—GOOSE SUPPER ENJOYED — Friends and relatives gathered at the home of Mr. and Mrs. Reginald Reeves, Freetown, on Friday evening on January 4th., to do honor to Mr. Reeves on the occasion of his birthday. Supper was served at six o'clock with a lovely large birthday cake well iced and decorated centering the dining room table, surrounded with everything that accompanies a goose supper. After the dishes were cleared away and Mr. Henry Burgess had entertained the guests by his sleight of hand tricks, Mr. Roy Hill was called one for a speech. Mrs. Roy Hill and Mrs. Eustace Reeves presented Mr. Reeves with several suitable gifts. For He's A Jolly Good Fellow was heartily sung. Mr. Reeves in a few well chosen words thanked his friends for their kindness and invited them all back soon. A sing song was enjoyed with Mr. Burgess at the auto harp Ice cream and cake were served after which all left for their homes wishing Mr. Reeves many more happy birthdays.

WARNERS' "THE CORN IS GREEN" AT CAPITOL, SUMMERSIDE

—Adapted from the successful New York stage play by Emlyn Williams, "The Corn is Green" concerns itself with the tireless efforts of a warm-hearted Englishwoman (played by Bette Davis) to bring the lights of education to the legions of miners who dig the coal in the damp mines of nineteenth-century Wales.

Thwarted at first by the domination of the local Squire (Nigel Bruce), who sees in her plan for local education a threat to his interests, and heartbroken by the appalling ignorance she sees all about her, Miss Moffat (Bette Davis) finds the courage and determination to continue her work when she discovers a spark of brilliance in a young, uneducated miner, Morgan Evans (John Dall). In the two years that follow Morgan Evans absorbs all that Miss Moffat's driving will forces upon him and the young man stands ready to test his knowledge against others — in a public scholarship competition for Oxford University.

But Morgan Evans and Miss Moffat have not reckoned with the willful scheming of attractive Bessie Watty (Joan Lorring), a spiteful cockney girl. Hating Miss Mofatt, and determined to hurt the schoolmistress in whatever way she can, Bessie sets her cap for the youthful scholar.

The film comes to a terse and tramatic climax as kindly Miss Mofatt battles to convince the sensitive boy that his duty lies, not toward the vain, frivolous young woman, but toward the world.

Milwaukee Bids For Position As World Fur Capital

MILWAUKEE, Jan. 21 — (AP) — Nearly a million dollars in furs face the buyers tomorrow as Wisconsin, which outproduces the United States in domestic pelts, bids to make Milwaukee fur capital of the world by bringing the auctions home.

Buyers who have examined the 20,000 mink and 15,000 fox pelts at pre-auction showings will carry on their silent gesture-bidding on catalogue numbers through Thursday.

The American National Fur Breeders Co-operative has scheduled four more auctions—in February, April, May and September —in the final phase of a campaign to separate the vast fur industry from New York and abandon the eastern auctions, where ranchers claimed they dealt with a buyers' market.

The new Board of Directors will elect officers for the coming year within the next few days.

WILD DUCK SETTLES DOWN Wild birds are sedate at heart, and do not care to travel far, except in search of food and nesting conditions. If you provide both, they will gladly stay in your yard. I know a mallard, picked up, with a broken leg, by a friend of mine who lives near Miami's rock pits, now full of water and populated by millions of minnows. He put the duck's leg in splints and the bones knit. The mallard limps a bit, but its wings are perfect. Still, it does not fly away from the shady city yard of the amateur surgeon, contented to swim in his lily pond, to which it invited a still shy mate, nesting under a bamboo.

That mallard struck up a friendship with the shaggy watch dog suffering from flea invasion Now I can see them from my window, the dog lying on its back, and the mallard picking the fleas off its stomach being careful not to pinch its friend with its strong, wide beak.

Mr. P. C. Trainor Superannuated From Railway

After 30 years of meritorious service, Mr. P. C. Trainor, checker at the local freight shed of the C. N. R., was retired recently on superannuation fund.

A native of Lot 65 Mr. Trainor moved to Sudbury, Ontario, in his early years where he conducted a successful general store. Returning to his native province in 1915 he entered the employ of the railway service as a porter in the freight shed In 1916 he was appointed checker, a position which he has held ever since.

Mr. Trainor proved a conscientious and faithful employee, popular with all with whom he came in contact. As one wholesale merchant put it yesterday, "P. C." was always obliging and courteous in his service, a matter which we appreciated very much."

Mr. Trainor himself had the highest praise for his fellow employees with whom he worked stressing particularly the co-operation that had always existed among the men of the freight shed.

