Reveal Plot To Bomb Canadian Bank In Havana

Heavy Cordons Of Police Protect Foreign Banking Institutions Against Possible Attack.

HAVANA, Oct. 5.—(G.P. Cable)—Heavy police guards were thrown around all foreign banks in Havana tonight after the manager of the local branch of the Bank of Nova Scotia informed police he had been advised of a plot to bomb the Canadian institution.

An extra heavy guard scrutinized all packages carried by persons entering the Canadian bank. Manager Manuel Betancourt made the report to the police which resulted in general precautions.

Communists Aroused

Communists have berated the population against what they termed the control of affairs exercised by "foreign money."

Except for a reported revolt in Camaguey Province advised trickling into the capital tonight through storm-crippled communications indicated an otherwise generally quiet situation throughout the island.

Camaguey dispatches told of the

NOVA SCOTIA SCHOONER IS BELIEVED LOST

Veteran Mariners Hold Out Little Hope For Overdue Schooner.

YARMOUTH, N. S., Oct. 5.—(C.P.)—Wise in the ways of the turbulent Atlantic, old salts of Yarmouth's waterfront had little hope tonight that the salt-laden vessel Dorin still floated. Somewhere between the Bahamas and this port, they said openly, the long-overdue motor craft had foundered with her crew of Nova Scotian sailormen.

TWO WEEKS OVERDUE

The converted three-master was due here more than two weeks ago with her cargo from Turk's Island. She touched last at Bahamas to take on fuel for her Diesel plant, and since standing out of Nassau Harbor she has vanished completely.

Atlantic shipping was asked to keep a look-out for the big steel schooner, but no trace of the Dorin has been found in this way. She will turn up safely, perhaps, as she has before in the course of an adventurous 12-year career, but veteran mariners are doubtful whether her good luck has held this time.

STILL HAS HOPE

Captain J. T. Cruickshank of Halifax, her owner, said he had not yet given up hope completely. He thought it possible the vessel might have been struck by a southern hurricane and driven far off her course. In that case, Captain Owen Williams and his crew of ten might have no way of sending out word of the ship's position, for she carried no radio.

Hurricane Heads Eastward Across Atlantic Ocean

MIAMI, Fla., Oct. 5.—Having struck Havana and given a glancing blow at South Florida, an erratic hurricane headed eastward across the Atlantic Ocean tonight to intimidate the Bahama Islands.

Advices received by Meteorologist Richard W. Gray here indicated the centre of the tropical disturbance passed a short distance north of Nassau late today, pursuing an east-northeast course.

Gale winds whistled through Key West and other islands off the extreme southern peninsula where more than 11 inches of rain fell in 24 hours. Only minor damage was reported at Key West.

W. L. Stribling Laid To Rest

MACON, Ga., Oct. 5.—William Lawrence Stribling, the boxer, was buried today in a cemetery overlooking the Ocmulgee River. He died Tuesday from injuries suffered in a motor accident.

"Pa" and "Ma" Stribling and their other son, Herbert, accompanied by the fighter's widow Clara and her two children, attended the services at Vineville Baptist Church.

At the graveside, aeroplanes dipped low and dropped flowers upon the grave. Stribling was a member of the United States Army Air Reserve Corps.

Terror Reigns In Industrial Areas

One Person Killed, Several Injured In Up-risings.

NEW YORK, Oct. 5.—Death took place in the picket lines of Pittsburgh Steel Mill strikers today. The first fatality since labor trouble beset that industrial district occurred when 200 deputy sheriffs drove pickets from the entrance of the Spang-Chalfant Seamless Tube Company's plant in Ambridge, Pa., with guns and tear gas, killing Adam Petesuki, 42, and wounding at least 15 others.

The year-old inter-union strife between soft coal miners of Illinois bred a day of terror in Salina County at the southern end of the State during which approximately 5,000 shots were fired, and a siege of a mine near Harrisburgh during which 16 miners and three tourists were wounded.

NEGOTIATIONS TO BE RESUMED WITHOUT DELAY

Approval of Government Intervention Expressed By Both Parties in Railway Dispute.

OTTAWA, Oct. 5.—Negotiations between the Canadian railways and their employees will be resumed without delay, following the use by the disputing parties of the good offices of the Dominion Government, announcement was made tonight in a statement issued by Prime Minister R. B. Bennett, after having conferences with the railway heads and the union officials, it was indicated that both parties to the dispute realized the seriousness of the situation "accentuated by the course of events which the Canadian people can neither direct nor control."

Mr. Bennett explained that successive governments had realized that neither the railways nor the men desired intervention when unions and employers were negotiating wage and working schedule. In the present instance the government had not undertaken to suggest to either party the terms by which the dispute should be settled.

Strike Vote

"Members of the running trades of the two major railway systems determinedly rejected a proposed 10 per cent reduction below the rate of pay agreed upon a year ago when they took a 10 per cent cut on the basic rates. When a conciliation board found in favor of the employers a vote of the union members resulted in overwhelming approval going on strike rather than to submit to the reduction."

