TORONTO, March 8 (CP)—Gold climbed steadily upwards to the best levels in two weeks on the Toronto Stock Exchange today. Base metals reflected the firmness in senior and junior producing stocks, rising slowly to higher levels. Eldora Rights, trading at about 14-cent, accounted for about one-fifth of the day's volume. The advance in the mining issues was slow and deliberate. The big four of the base metals, Consolidated Smelters, Noranda, International Nickel and Hudson Bay, showed gains of fractions to 1-1/2. Walle Amulet advanced to \$14, a gain of 25 cents, following drill results from the property in Rouyn district, Northern Quebec. Labrador, Quebec Labrador and Torbit Silver were the only losers in base metals, dipping three to 10 cents.

At Montreal

MONTREAL, March 8 (CP)—Trading was slow and selective on the Montreal Stock Exchange and Curb Market today, with the majority of leading industrials moving on a slow uptrek.

Mining turnover also was light with a few issues absorbing the bulk of dealings. Penny gains and losses were about evenly distributed in mines. Papers, senior and western oils and beverages dipped slightly. Utilities, banks and metals were improved. Closing averages indicated banks ahead .08, industrials ahead 1 at 122.6, papers 1.86 and golds .6 while utilities were unchanged at 70.6.
