Why A Farm Needs A Milwaukee Air Power Water System

Combined in a few words the answer is: Because it is the best investment a farmer can make.

Time spent in carrying water, in pumping water and in taking the stock to the watering trough is time that can be used to better advantage at other work.

The matter of home comfort also is important. Isn't the wife of the farmer just as good as the city woman?

What about the children? Is there any reason why they should not have a home equipped with a bath room and inside toilet just like their city relations? And to think what it means in case of fire to have a hose handy and eighty pounds water pressure to fight it with.

Call in the next time you are in town and look over our demonstrating outfit.

Currie & Murnaghan

71 Queen St. Charlottetown.

The battalion was resting beside the road toward the end of its sixteen-mile hike. After the weary marchers had eased their pace and slipped from their nearly empty canteens, they watched dispiritedly the energetic setting up exercises being gone through by a strange outfit in a nearby field.

"What's that there gang?" inquired Private Hanks of Oklahoma without enthusiasm.

"Infantry candidates' school" replied the corporal.

"Candidates! Infantry candidates!" exploded Hanks. "My good gosh! Do you have to make application and be initiated to get in to the mess nowadays?"

No machine can do what this new receipt-printing cash register does

1. It prints the merchant's name.
2. It prints the price of each article.
3. It adds the items.
4. It prints the total of all items.
5. It retains an added and printed record.
