What is MAGNET Quality in a Cream Separator

Read what the Dairying Instructor, for the Government of Saskatchewan says about it.

Province of Saskatchewan Department of Agriculture, Dairy Branch Government Creamery Moomin, Sask. July 20th, 1907.

To whom it may concern This is to certify that I have tested the MAGNET Cream Separator for skimming qualities and also for its output capacity. I tested the MAGNET severely and I must say that it is the best Cream Separator with which I have come in contact. I strongly recommend it to any prospective buyer and encourage him to be procuring a first class machine.

Strong and rigid frame. Absolute safety. These points are where the MAGNET differs from all others. Get 1907 Catalogue.

Notice to Farmers

We will now receive dressed hogs from 125 to 200 lbs. Heavy hogs weighing over 200 lbs not wanted before 1st October. Nothing but well-fatted stock will be received. Would advise farmers to kill on cool days only, and allow hogs to hang over night as it will not do to market some day as killed. Yours Truly DAVIS & FRASER.