In negotiations yesterday with S. J. Hungerford, President of the Canadian National, and Grant Hall, Vice-President of the Canadian Pacific, Mr. Bennett and the Ministers associated with him on this question, pressed upon the rail executive the necessity, in the national interest, of every possible effort being made to bring to a successful issue the negotiations with the representatives of the employees.

The same plea was made today to the representatives of the unions who visited the Prime Minister. It was learned, Mr. Bennett said, that there was no ill-feeling between the disputing parties and both indicated their realization of the seriousness of the situation, and agreed to resume negotiations seeking a peaceful compromise.

Associated with Mr. Bennett in dealing with this problem were Hon. H. H. Stevens, Acting Minister of Railways; Hon. W. A. Gordon, Minister of Labor, and Hon. Hugh Guthrie, Minister of Justice.

Liquor Dealer Is Arrested

PORT OF SPAIN, Trinidad, Oct. 5.—(C.P. Cable)—C. N. Christopher, wealthy liquor dealer who is said to own half the property in Princetown, was under arrest there tonight on an arson charge. Police accused him of responsibility for a fire that broke out in his store yesterday morning.

French Flyers Fail To Establish New Record

LONDON, Oct. 5.—(A.P.)—A Reuters (British) news agency despatch tonight from Karachi, India, said Jean Assolant and Rene Lefebvre, French aviators, had landed there just after midnight Indian Standard Time (approximately 1:30 A. M. E.S.T.) after a 36-hour non-stop flight in an unsuccessful attempt to set a new distance record.

League Suggests Committee Probe Jewish Problem

Canadian Delegate To League Of Nations Outlines Canada's Attitude In Minorities Question.

GENEVA, Oct. 5.—(A. P. Cable)—A League of Nations Assembly sub-committee today approved a recommendation that the League Council organize a Bureau under a high commissioner to deal with the problem of Jewish refugees from Germany. The order would include within its scope Jews who are not German citizens, the resolution providing that it apply to all refugees irrespective of nationalities.

Cost on League

Cost of the Bureau will be met temporarily by the League budget, with the hope expenditures will be refunded, or at least that further work will be carried on by private organizations and the Governments of countries where Jews have taken refuge.

The suggestion was approved after renewed discussion of minorities in which Canada's representative on the Political Commission of the League joined with those of other countries, including the Irish Free State and France.

Canada's Part

Canada's delegate, Dr. R. J. Manion, Minister of Railways and

Contest News

Eleven candidates won extra cash prizes last Monday in the Guardian's big subscription contest.

Four young men won four out of first five extra prizes in the Guardian's contest last week, namely, Ernest McMillan, J. E. Hughes, T. E. Hickey, and R. M. Owen.

Miss Winnifred MacDonald, Mrs. John Weeks and Miss Mary Carter led the ladies in the extra cash prize winners last week, while several others did splendid work during the special cash prize offers.

Eight more special cash prizes have been added to the already large list, and sixty-thousand extra votes for each ten-dollars worth of subscriptions turned in up until the close of these special cash prize offers will be given. The special period for the eight extra cash offers and the sixty-thousand extra votes for each ten dollars worth of subscriptions turned in, comes to a close next Wednesday night, October 11th.

The winners of the extra cash prizes for last week are as follows: Ernest McMillan, Ch'town, R.R. 6, \$20; Miss Winnifred MacDonald, Montague, \$10; J. E. Hughes, Bradalbane, \$10; T. E. Hickey, Seaside, \$10; Mrs. John Weeks, Brookfield, \$5; R. M. Owen, Ch'town, \$5; Miss Mary Carter, Cardigan \$5; Miss Isabel Ferguson, Bonshaw \$5; Frank Brown, Kensington, \$5; Miss Mary Brown, Ch'town \$5; Miss Genevieve Jay, Morell \$5.

Approximately forty contestants are actively engaged in getting subscriptions for the Daily Guardian and the big question now is, which contestants will win the eight special cash prizes next Saturday night, Oct. 11th, and which contestants will win the seven grand cash prizes at the close of the contest two weeks from Wednesday, October 25th.

Contestants who are actively engaged in subscription getting are as follows: Miss Lottie Affleck, Mt. Stewart; Miss Muriel Bowen, Wheatley River; Miss Mary Brown, Charlottetown; Mr. Frank Brown, Kensington; Mrs. A. H. Burke, Southport; P. J. Callaghan, North Wilshire; Miss Vivian Cameron, Charlottetown; Miss Mary Carter, Cardigan, R.R. 3; Miss Julia Carver, Mt. Abion; Mrs. Joseph Dunford, Bonshaw; Mrs. Sidney Elliott, Charlottetown.

Strong northeast winds and gales with rain.

BENNETT'S VIEW OF UPTREND IS UPHELD

Leading Bankers and Economists Endorse Premier's Statement.