Trustees re-elected were Major Alex. Knox, Dr. Heath MacIntyre, K.M. Martin, Dr. Murchison, Mr. R.S.P. Jardine, Dr. R. MacClenaghan, Aben McLean, and William MacLean.

Mr. Manning Bagnall was the secretary for the meeting.

At the conclusion of the meeting, tea was served by the Ladies' Auxiliary, the new president, Mrs. B. Rogers Jr., and Mrs. Somers pouring.

TOWN COUNCIL—

(Continued from Page 1)

Neil, a member of the finance committee. Revenues for the year amounted to $156,209.32 and the expenditures were $152,626.56

Councillor Henry Wedge commented on the report and said that the citizens should scrutinize it carefully when it appears in the press.

Electric Light Surplus

Councillor T.D. Morrison, reporting for the electric light committee, said that the net profit of the light and power system for the year was $38,243.36. This was slightly better than the year previous. A letter was read from Mr. Allison MacLean, chairman of the town improvement committee of the Board of Trade with reference to the proposed installation of a dial telephone system in Summerside.

The following resolution was then moved by Councillor McNeil and seconded by Councillor Morrison and passed:

Whereas the following resolution was duly passed by the Town Improvement Committee of the Summerside Board of Trade and will be presented to the annual meeting of the Board for approval on January 22, 1946.

Whereas it is understood the Island Telephone Company is willing, if requested by the citizens, to install a dial telephone system in Summerside.

And whereas the Town Improvement Committee of Summerside Board of Trade has heard many business men and private citizens express their approval of this proposed change in the telephone system.

Now therefore be it resolved at a meeting of the undersigned committee held this day that this committee unanimously approves of the dial telephone system being installed in Summerside and requests that the Board of Trade endorse this resolution and ask the Island Telephone Co. to install the dial telephone system in Summerside at the earliest possible date.

Further be it resolved that this Town Council support and approve of this resolution.

To Seek Re-election

Mayor Arnett, speaking at the conclusion of the meeting, stated that the term of office of ex-Mayor Lidstone, which he had been elected to complete, is now ended. He voiced his appreciation of the co-operation he had received from the members of the Council during the year. He stated that he had been approached by a number of citizens to offer again and he had decided to do so and the matter was now in the hands of the citizens. "During the past year", said Mayor Arnett, "the Council has prepared a five year reconstruction program which has been submitted to the Federal Regional Reconstruction Council. If financial assistance is forthcoming an extended program is being prepared to carry out."

He then cited the items included in the program: street paving, new sidewalks, extension of the water and sewage system, new playgrounds, an incinerator for the disposal of garbage, a community hall constructed as an addition to the civic building, and a comfort station.

Mayor Arnett said that Councillor Morrison had previously referred to giving some consideration to the light and power rate. With regard to this matter he would approach it with an open mind but he felt that the street lighting on Water Street should be improved as at present it was quite inadequate.

Another matter where improvement is necessary is the parking situation on Water Street where some change must be made. Whoever the next mayor and council may be, Mayor Arnett said, he hoped that this needed work would be proceeded with.

Employment Needed

Councillor Wedge said he was particularly pleased that so many improvements were contemplated for the West Ward. There is need there of considerable paving and extension to the sewage system. It was impossible to do these things during the war years but now that the war is over the work should be done. He said that the Unemployment Insurance Office in Summerside was paying out $3,000.00 a week in out of work benefits which does not look so good. The new council will have to do considerable work to take care of this situation.

The Clerk read a letter from Mr. W E Darby, K.C., in reference to an application of Mr. Ingham Palmer and Mr. F.C. Murphy to construct a filling station and garage on the Armory Block. The letter contained a number of observations on the matter and suggested that this would not reduce but rather increase the value of the surrounding property. It claimed that half of the people who signed the petition protesting against this building were not property owners but tenants and some of them lived in the business area. The letter also claimed that the Town zoning law was invalid in that it did not comply with the regulations of the Town Planning Act, passed at the past session of the Provincial Legislature. In view of this the council was asked to reconsider the matter

The Clerk also read a letter from the secretary of the Board of Trade enclosing a resolution passed by the Board in which the Board went on record as encouraging new businesses in the Town and the enlargement of the business zone if necessary. Another letter was read from Mr. Ingham Palmer stating that, having received legal advice that the zoning law was invalid, they were prepared to proceed to build and were renewing their application for a construction permit and enclosing a cheque for that purpose.

Mayor Arnett said that the Council would have to get a written opinion on the matter from the Recorder before they could act on the matter. If the Council has no authority to pass the regulations, it would have no authority to grant a permit.

The Clerk said that the Recorder had informed him that he was going into the matter very carefully and would submit a written report.

