In the Washington California Oil Co's adv. in yesterday morning's issue the impression was given that the stock on Nov. 15th would advance 35 cents. The advance will not be quite as large as the adv. announces, but the stock will advance on that date to 35c.

Messrs. James McMillan, of the Water Commissioners office and W. S. La Victoria, are surveying near the reservoir for an additional well in connection with the waterworks. The Water Commissioners are determined to place the water supply of Charlottetown beyond a shortage.

ON Monday evening a man giving his name as John Jerdom called at the police station and asked for protection. The applicant told the police that he had spent the day in a bar room on Grafton street where he got some good rum, claiming that his chosen calling was a professorship of genuine spirits. He also stated that in his younger days he directed the course of a Kentucky express train and that in a collision he lost his arm. Yesterday morning he was brought before His Honor for being a tramp. He was dismissed, however, and permitted to continue his travels.

An interesting event takes place this evening at 6 o'clock at the home of Mr. and Mrs. John A. McLean, Heatherdale, when Miss Ester McLean will become the wife of Mr. D. Wallace McKay. The wedding ceremony will take place in the presence of a large number of invited guests and will be performed by Rev. R. McLean of Valleyfield. The bride will be prettily gowned in white llama and will be attended by the groom's sister Miss Ella J. McKay of Campbellton, who will wear a beautiful dress of white organdy with lace and satin ribbon trimmings. The groom will be supported by Mr. D. A. Martin, Belle River, nephew of the bride. A goodly number of wedding presents testify to the popularity of contracting parties. THE GUARDIAN joins in felicitations. Mr. and Mrs. McKay will reside at Campbellton.

THE annual prize shooting of No. 4 Co., 82nd Regiment and the York Rifle Club was held at the Company's Range, York, on Saturday, Nov. 2nd, 1901. The weather in the morning though cloudy was favorable but towards noon a stiff breeze sprung up and a marked change in atmospheric conditions rendered good shooting difficult. The prize list in value and variety exceeded all former competitions. The scoring of many of the members of the Club who had never handled a rifle before is very satisfactory. Following is the prize list: Ranges—14 shots at 200 yds; 7 shots at 500 yds. Possible 105.

A VERY pleasant wedding ceremony was performed on October 10th, at the Presbyterian Parsonage, Ouray, by Rev. George M. Darley. The contracting parties being James E. McLeod of Ouray, and Miss Herma Philbrick of Cripple Creek. The ceremony took place at 8 o'clock p. m., and was witnessed only by relatives and a few personal friends of the bride and groom. Miss Philbrick, a beautiful and accomplished young lady has a host of friends here as well as in Cripple Creek who wish her a happy future. Mr. McLeod formerly of Springton, P. E. Island is a successful mining man, and is quite popular in social circles here. After their wedding tour the couple will locate at Camp Bird, where Mr. McLeod is extensively interested in mining.—Ouray Plain Dealer, Col.

A Sour Stomach

Is Often the Real Cause of a Sour Temper.

That the condition of the digestive organs has a marked effect upon the character or disposition is a truism as old as the hills. Old Ben Johnson wisely said, "the pleasure of living depends upon the liver," and it is a fact which none may dispute that a sunny disposition more often results from a healthy digestion than from any other cause.

Acid dyspepsia, commonly called sour stomach or heartburn, is caused by slow digestion of food; instead of being properly digested and converted into blood, bone and muscle, it lies in the stomach for hours, fermenting and decaying creating gases which cause pressure on the lungs and heart, short breath and general discomfort and irritation.

Such half digested food is indeed poor nourishment for the body, brain and nerves and the result is shown in irritable tempers, unaccountable headaches and that depressing condition usually called the "blues" but how quickly all these disappear when appetite and digestion are restored.

Laxative medicines only irritate the already irritated stomach and bowels and have no effect upon actual digestion of food.

The sensible course to follow is to make use of simple natural digestive like Stuart's Dyspepsia Tablets after meals until the stomach has a chance to recuperate.

The natural digestives which every healthy stomach contains are pepsin, diastase and Hydrochloric and lactic acids and when any of them are lacking the trouble begins. The reason Stuart's Dyspepsia Tablets are so valuable and successful in curing stomach troubles is because they contain, in a pleasant concentrated tablet form all these absolute necessary essentials for perfect digestion and assimilation of food.

Henry Kirkpatrick of Lawrence, Mass., says: "Men and women whose occupation precludes an active out door life should make it a daily practice to use Stuart's Dyspepsia Tablets after meals. I have done so myself and I know positively that I owe my present health and vigor to their daily use."

"From the time I was 22 when I graduated from school with broken health from overwork, until I was 34, I scarcely knew what it was to be free from stomach weakness. I had no appetite whatever for breakfast and very little for any other meal.

I had acidity and heartburn nearly every day sometimes was alarmed by irregularity and palpitation of the heart, but all this gradually disappeared after I began using Stuart's Dyspepsia Tablets and I can eat my meals with relish and satisfaction which I had not known since I was a growing boy."

The success and popularity of Stuart's Dyspepsia Tablets is enormous, but it is deserved, and every druggist in the United States, Canada and Great Britain has a good word for this meritorious preparation.