OTTAWA, Oct. 5.—The sentiments of Prime Minister R. B. Bennett contained in his statement yesterday in connection with the forthcoming government loan in which he expressed the belief that Canada was well started on the road to recovery, were endorsed today by several leading bankers and economists.

Hon. E. N. Rhodes, Minister of Finance, who will offer the re-funding loan of \$225,000,000 on Tuesday next, issued a statement tonight in which he declared that indications of recovery that had become increasingly definite with each succeeding month, "have been so sustained and consistent that one can no longer doubt their significance."

Slow But Steady

Morris W. Wilson, Vice President and General Manager of the Royal Bank of Canada, expressed the opinion that available statistics "do not fully reflect the improvement which has occurred." Sir Thomas White, Vice President of the Canadian Bank of Commerce, said "in almost every branch of the country's economic life there has been a slow but steady advance from the low point of last April."

Hon. E. N. Rhodes, Minister of Finance.

U.S. Attorney Subject Of Attack In Leipzig

LEIPZIG, Germany, Oct. 5.—(A.P.)—Arthur Garfield Hays, American attorney, today was subjected to charges levelled against him and other members of what was termed the "scandal mongering" inquiry at London into the Reichstag fire, for which five men are on trial here.

The Hays incident hinged upon a reported interview with the Paris correspondent of the Russian newspaper, Pravda, in which he was quoted as saying: "The Defence Counsel in the Leipzig trial ought to seek to establish who the really guilty are and not only to unburden their defendants."

World Economic Position Debated

League Urges Reconvening Of The World Conference.

GENEVA, Oct. 5.—(A.P.)—There can be no lasting improvement in the world's economic situation, the Economic and Financial Commission of the League of Nations reported today, unless the countries are prepared to abandon "the system of closed national economies."

The report, which held the view that conditions are improved in a number of ways over the last year, urged a solution of the currency stabilization question so the World Economic Conference might reconvene with hopes of success.

Would Shift Trade

These closed systems of national economy were described in the report as tending to become more general and threatening to stifle international trade.

The report added that it was most important to attempt to promote better international collaboration in the economic and financial spheres. "It should be emphasized," the

PLANE CRASHES ON TAKE-OFF

(Canadian Press)

LIVERPOOL, N. S., Oct. 5.—An aeroplane from Providence, R. I., was on the way to its home airport by land tonight. It left here behind a truck after cracking up during an attempted take-off at Beech Hills, N. S.

Pilot Cecil McGowan brought the plane down at Beech Hills this week to visit his parents. The mishap occurred as he was beginning the return trip to the United States.

Another Damaged

Another plane from Providence was damaged also in an accident in the Annapolis Valley. Its propeller was bent, necessitating a few days' delay. A third plane, piloted by C. F. Schueleur, reached Liverpool last night and proceeded to Beech Hills, where the pilot inspected the damage to McGowan's machine. He ordered it dismantled and returned to Providence.

Schueleur took off today for the United States, planning to fly by way of Saint John, N. B.

MYSTERIOUS SEA SERPENT IS SIGHTED

(Canadian Press)

VICTORIA, Oct. 5.—Vancouver Island's super sea-serpent, which splashed its way into prominence Wednesday, took more definite shape today as five persons hastened to say they had seen it.

Described as a vast creature, 80 feet long, greenish-brown in hue, and resembling a camel in profile, the monster has been seen on two different occasions near Cadboro Island, off Victoria.

Last Sunday Major W. H. Langley, clerk of the British Columbia Legislature and prominent Victoria barrister, and Mrs. Langley saw the serpent, they said. Today F. W. Kemp, member of the Provincial Archives staff, came forward to say he, his wife and son had seen a similar creature at the same spot in August, 1932.

Mr. Kemp said he had not revealed the "find" because he feared ridicule and disbelief. He said Major Langley's description of the serpent—dwarfing Okanagan Lake's famous Ogopogo—tallied with his own. Major Langley said its markings somewhat resembled those of a sturgeon.

Dull Trading In Montreal Market

(Canadian Press)

MONTREAL, Oct. 5.—(C.P.)—Starting off the day with a firm tone and a high note of optimism today, the Montreal Stock Exchange gradually fell back into the dull trading that has featured dealing the past few weeks, and at the close presented a somewhat mixed appearance. The general list failed to follow up yesterday's broad advance, and after the opening flurry of activity, a cloud of uncertainty descended on the market, producing a decidedly irregular trend.

(Canadian Press)

MONTREAL, Oct. 5.—Among eight nurses who received their medals and diplomas at the graduation exercises of the Woman's General Hospital School for Nurses held today, were the following from the Maritimes: Miss Irene MacParlane, New Glasgow, N. S.; Miss Eileen Wood, Campbellton, N. B.; Miss Hannah Turbit, Alversville, N. S., and Miss Inez Barrctt, Curving, Newfoundland.

The Weather, Etc

I FAVOR CLEAN FOOTBALL BUT YOU CAN'T HAVE IT ON MUDDY DAYS!
