Anso films are used and recommended by all expert photographers. They do not smear, scratch or fade, hold on the daylight and are light and compact. With a good camera and Anso films it's your own fault if you don't get good pictures. We have all sizes films here. The McKinnon Drug Co.

CARNegie's GUESTS. LONDON, Sept. 26.—Among Mr. Andrew Carnegie's guests at Skibo Castle last week have been the Chancellor of the Exchequer and Mrs. Lloyd George.

Mr. Lloyd George, in the course of a few days, will go to Balmoral to serve his term as Minister in Attendance on the King, with whom, as is well known, he is a great personal favorite. In fact, it is no exaggeration to say that there is no member of Mr. Asquith's Cabinet whose relations with the Monarch are so friendly and intimate a footing.

GOOD RACING (Continued from Page 1.)

THREE MINUTE CLASS. This race was won in three straight heats by King Brazilian, Acquiri, owned by J. M. Nicholson, city made a grand showing and won many friends by his wonderful bursts of speed. In every heat Acquiri would be the tail horse at the 1, and 1/2 mark and from there to the wire he would pass all his opponents, except King Brazilian, as if they were at a standstill. Acquiri's performance was certainly surprising, and when his owner can conquer his apparent slowness in the first half mile, he will make the "best of them" step next year. The following is the summary:

THREE YEAR OLD TROT & PACE. U. S. POSTMASTER GENERAL IN AIR FLIGHT. NEW YORK, Sept. 26.—Frank H. Hitchcock, Postmaster General of the United States qualified as an airplane carrier on Long Island late this afternoon. While a large crowd cheered vociferously the Postmaster General took a seat beside Capt. Paul Beck of the U. S. army in the latter's aeroplane, at the Nassau boulevard aerodrome, at the 78 pounds of mail matter. Without the slightest mishap the two made a seven minute flight to Mineola, where, upon signal, the Postmaster General dropped the mail sack to one of Uncle Sam's carriers.

When the Postmaster General returned to the aerodrome he was again roundly cheered and the large crowd rushed on to the field to greet him. "The time is certainly coming," he said enthusiastically, "when we must depend on the aeroplane for carrying mail. It is not effective yet, but it is being developed in a marvelous way and I think we shall soon find it practical."

Although some had expected that the post Master General might balk at the proposed flight today in view of the fatal accident which befell Dr. G. B. Christie yesterday, Mr. Hitchcock showed no timidity. He said he wanted to make the flight in order to stimulate interest in the possibilities of the aeroplane for carrying mail. "We have got to use everything that is the ultra advancement of science," he said.

Another feature of the fourth day of the international meet was a flight by Lt. J. Dewitt, Millis, U. S. A., who broke the American rec-

ord for carrying a passenger. He and a private of his regiment were aloft for one hour and 51 minutes and 42 3/5 seconds.

Claude-Graham White and Tom Sopwith and Mile Dutrieu also made successful flights.

Ever Has Headache

A 10 cent box will keep your liver, stomach and bowels clean, pure and fresh for months.

Stick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for 5 day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gasses, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they ever have headache.

NUMBER OF DEAD (Continued from page 1)

of the battleship. Sundry this morning to answer to the roll call of the crew of the ill-fated Liberté which was destroyed by an explosion and fire twenty-four earlier.

The survivors of the disaster with the exception of those in the hospitals are temporarily quartered on an absent one was called someone of his comrades "Dead."

"Hospital" or "Missing." The official estimates this afternoon place the number of dead wounded and missing at between 350 and 400. It is difficult to determine the actual fate of the missing as many bodies were mutilated or burned. Some of the missing were probably drowned.

The search of the wreckage of the battleship continued throughout the night with the aid of acetylene torches. Occasionally a launch drew away from the illuminated spot in the harbor disappearing in the darkness to reappear presently at the pier with a load of wounded for the hospital and dead for the mortuary.

During the night fifty bodies were recovered and eight wounded men were rescued from that part of the vessel that remained exposed when the hull sank. These men had been pinned in the ruins from 16 to 24 hours. Most of them were insensible from pain and their rescuers lacked the assistance that their cries otherwise would have given in locating their exact position.

Lieut. Aubert, son of Vice Admiral Aubert, Commander of the fleet, described the admirable discipline on board the Liberté. The Lieutenant who is serving on another vessel was sent with a party to help extinguish the fire on the Liberté.

He found Senior Lieut. Garner in command of the imperilled battleship, in the absence of Capt. Jaures, and the second officer in command, both of whom were ashore. A petty officer approached Lieut. Garner and said: "The fire, Sir, is under the magazine, isn't there danger of an explosion?"

"Attend to your orders," the officer replied. The petty officer saluted and with out further question returned to his post. Lieut. Garner perished in the destruction of his ship.