Councillor Wedge said he trusted that too much time would not be wasted in getting a report from the Recorder as these men had been held up a long while now.

Local C. N. R. Engineer Dies In Montreal

One of the most popular of local C N. R. engineers in the person of Robert Bell passed away suddenly in a Montreal hospital last Saturday. The remains arrived in the city last night and the funeral will take place tomorrow morning at 8:45 from his residence on Kensington Road.

The late Mr. Bell was a son of Mr. and Mrs. John Bell, Charlottetown, and entered the employ of the C.N.R. as a fireman in March, 1922. Six years later, he was promoted engineer and maintained that position until within a few weeks of his death. Interested in all matters pertaining to the general welfare of his fellow workers, he had held the important position of local chairman of the Brotherhood of Locomotive Engineers and Firemen.

Besides his wife, who was formerly a Miss Halloran of Fort Augustus, he is survived by two sons, Brendon of the C. N. R. Express Company, and Robert Jr., four daughters, Delight, Eleanor, Arlene and Rubert. Also the following brothers and sisters: Dr. J. P., Baltimore; Percy L., Waltham, Mass.; J. J., lightkeeper, C. B. Island; Reggie, Souris East; Russel, C.N.R., City; Clyde, just returned from overseas One brother James predeceased him in Baltimore, four years ago. Mrs. A. J. Webb, Montreal; Mrs. Oran B. Morris, Tacoma, Wash.; Mrs. Chester Driscoll, Milton, Mass., and Emma, City.

Communists Seek To Head French Gov't

PARIS, Jan. 21 — (AP)—French Communists asked the Socialist Party tonight to join in a Communist-led two-party government and proposed their own party's secretary general, State Minister Maurice Thorez, to succeed Gen. de Gaulle as interim president of France.

The strong possibility remained, meanwhile, that Gen. de Gaulle, far from retiring completely from political life, might emerge as the head of some new party in the national elections next spring, after the Constituent Assembly has drawn up a constitution for the Fourth Republic A statement made by his private secretary that Gen. de Gaulle would retire was described by sources close to the former resistance leader as a "political blunder."

The Constituent Assembly will meet tomorrow to hear Gen. de Gaulle's letter of resignation as head of the provisional republic, but it was thought likely that action on the choice of a successor might be put off until Wednesday.

Federal Gov't Pays For Housing Scheme

TORONTO, Jan. 21 — (CP) — The Canadian Women's Army Corps barracks in North Toronto will be converted into 45 apartments to ease the city's housing problems, Mayor R.H. Saunders announced today. Mayor Saunders added that conversion costs, estimated at $57,000, will be borne by the Federal Government.

St. Paul's Church Annual Meeting

Despite the inclemency of the weather a largely attended annual meeting of St Paul's Church took place last evening in the Parish Hall. The Rector, Reverend J. T. Ibbott, presided.

Reports were presented from all the organizations in the church for the approval of the meeting and on motion these reports, along with the Rector's and the Church wardens' financial report, were unanimously adopted.

The financial report as presented showed the Church to be in a healthy condition, receipts being $17,924.27 and disbursements $17,922.85, leaving a credit balance of $1.42. Missionary givings amounted to $2,522 00.

A motion of thanks and appreciation was extended to the Rector for his labors for good since coming among us Mr. Ibbott has given fine leadership in spite of the handicap due to illness. Mrs. Ibbott was also remembered in the motion.

The meeting also expressed its appreciation to Major, the Rev. R Fowlow, who has been assisting in the work of St. Paul's for the last few months.

Expression of tribute was given in the meeting, by all standing in memory of those who had passed on from the congregation during the past year and also for those who died in the service of their King and Country during the war. Special prayers were said by the Rector.

Motions of thanks were extended to various organizations in the church. Miss Lillian Earle, organist of the church and who is now ill, was remembered at this time.

The election of officers for the ensuing year resulted in the following being elected as vestrymen: E. V. Bell, A. J. Haslam, G. E. Ives, G. E. Proctor, W. N. Wilson, G. G. Wood, R. E. Kemp, J. A. Likely, J. E. H Worth, T. D. DeBlois, A. H. Duvar and I. A. Horne.

Messrs. G. S. Ryan and A. H. Duvar were elected representatives to Diocesan Synod with H. E. Miller and J T. Robison substitutes.

The elected representatives to the Diocesan Church Society are W. E. Bentley, E. F. Sellar, C. Mansen and G. S. Ryan.

The auditors, Messrs. W. R. Adams and P. M. Dakin were reappointed.

At the conclusion of the business meeting refreshments were served in the Recreational Hall and a pleasant social hour enjoyed.

