad Lake Asphalt company.

BLONDES DYING OUT IN AUSTRALIA

Blondes will be a rare sight in Australia a few centuries hence, predicts Dr. E. Sydney Morris, Chief Medical Officer of the New South Wales Department of Health.

"The prevalence of blonde types in the northern latitudes indicates the trend of racial color." he declares, elaborating his theory that centuries hence the strong Australian sun will have changed Australians into a brown-eyed, darkskinned race, "I fully believe that in time the Australians will be a dark-skinned race, probably as olive in color as the southern Italians."

SIR MILES LAMPSON TO MARRY MISS CASTELLANI

LONDON, Nov. 25—The engagement of Miss Jacqueline Castellani to Sir Miles Lampson High Commissioner for Egypt and the Sudan and former minister to China, was announced today.

Miss Castellani, is a daughter of Sir Aldo Castellani, distinguished specialist in tropical diseases. Sir Miles' grandfather, William Lampson, an American, became a naturalized British subject and was created a baronet for laying the first Atlantic cabe.

BELIEVES SHAW LACKS COURAGE

(Canadian Press)

MONTREAL, Nov. 25—George Bernard Shaw is neither consistent nor courageous, in the opinion of Emma Goldman, who delivered a lecture here on the famous dramatist.

Pointing out that Shaw had, in his plays, advocated in turn the principles of democracy, monarchy and dictatorship, Miss Goldman declared: "G. B. S. may be joking half the time and laughing at the world, but in his position, believed in implicity by millions, he is working great harm in the world of today. Seldom has he had the courage and conviction to face an issue to the end."

PUSSIES ARE ASSURED NINE LIVES OF LUXURY

MILWAUKEE, Nov. 25—It will be pretty soft going for 18 cats, for the nine lives of each.

Miss Sarah B. Hathaway left the income from her $40,000 estate for their upkeep and the will in effect was upheld by the Civil Court through a replevin action against Mrs. Emma Dahl, who had taken possession of the animals to satisfy a wage claim against the estate.

When the cats die, the income is to go to 11 nieces and nephews of Miss Hathaway.

Gray appears in collections of formal fashions, in chiffon, crepe satin, and organdie, the soft pearly grays also those that have a violet cast
