

THE MARITIME BAPTISTS MEET

Union For Work Throughout Canada, And Union With Christian Church Considered—The Forward Movement A Success.

ST. JOHN, Aug. 24—(Special)—The session of the Maritime Baptist Convention today was an important one to the members of the church. The approval of the gathering was given to a scheme of organizing the church throughout the Dominion into one body for the prosecution of certain branches of work. As other sections of the church have already voted in favor of this measure its success is practically assured. The report of the committee which has been negotiating with the Christian Church for union of the two bodies was referred back, as the members wished the matter of doctrine more fully set forth. The report showed that considerable progress had been made in the mat-

ter. The Treasurer of Acadia College submitted his annual report, the most interesting feature of which was the announcement that the second forward movement had been successful. More than the required \$100,000 had been raised by the church and in consequence the full sum of \$100,000 promised by John D. Rockefeller has been paid over. The announcement was the signal for a display of considerable enthusiasm on the part of the delegates. This evening the subject discussed was Christian Education and addresses were given by President W. B. Hutchinson, Principal H. T. Dewolf and Rev. C. W. Ross. The report of the Sunday school board was also presented.

LABOR TROUBLES EAST AND WEST

Reports of Company And Disagree, Strike Breaker Badly Beaten, Daring Hold-up of Lady in Winnipeg Store.

MONTEREAL, Aug. 24—(Special)—The C. P. R. took into the Angus Shops on Saturday about a hundred men and about the same number yesterday. Not all of these are to stay there. Quite a number were sent west this morning, some for the grain country and some to be distributed along the line. A few strikers came in this morning, the Company says, but the men say that there is no break in their ranks. WINNIPEG, Aug. 24—(Special)—J. Edwards, a strike breaker, employed

in the C. P. R. shops was attacked and so badly beaten that he had to be taken to the general hospital. On Saturday a man walked into a store on Fortage Avenue and held up the lady cashier at the point of a revolver and compelled her to hand over the receipts. He made a clean get away afterwards. Fully a dozen or more private residences have been entered, in one case the lady of the house was beaten insensible while in the act of telephoning to the police to inform them of the presence of burglars.

Thousands witnessed the race along the route, many of whom came miles to cheer their favorite contestant on to victory. The barouche which carried the referee and umpires was from the well known livery stables of W. F. Robins.

—Neil McKelvie, Summerside returned last evening from a trip to Boston. —Miss Carrie Mills, arrived last night from Boston on a visit to her parents, W. B. and Mrs. Mills, Summerside.

WHERE LARGE BLUEBERRIES GROW.

ST. JOHN, N. B. August 23.—There was a hot dispute on King street this morning between Hiram Hornbeam and Harry Woods of Welsford over the size of the blueberries grown in their respective districts. Mr. Woods started it by inviting Hiram to the blueberry picnic. Hiram replied that there was only one place in New Brunswick where the blueberry grew to perfection, and that was Hornbeam Settlement. Mr. Woods asserted that he had seen four men with a team of horses and stone drag hauling one blueberry into Welsford station, to be loaded with four others on a car—this being the capacity of the car. Hiram proudly answered that he had seen a family scoop out a home for themselves in a Hornbeam Settlement blueberry one fall and live there all winter—on blueberry dumplings dug out of the walls of their house. At this juncture Mr. Woods said that he would have to attend a political meeting before he would be prepared to deal with Hiram's statement as it deserved. The two were then pulled apart and traffic was resumed.—St. John Times.

AMHERST, N. S. Aug. 23.

The Baptist Women yesterday held a memorial and consecration service for members who died during the past year, seventy-six in all. Nova Scotia mourns forty-seven, New Brunswick twenty, and P. E. Island nine. A business session followed, the president, Mrs. Hutchinson, in the chair. Mrs. Peters, of Bridgetown, presented the report on home missions; Mrs. Chubbuck, of Amherst, editor of Tidings, gave a satisfactory report. Mrs. B. W. Ralston, business manager of Tidings, reported a profit of \$118.55. The nominating committee report was adopted, after which the election of officers took place, resulting: Hon. President, Mrs. J. W. Mansel; Miss A. S. Wadman; mission and bands' superintendents, Miss Irene Clark, Bay View (P. E. I.), Mrs. L. F. Wallace, Nova Scotia, Mrs. W. E. McIntyre, St. John; home commission committee, Mrs. A. Lewis, Mrs. H. H. Saunders, Mrs. D. H. Simpson, Mrs. R. L. Morse, Mrs. J. H. Fald, Mrs. R. L. Morse, Mrs. J. H. Balcorn, Mrs. Peters, Mrs. J. C. Young, Mrs. T. N. Jackson, Mrs. H. A. Gardner, Mrs. George Dickson. At the afternoon session the reports from mission band superintendents showed a good increase in membership in all three provinces. Addresses by the delegates were followed by a business discussion. The treasurer, Mrs. Mary Smith, of Amherst, announced that \$15,000 is wanted for foreign missions and \$5,000 for home missions. At the evening session there were addresses by Miss Blackadar and Miss Churchill on the work in India. Mr. Stackhouse spoke in the interest of the western missions. A farewell to the missionaries, prayer and benediction by Mr. Corey, of the Northwest, closed the convention, which was a great success in every way.