At a Vestry meeting following the annual meeting the following officers and committees were appointed:

Churchwardens: A. J. Haslam and E. V. Bell.

Vestry Clerk: R. E. Kemp.

Finance Committee: A. J. Haslam, E. V. Bell, W. N. Wilson and G. E. Ives.

Property Committee: A. J. Haslam, E. V. Bell, T. DeBlois, and A. H. Duvar.

Service Committee: G. G. Wood, R. E. Kemp, and J. A. Likely.

Decorations Committee: I. A. Horne, T. D. DeBlois, W. R. Aitken and Miss D Hobkirk.

Young People's Work: T. D. DeBlois, G. E. Ives, Mrs. M. M. Weeks and Miss M. Lawson.

Publicity: G. E. Proctor and W. N. Wilson.

PRESIDENT TRUMAN

(Continued from Page 1)

at this time.

Combination of the state of the Union report and the budget message in one document was justified, the President said, because "it is clear that the budgetary program and the general program of the government are actually inseparable."

The message was mildly worded and contained little of the criticism of Congressional delay expressed in the President's radio broadcast Jan. 3.

The message announced that a special request would be sent to Congress for approval of the agreement to loan Britain $4,400,000,000 (U.S. funds) and suggested the loan would contribute to easing the transition problem of "one of our major partners in the war."

Other major legislative proposals in the international field, both repetitions of earlier requests, were:

1. Repeal of the Johnson Act which prohibits countries in default of First Great War debts to the United States from floating loans and,

2. Legislation approving the agreement with Canada for the development of the Great Lake-St. Lawrence River basin.

In the "state of the Union" portion of the message, Mr. Truman termed establishment of a "fair wage structure" the "most serious difficulty" in the path of reconversion and expansion, adding:

"The ability of labor and management to work together, and the wage and price policies which they develop, are social and economic issues of first importance."

Son of Former Bedeque Man Wins D. S. O.

Mr. and Mrs. William C. McLean Verden, Man., have received word that their oldest son, Lt. Col. Charles McLean, has been awarded the Distinguished Service Order. Many friends and acquaintances in this province will be pleased to tender congratulations to his father and mother who were former residents of this province; spending their younger days in Bradalbane, and as a young man he moved to Central Bedeque, where he assisted his father Mr. Charles McLean, Senior at the Blacksmith trade and as Mail Courier and in carrying on farming operations, from about the turn of the Century until 1907 when they sold their farm and business and moved to Western Canada. While located in Central Bedeque they lived on the farm now owned by Ivan Dawson. About twelve years ago Mr. McLean visited the Island renewing many old acquaintances in Bradalbane and Central Bedeque, and spent considerable time the guest of his sister, Mrs. W. H. McGregor, Lot 16. Lt. Col. Charles McLean served in Italy with an Ontario Regiment where he was 2nd in command and later was promoted to commanding officer of the 11th Canadian Armoured Regiment. Lt. Col. McLean has always shown the most outstanding qualities of leadership and complete disregard of personal danger. Time after time he has rallied his men of this Regiment to carry on under fire in almost impossible conditions. Previous to the outbreak of World War II he was a member of the Manitoba Dragoons, and went overseas as a Captain, receiving all his promotions to the rank of Commanding Officer on active service. Many of the older residents will be pleased to know that Lt. Col. McLean's grandmother, Mrs. Chas. McLean, formerly Miss Flora Morrison of Granville, P.E.I., is still hale and hearty at the age of 93.—B.

tancy to accept the risk:

"1. The present high cost of seed and fertilizer.

"2. That he has not been able to accumulate any reserve as present growers have, in order to meet the occasional year when prices are disastrously low such as we met in 1924, 1928, 1931, 1934 and 1937.

"3. That in event of a low priced year coming with his first crop the Veteran could lose his entire capital.

"On the other hand the crop has put many farmers financially on their feet and paid off many mortgages in this province.

"There are many advantages to the plan among which are:

"1. The veteran would get an opportunity to get himself well established.

"2. The estimated increase in acreage of 15,000 acres would not create an unmarketable surplus in average years.

"3. The markets are 90% export from Canada.

"4 The demand is annually increasing and if not filled here some other area will

"5. The income to the Province based on a five year average yield and value would be $2,500,000.00 which would provide employment for others than those engaged in the production and by accumulative in its effect over the whole province.

"6. Administration could be carried on by the present certified seed potato inspection staff, and therefore there would be no extra cost."

President T. B Rogers presided at last night's meeting of the Provincial Command, at which the above resolution was passed. It was moved by N. W. Lowther, seconded by J. S. Walker, and discussed in detail by Col. G. E. Full, who spoke in an advisory capacity as a potato dealer.
