One of Hitler's difficulties is to find a channel through which to submit application or clarification of his speech. Mussolini does not seem willing to act as 'postman.' 'Hints appear to have been dropped in Berlin that President Roosevelt might be asked to act as intermediary.'

"I have been much impressed by the keen and cheerful spirit that unites you in this effort to bring the war to a successful conclusion," an Admiralty announcement quoted the King as saying at the conclusion of his visit. "You have done a long and arduous job," the King was quoted as adding, "but I have every confidence in your ultimate success."

Press Views. The Sunday Express (Independent) stated editorially: "Now we know where we stand. Peace is not a pipe dream. It is the position which emerges from Hitler's speech. No compromise over any infamy of the past. This is what the whole speech boils down to."

"The Sunday Times" (Independent) editorial said: "Though Hitler's peace offer will certainly be scanned by the Allied Governments with the most minute care it seems unlikely they will be able to find in it substantially more than it carried on the surface."

peared content to stick to tactics used since the start of operations when they began filtering into Germany's sea basin at a minimum scale of men and munitions. Military observers said this fitted into a general plan of harassing Germany on land and blockading her at sea until her forces were reduced to a state of utter adversity under winter weather on the French-British forces complete their armaments for a spring offensive.

These sources indicated Allied leaders were convinced that if Germany had to face a winter siege without major land battles to strengthen the morale, the Nazis would be much weakened. Weather conditions again for military operations in the spring.

French military observers set the end of October as the outside limit for the offensive. During the winter there often is "Indian Summer" weather in Alsace-Lorraine through October, the weather turns with the beginning of November and remains unsettled through February.

Military men recalled that during the last war the weather was such that there never were more than two weeks in December and January when it was possible for airplanes to take off, even for reconnaissance flights.

The stepping up of local attacks served a political purpose by indicating the French-British Allies intended to continue fighting rather than accept peace on German terms.

Political sources said Premier Daladier had no plans at present for replying directly to Hitler's speech since no formal peace proposal had been received either from Germany or through a neutral power.

Chairman Pittman (Dem-Nevada) of the Senate Foreign Relations Committee voiced the opinion that the President would not hesitate to "make any appropriate suggestions" for an European peace.

Declaring he had not consulted the House, Pittman added that it would be "too much responsibility" for the President to undertake the formal role of mediator or arbitrator.

Senator McCarran (Dem-Nevada) urged caution against a repetition of what he said was the "great mistake" that Woodrow Wilson made in taking an active part in the Versailles peace conference.

"Short of that," he said, "I see no reason why the President should lend his good offices toward bringing about peace."

"If as you (the Dominion Government) say eight of the provinces are against you, and only Quebec is against hold a referendum on the question of war only," he said. "We'll accept it here in Quebec."

Inaugurating his campaign for reelection in Jacques Cartier county, the Roads Minister claimed that the attitude of the Federal Government toward the party Canada is in is "in the war is 'hazy and ill-defined'."

"If tomorrow voluntary enlistment is not sufficient what is the Canadian Government going to do?" he asked. "Ask for peace? Not that, conscription perhaps? Let them say it."

Thanksgiving Services In Churches Yesterday

ST. PETER'S CATHEDRAL. There were large congregations at St. Peter's Cathedral yesterday morning at 8 and 11 o'clock services. Previous to the sung Eucharist at 11 o'clock, the Litany was sung, with additional petitions for the Empire, and the bringing about of a just and lasting peace. At Evensong the Rev. W. J. Phillips, Rector of Milton and Rustico officiated, and preached an inspiring sermon Thanksgiving, and a searching of hearts.

ST. PAUL'S CHURCH. At St. Paul's yesterday the special speaker was the Rev. G. R. Hartman at both the morning and evening services. Prayers for peace were offered by Rev. G. R. Hartman and Rev. H. D. Raymond. Music consisted of the Offertory Anthem "The God of Harvest Praise."

THE BAPTIST CHURCH. At the morning service the call of the Prime Minister for a day of humility and prayer was recognized. In harmony with the Thanksgiving season the Rev. Harvey L. Denton B. D., delivered a sermon on "Can We Still be Thankful?" It was pointed out that we do well to be grateful for the everywhere evident provision of God for our bodily needs, that it is indeed an aspiration of praise to drive through our beautiful Province in these autumnal days. It is the responsibility of man to see that the blessings of God are made available to all. We should be thankful for the way that difficulties and hardships may be woven into the patterns of life toward beauty and power. We should be thankful for the measure of good that there is in our world, for hospitals, for all institutions of mercy, of enlightenment and social betterment, for the Church, which in her effort to bring about the Kingdom of God, is the mother of all such measure of good. We should be thankful for friendship for the blessings of home life.

Mr. Denton's interesting and thoughtful evening sermon was "By The Way of Repentance." The anthem of the evening was Maundrell's "While the Earth Endures." There was also a special choir selection, "In the Garden." John Inch Mus. Bac. was in charge of the music of the day.

ZION CHURCH. The Thanksgiving Services held at Zion Church yesterday were well attended. In response to the proclamation issued recently from the office of the Prime Minister calling upon all Canadians to set aside Thanksgiving Day as a day of humiliation and prayer, and intercession.