The Conservative demonstration here last night was a great success. It is estimated there were 1200 people in the decorated Market Hall and hundreds unable to get in. Neil McQuarrie, K. C., and Dr. Murphy were chairmen. Many prominent Conservatives and scores of ladies were on the platform. Mr. Lefurgey, M. P., was the first speaker, occupying three quarters of an hour. He was warmly received. Mr. Foster who was heartily cheered on rising and during his address, spoke for an hour and a half, making a very able address. The meeting closed with hearty cheers in succession for Foster, Lefurgey and the Tunnel. The meeting was one of the largest ever held here. The special trains brought immense crowds who left to return at 11.30 p. m.

AT YOUR GROCER'S.

The P. E. I. Dental Association held its annual meeting in the Y. M. C. A. Rooms yesterday with a fairly good average attendance. Dr. Leard, President in the chair, who read an excellent retiring address. One of the features of the meeting was a paper covering the field of dentistry from 1850 until October 1891. When by statute official registration became compulsory, by Dr. Ragnall. The doctor quoted many curious advertisements which at this date were to say at least, quite entertaining. The officers elected for the present year are J. P. Murray, President; F. E. Smallwood, Vice President; J. S. Bagnall, Secretary Registrar and F. S. Lodge and A. W. Leard to complete the Council. Charlottetown was selected for the next annual meeting.

MONTREAL FERNIE FUND A FAILURE

MONTEREAL, Aug. 23.—A good deal of quiet but caustic comment has been caused in the city by the failure of the civil authorities to show any interest in the Fernie relief fund. When it was found that the city charter forbade any municipal contribution, the aldermen decided that the proper thing was to open a civic subscription list, and this was done. It was placed in the hands of the assistant city clerk, but the aldermen failed to visit his office and neither the mayor or aldermen contributed a single cent to it. Finally two citizens went in their totalling figure dollars. There was matter dropped, and was not to be heard of. In the meantime the Board of Trade took the matter up, and by simply sending post card intimations to its members a subscription of some \$6,000 was raised in a few days, and this has been placed at the disposal of the Fernie committee. When it was found that the civic subscription had died a natural death, the city clerk decided that it had better be dropped, and sent the two subscriptions received to swell the board of trade fund.

LONG TRIP IN A SMALL CANOE

Made by Mr. and Mrs. Wood Who Have Come From New York in a Small Canoe.

By canoe from New York! That tells in a sentence the rare adventure of Henry A. Wise Wood and Mrs. Wood of New York, now resting at the Hotel Victoria. Last summer they came from New York to Gloucester, Mass., rounding stormy Cape Cod, in their little 16 foot canoe. This year they fixed their objective point here, and started from Gloucester. In nineteen days they reached St. John. Thence they came up the Bay of Fundy, braving the tides, cross currents and fogs for three days to Sackville, crossing by rail to Tormentine where they again embarked on Friday afternoon last. Their aim was to make Victoria, but when about three quarters of the way over they were struck by a squall and had need of their best seamanship to make Augustine Cove instead. There they were entertained at the hospitable home of Louis Howatt till yesterday morning. They set sail at 5.30 a. m. and reached port here about 4.30 in the afternoon. Mr. Wood is a member of the New York Yacht Club and informs The Guardian that he and Mrs. Wood have been canoeing for about seventeen years. (They must have begun very young.) Their canoe is the result of years of development. It is sixteen feet in length, thirty-five inches in beam, twelve inches in depth and draws about six inches of water. The canoe is decked forward is a little cockpit in which Mrs. Wood sits and at there is another for Mr. Wood. Amidships is a part cut off by bulkheads where provisions and supplies are carried. In this little craft they have made the trip from New York, a sailing distance by their route of almost nine hundred miles. They usually spent the nights ashore at home farmers, or fisher folk or in camp in some sheltered spot. Though the waters of the New England coast and the Bay of Fundy are very trying for canoe navigation Mr. Wood tells that they never got upset or aground. But they had plenty of exciting and sometimes a little dangerous adventures, enjoying it all to the full and have arrived in excellent health and spirits. It has been indeed a remarkable sea voyage.

Liver and Kidneys

It is highly important that those organs should properly perform their functions. When they don't, what lameness of the arms and back, what yellowness of the skin, what constipation, bad taste in the mouth, sick headache, pimples and blotches, and loss of courage, tell the story. The great alternative and tonic.

Hood's Sarsaparilla

Gives those organs vigor and tone for the proper performance of their functions, and cures all their ordinary ailments. Take it.
