A STATEMENT ON FORD WAR WORK IN CANADA

This Company is in the war to the full limit of its resources. Until the British Empire is victorious, until the battle for freedom of nations and liberty of peoples is won, we have pledged all the vast manufacturing facilities of our Canadian and overseas affiliated companies to the service of the Empire.

We regard this to be our simple duty as a Canadian institution, one of the industrial resources of the Dominion. The 8,400 employees in our plants as well as our widespread dealer and service organization from coast to coast are Canadian. The Company's shareholders include a large proportion of Canadian investors. No one individual, family or company has a majority control of our shares.

For these reasons, aside from our deep feeling of loyalty to the Empire and its high purposes, it is fitting that Ford Motor Company of Canada, Limited should give wholehearted support to the national war effort. From the very beginning this has been our course. Even before war was declared, in co-operation with officers of the Department of National Defence, we laid in our plant the groundwork of military production.

We are now engaged in supplying approximately 35,000 motorized vehicles of many types, of which 10,000 are for the Canadian government and 25,000 for other Empire governments.

We are constructing at our own expense a \$700,000

plant addition to provide facilities for the building of Universal machine gun carriers of which we have undertaken to deliver fifty a week to the Canadian government as soon as production can be started. This addition will also enable us to increase production of other types of military vehicles. Our affiliated companies with plants in South Africa, Australia, New Zealand, India and Malaya are similarly engaged in Empire service.

Beyond our manufacturing facilities we have been fortunately able to contribute skilled man-power. From our Canadian and overseas organization, engineers and men with special training in transport and other lines are rendering valuable service. Major adjustments in our business have been necessary through loss of export trade and because of domestic taxation. We have made these adjustments cheerfully. Our one concern now is the successful prosecution of this war so that people of all nations may again be able to work in freedom and peace.

M. Campbell, PRESIDENT

FORD MOTOR COMPANY OF CANADA, LIMITED

Statement in Parliament by the Hon. C. D. Howe, Minister of Munitions and Supply

"The president of the Canadian Company has shown perhaps as keen a desire to assist in Canada's war effort as any citizen of this Dominion has done. His corporation since the outbreak of the war has done and is doing very important work for Canada's war effort, in the way of building motor transports and Universal carriers. The company has placed itself entirely in the hands of the government as to the terms of the contract which it has had.

"A contract, providing for a fixed price as low as we could find any basis for asking, was worked out; an overriding provision was inserted that the books of the company would be audited and if the stipulated price produced a profit more than a very low percentage indeed, that price would be scaled down accordingly. In other words, the work of the Ford Motor Company of Canada, its attitude toward the war, and its ability to assist in Canada's war effort, have been so far as I have been able to observe, beyond criticism."

Statement in Senate by Senator Raoul Dandurand, Government Leader in the Senate

"Ford Motor Company of Canada is doing its utmost to serve the interests of the country, the War Supply Board and the Government."

Statement in the Senate by Rt. Hon. Arthur Meighen, Conservative Leader in the Senate

"They (Ford dealers in Canada) are numbered in the hundreds. And the number of employees of these dealers is very large. The ramifications are tremendous. For all the purposes concerning us, the Company is a Canadian concern, and I can add to the assurance given by the honourable leader of the House my own feeling that there are no better Canadians than those at the head of the Ford Motor Company of Canada and throughout that Company's organization. They will assist us to the utmost in our war work."

Women's Auxiliary Motor Service

Early in the war the Ford Motor Company of Canada, Limited, organized free training courses for women in the care and operation of motor vehicles for possible war service. 284 such classes have been conducted, with an enrollment of 7,343. The number who have completed the eight week course is 3,474, with 2,656 now under instruction, and 1,214 enrolled in new classes about to start. All instruction and equipment has been furnished by Ford dealers and the Company without charge.

Types of Motorized Vehicles for Military Use Being Made by Ford Motor Company of Canada

The Company is engaged in manufacturing 35,000 motorized vehicles for Canadian and overseas governments. They include light two-wheel drive trucks, known as 8-cwt., which are used for carrying light stores, personnel or wireless sets; 15-cwt. units, used to transport heavier loads,

personnel, as anti-tank gun tractors, water tank carriers, etc.; 30-cwt. four-wheel drive, used as load carriers; three-ton, four and six wheels, for heavy loads, for workshops, for wrecking equipment, etc.; four-wheel drive gun tractors used to haul artillery, as well as ambulances and regular passenger cars and station wagons specially fitted and painted for army purposes. Present schedule of deliveries of these military vehicles constitutes more than 50 per cent of the Company's production. The plant is working day and night.

FINANCE

NEW YORK, July 7-(AP)—Leading stocks ended a typically market week Saturday with the majority pointing slightly upward. Turnover for the two hours totalled 131,870 shares.

The Associated Press average of 80 stocks held an advance of .1 of a point at 41.3 on the day, but was unchanged on the week. Among the day's modest share gainers were U. S. Steel, Bethlehem, General Motors, Chrysler, United Aircraft, Lockheed, Anaconda and Montgomery Ward. A shade off were Douglas Aircraft, Westinghouse, Allied Chemical, Johns-Manville and U. S. Gypsum. In the Canadian section, Dome and McIntyre showed fractional gains. In the bond market, Canada gained one point.