The Minister took as his subject "Our Country's Call to Prayer." He spoke from the text, second Chronicles 7 and 14 "If my people which are called by my name shall humble themselves and pray and seek my face and turn from their wicked ways, then will I hear from Heaven and will forgive their sin and heal their land." This call he said was both timely and appropriate in the light of the present crisis through which our country is passing. We have here, first a call to humility and then to prayer.

It is high time, the speaker said, for all our people to humble themselves before God and to acknowledge their sins and indifference to the will of God. When this is done God will hear the prayers of his people and will bring about a new day of peace and righteousness.

The evening service took the form of a Thanksgiving Service, the subject being "Come ye and bless the Lord." The text was Psalm 103 and verse 2 "Bless the Lord O My Soul and forget not all His benefits."

At the Morning Service the music consisted of the Anthem "The Dawn of Day" by Dr. J. H. Laudamus, choir. "The Dawn of Day" was sung in the evening it was the Anthem: "Come Unto Me."

troops, who collaborated in partitioning Poland were reported to be taking their positions along the new frontier "according to plan."

News of Soviet Russia's invitation to Finland to send representatives to Moscow to discuss political and economic matters surprised Finnish circles here. The belief had been expressed in these and in political quarters generally that the Finns would be given benevolent German protection because of the long-standing friendship between the two nations.

Nazis, meanwhile, were showing impatience over Turkey's slowness in reaching an agreement with the Dardanelles and Black Sea matters. Informed quarters asserted that "Turkey must soon decide which way she is going."

It was intimated that if Turkey does not "wholeheartedly" support the Axis-Soviet bandwagon, then Russia will occupy the strategic Dardanelles gateway to the Black Sea.

A delegation of economic experts and industrialists left for Moscow Saturday to negotiate an agreement for the sale of large amounts of raw materials Russia will deliver to the Reich under their new trade agreement and what manufactured goods Germany is to send to Russia in payment.

Hitler was in Berlin but there was no sign of activity around his residence. For two days the German press has been filled with reports from world capitals describing "the deep and favourable impression" made by Hitler's speech.

ST. DUNSTAN'S BASILICA. According to instructions sent out to Catholic Clergy of the Diocese by the Bishop of Charlottetown, special prayers were offered for peace in all churches of the diocese as requested by the Dominion Government.

In St. Dunstan's Basilica yesterday prayers were offered at Masses and in the evening at Holy Hour for peace.

This being Holy Name Sunday the 8 o'clock Mass was celebrated by His Excellency the Bishop of the Holy Name. Men were upwards of 900 men received Holy Communion, at the same time in the lower church of the Basilica a Mass was celebrated for the Bishop of Charlottetown and a large number received Holy Communion, and the same for the 7 and 9:30 Masses. The 9:30 Mass was celebrated by the Rector Rev. Dr. McMahon, who also dwelt on the letter of instruction sent out by the Bishop. The solemn Mass at 11 o'clock was offered by Rev. Dr. McMahon, assisted by Rev. Louis Dougan, Deacon and Rev. Dr. Elsworth, of St. Dunstan's University as celebrant. At this Mass the Bishop preached and exhorted the people to pray for a speedy and favorable peace.

In the evening Holy Hour was conducted by Rev. Louis Dougan in which a large congregation was present. The Corpus Christi Choir under the direction of Mr. W. J. Brown and assisted at the organ by Mrs. Joseph Dougan as organist took part.

CHURCH OF THE MOST HOLY REDEEMER. The Forty Hours Devotion opened at the Holy Redeemer Church at 10:30 mass yesterday morning. Solemn High Mass was sung by Rev. W. L. Howard C.S.B., assisted by Rev. F. B. Balne, C.S.B. and Rev. Fr. Dotson of Milk River, Alberta.

A large congregation attended the Holy Hour at 7 P. M. The Forty Hours Devotion will close with Procession and Solemn Benediction.

TRINITY UNITED CHURCH. Trinity United Church presented a pleasing and seasonal sight to the worshippers at the Thanksgiving Service. The pulpit, altar and communion rail were tastefully decorated with a profusion of fruits and vegetables typical of the harvest time. The minister, Rev. H. H. Smith, preached a very fine sermon showing how great are the benefits that God has given to us and urging that our prayers should always be for souls being brought to God. He also spoke as a nation, may rise through tragedy to triumph and the clear light of God's presence.

In the evening, Rev. Mr. Millar spoke on the comforting eternal presence of God, pointing out the folly of trying to flee from the Creator and stressing the peace found in the loving presence of the Heavenly Father. Both services were fitting celebrations of the national day of prayer, and Thanksgiving.

The morning music was both appropriate and finely rendered. The choir sang Stainer's "Ye Shall Dwell in the Land," the solo parts being taken by Mr. Roy Smallman and Mrs. Roy Smallman. Recent additions to the choir were fittingly introduced to a beautiful rendition of "A Song of Peace" Miss Sally Wood sang "Abide With Me" in a very fine and pleasing manner.

SALVATION ARMY. As the Salvation Army service held last night a large number of soldiers were present. The subject of Adjutant Lynch's sermon was "Prayer and Thanksgiving."

Special Thanksgiving Service was announced for Thanksgiving Day at 8 p.m. Special prayers for peace were offered at last night's service. The meeting closed by singing the hymn "Praise God from whom all blessings flow."
