SUPREME COURT NOW ADJOURNED

Judgment Given in Stanway vs. Paton Case and Canadian Bank of Commerce vs. Livingstone Case. Easter Next Term.

The Supreme Court met yesterday morning and gave judgment in the Stanway vs. Paton case, refusing the rule nisi for a new trial and ordering the verdict for the defendant to stand.

Mooney vs. McDonald. The Court granted the motion made on Saturday lost by Mr. Gaudet for the defendant and ordered a rule nisi for a non suit to be issued returnable next Easter term.

The Chief Justice announced that at 3 o'clock in the afternoon the Court would again meet to give judgment in the case of the Canadian Bank of Commerce vs. Livingstone and another, argued this present term.

The Court met again at 3 o'clock when the Chief Justice with Mr. Justice Fitzgerald concurring, gave judgment in the Livingstone case discharging the rule nisi for a non suit with costs. The action was brought on some promissory notes made by the defendants in favor of R. C. McLeod and by him endorsed to the Merchants Bank of Prince Edward Island which afterwards became amalgamated with the Canadian Bank of Commerce. It was claimed that those notes were what is commonly known as lien notes and not negotiable. The action was tried before Mr. Justice Fitzgerald and a jury at the last June term of the Supreme Court at Summerside when a verdict was found for the plaintiff. Against this verdict the defendants' counsel moved and sought to have a non suit entered. The argument on this rule was heard at the present term with the result that the ruling of the trial Judge at the trial and the verdict of the jury were sustained. Johnstone, K. C., and Saunders for the plaintiff. McQuarrie, K. C. and Neil McLeod, Summesside, for the defendants.

The Court then adjourned until the next Easter term.

JOINED CHURCH, OR ONLY THINKS HE DID

MORRISTOWN, N. J., Jan. 30.—The Morris and Orange Presbytery spent an hour recently over an application from a member of the Hoagland Memorial church at Dover for a letter of dismissal to a Christian Science Church, and finally referred the matter to a committee for a report to the April meeting.

"The application is in proper form" said the Rev. William P. Keeler, of Madison, the moderator, "but the question is, Can such a letter be issued? Christian Science is not recognised as an evangelical church by the Presbyterian denomination."

"Drop him from the church rolls," said a minister.

The Rev. Dr. Patterson said that no church had a right to do this unless the communicant had joined another church.

"He has joined another church," said Rev. Dr. McColl. He only thinks he has joined another church replied Dr. Patterson.

THE ESTIMATES FOR NEXT YEAR

Show Large Reductions in Several Lines, Some Increases. $194,000 Coming Here

OTTAWA, Feb. 1—(Special)—The estimates were tabled this afternoon and show that the Government has fulfilled its promise to reduce the expenditures.

The total is $110,489,771, being nineteen millions lower than last year.

This sessions the supplimentaries will also be reduced to a mininum, whereas last year they totalled nearly eleven millions.

Of today's estimates over twenty six millions are provided by statutes while eighty four millions will be voted.

Of this thirty millions will be on capital account, which is thirteen millions less than last year.

The increases are roughly eighteen hundred thousand more for the civil service and the same amount for increased interest.

The reductions are half a million in agriculture, the same in militia, eight million in public works.

Quarantine, steamship subsidies, railways and canals get small increases.

Many officials salaries are increased.

Immigration is reduced one hundred thousand dollars.

In the Intercolonial vote $194,000 is asked for increased accommodation at Charlottetown.

Twenty millions are asked for the Transcontinental and chief justice Tuck gets a pension of seven thousand dollars.

SEA BROKE INTO MABOU COAL MINE

Entire Workings Submerged and Loss Very Great. The Miners Escaped. American Company Was Operating the Mine

HALIFAX, Feb. 1—(Special)—Last week the sea broke into the Mabou Coal Mines, completely destroying the property.

It is believed the sea broke down in one of the levels in a section which has been unused for a long time.

The men at the pumps found the water coming into the mine faster than the pumps could handle it and at once abandoned the mine

The sea now has completed control. Mabou Mine is altogether submerged and the loss is very great.

The leases for the property are held by Nova Scotians but the operating company is an American syndicate.

The property was working until October, since which time the local Government has been in charge.

The length of the slope is 2,400 feet.

The sea is supposed to have broken in at a depth of 100 feet.