Produce Prices

MONTREAL, July 7-(CP)—Produce Market prices here Saturday, as reported by the Dominion Department of Agriculture, follow: Butter: first grade creamery prints, jobbing price, 23-23 1/2; first grade solids, jobbing price, 21-21 1/2; Quebec no. 1 pasteurized, current receipt price, 21 3/4; Quebec no. 2, 20 3/4; Quebec no. 1 pasteurized, wholesale jobbing price, 22 3/8-1/2; Quebec no. 2, 21 3/8-5/8; Western butter 22 1/2-1/2.

CROP REPORT

GENERAL

In the Prairie Provinces crops on the whole have benefited from light to heavy rains. A large percentage of the wheat is in shot blade, with early sown fields heading out, and coarse grains are growing well. Moisture conditions in Manitoba are satisfactory for the present. In Alberta and Saskatchewan, generally good rains are needed to maintain present prospects, particularly in central and northern Saskatchewan and southern Alberta. Grasshoppers are prevalent and have caused serious damage in southeastern Alberta and southwestern Saskatchewan. Pastures are in good condition in Alberta and Manitoba, but are only fair in Saskatchewan. In Quebec Province growth of crops has been retarded during the past two weeks by excessive rains and cold weather. Moisture is ample, and warm, dry weather is urgently needed. In Ontario field crops generally are in good condition, but adverse effects from excessive rainfall and cool temperatures are feared, and rains have been interfering with the cutting of a heavy hay crop. In the Maritime Provinces crops are backward and the cold and wet weather of the past fortnight has not been conducive to growth. In British Columbia, where practically all crops are doing well, hot, dry weather has been general and rain would now be beneficial.

FINANCE

5 1-2-26; A—medium 24; B 19 1-2-20; C 14 1-2-15. Potatoes: Que 75's 1.75; NB no 1 75's 1.45-1.55; PEI no 1 75's 1.55-1.65; Cobblers 1.45-1.85; Virginia 1.90's A 2.00-2.75; B 1.35-1.75; BBL A 4.25-5. (Potato prices are wholesale)

promote more rapid growth. Early sown wheat is in shot blade. Moisture conditions have been satisfactory, but good general rains are now needed, particularly in southern areas. Grasshoppers are active in the southeast and wireworms have caused slight damage in the Peace River District. Sugar beet crops are satisfactory. Pasture is excellent. SASKATCHEWAN—Light to heavy rains have fallen over most of the Province and crops on the whole are advancing satisfactorily. Wheat is mostly in shot blade, with early sown grain on stubble land heading out short. In many districts subsoil moisture reserves are low and early heavy rains are needed, particularly in central and northern districts. Grasshoppers have caused considerable damage in the southwestern section. MANTOBA—Moderate to heavy rains have been beneficial and crops throughout the Province are developing well. Wheat stands are of even growth and are mostly in the shot blade; early sown fields are heading out. Coarse grains are progressing favourably. The growth of sugar beets is satisfactory; thinning is in progress. Pastures are in good condition. Pastures are in good condition in Alberta and Manitoba, but are only fair in Saskatchewan. In Quebec Province growth of crops has been retarded during the past two weeks by excessive rains and cold weather. Moisture is ample, and warm, dry weather is urgently needed. In Ontario field crops generally are in good condition, but adverse effects from excessive rainfall and cool temperatures are feared, and rains have been interfering with the cutting of a heavy hay crop. In the Maritime Provinces crops are backward and the cold and wet weather of the past fortnight has not been conducive to growth. In British Columbia, where practically all crops are doing well, hot, dry weather has been general and rain would now be beneficial.

PROVINCE OF QUEBEC

EASTERN TOWNSHIPS AND OTTAWA VALLEY—Excessive rainfall with low temperatures has been detrimental to growth. Grains have made only slow progress. Having commenced in some sections, while reports vary, a slightly better-than-average yield is generally indicated. Pastures are in good condition. Potatoes are growing well; other root crops are backward. Orchards are in good condition. The strawberry crop has suffered from unfavourable weather conditions. LOWER ST. LAWRENCE & LAKE ST. JOHN DISTRICT—The season is backward and crops have made only slow progress. Warm, dry weather is needed to promote growth. Grains have germinated well. A fair-to-average hay crop is indicated. PROVINCE OF ONTARIO Fall wheat is filling satisfactorily,

GRAIN

WINNIPEG, July 7-(CP)—Wheat futures prices Saturday finished their second consecutive week without moving from the pegged levels set by the government May 14. Trading was practically at a standstill throughout the session as quotations stuck to the minimum positions of 71 3/8 for July wheat, 73 5/8 for October and 74 5/8 a bushel for December wheat.

Market At A Glance

(By The Canadian Press) Toronto—Mining and industrial stocks higher; western oils steady. Montreal—Stocks slightly higher. Winnipeg—Wheat unchanged at pegged prices. New York—Cotton steady. Other commodity markets steady. NO PRIVATEER FLIERS LONDON-(CP)—The Air Minister is "concerned" that details of the existence of "see lance pilots" are being ignored. The belief that there are "independent flights" is inconsistent with the records of the Royal Air Force, it is pointed out. PULPES POPULAR ADELAIDE, Australia (CP)—American "pulp" magazines—westerns—have been barred from Australia to conserve exchange, so a big market for exchange of second-hand copies has sprung up.
