

1945 Harness Racing Review

Colors would have been very prominent in the sudden gloom over Maritime racing. WALTER SIMPSON, Stewiacke, was one of the Simpson brothers who years ago were prominent in Nova Scotia and in fact, Maritime racing. He loved a good horse, owned many fine trained horses and was popular with all who came in contact with him.

JAMES W. GALLAGHER was the grand old horseman of Woodstock, N. B. and vicinity. He was one of the principal promoters of the Woodstock race track which was in one of the most beautifully situated and appointed in Canada. He was one of the leaders in bringing the Maritime racing to the forefront and was a record breaker such as Dan Hedgewood, Red Line 2:07 1/4 and many others. James was a great lover and his friends were legion.

The passing of BILLY McVITTICH in Moncton was particularly sad as it was the result of an accident which occurred at Goodwill races in September. Billy was a great horseman and his passing was a great loss to the racing community.

FRANK L. HOLMES of Gloucester, passed away in his 70th year. He was a great horseman and his passing was a great loss to the racing community.

G. BLONDIN THOMAS, while not a native of this province, was successful in getting a stable of horses in Nova Scotia for several years. Moving to Quebec he was successful in getting a stable of horses in that province.

MELVIN JAY, of York, passed away in hospital after a very long illness. He was a great horseman and his passing was a great loss to the racing community.

SPORTING NEWS

Fast Finish Enables P. W. C. Squad To Gain 4-All Tie With Legion

In the most ruggedly fought encounter witnessed on Forum ice in recent years, an encounter that saw players sprawled all over the ice from the opening whistle to the final one, Prince of Wales College team, coming from behind a 4-1 deficit in the final period with a devastating last minute attack last night earned a 4-all draw with a surprisingly strong Legionaire squad.

And a big crowd of fans watched the struggle and a crowd that were brought to their feet times without number by the stirring action displayed over the frozen surface.

Before the seven minute mark of the third period had been reached, Legion, again led by the same trio had raced into a 1-1 lead and it seemed to be the majority of the fans, all over but the shouting by one of the players of Wales fighting spirit stood them in good stead.

There were less than eight minutes of the game remaining when P. W. C. suddenly struck. Ted Bradley knotted the goal when he slammed in a shot at 12:38 for over four minutes the two squads battled away at each other hammer and tongs and then Robertson with a beautiful unassisted effort down the right boards drew his team into a tie.

Lineups: P.W.C.—Goal, Proude; Defence, McDonald, Leitch, Dalsiel, Stacey; Forwards, Nicole, Robertson, Blanchard, Beer, Bradley, Bagnall, McEneaney, Reddin, Quigley.

Legionaires — Goal, Cudmore, Defence, I. MacDonald, McLaughlin, P. McDonald, Perry; Forwards, L. MacQuibber, Ferry, Strain, Dowling, Sheehard, Garver, Month, Jay, McRae.

THE HUNTERS CORNER

It is interesting to note the different reactions among farmers, sportsmen and trappers to the recommendation by the P. E. I. Fish and Game Protection Association that their Quarterly Meeting in December should be held in a room removed from foxes and that a 12 month open season be declared on this fur bearer.

The skunk and the hay mow of the farmer will take first place in the destruction of nests of eggs, both pheasant and quail, and the partridge. Then again we have the Snowy owl, the Great Horned Owl, Goshawk, Crow, Jay, Magpie, House cat, not forgetting the two-legged fox with a gun under his arm.

There are a number of grown men passing up the hillside in the section of the province who make a full time business of trapping during the winter months. The month for mink and muskrat for once the revery frosts set in this year.

Some farmers are of the opinion that the fox is a nuisance and enumerates the number of chickens, ducks or geese taken by the fox to back up their claim. When one goes to the trouble of making the percentage actively opposed to the fox is only approximately 10 per cent.

It is the chief opposition to the fox comes from a class of sportsmen who blame the fox for the loss of their pheasants and quails. Members of Island Pheasants Unlimited are naturally concerned about what happens to their pheasants when they are released.

Amherst Ramblers Defeat Beavers 6-5. Amherst Ramblers won their first game in the A-M-S League tonight when they posed out the Saint John Beavers 6-5.

Amherst Ramblers won their first game in the A-M-S League tonight when they posed out the Saint John Beavers 6-5. The Ramblers were previously defeated by Saint John and Moncton in their home game in those two cities.

Atomic Energy Brings New Era With War's End

Atomic Energy Brings New Era With War's End. The conclusion of the Second Great War after six years of unparalleled bloodshed and destruction was overshadowed by the knowledge that scientists had found a means to harness atomic power.

The future of humanity depended on whether the discovery was channelled into constructive uses or employed in a war far more terrible than the one just ended. The year 1945 also saw one of the greatest strides taken towards the realization of the birth of the United Nations Organization.

Germany surrendered unconditionally on May 8 after the Russians smashing from the east and the other Allies driving from the west had broken through the Elbe River. Three months later, on Aug. 14, Japan capitulated after two of her most powerful cities were destroyed by atomic bombs.

Two Cities Levelled. The United States, Britain and Canada collaborated in producing the atomic bomb through the splitting of uranium atoms.

Larsen proved himself to be quite a softball player in the short while that the league was in session. A hard fighter but a clean one he made many friends and evidently judging by his scoring record to date, he is quite the hockey player also.

It is said that Cain does not get along any too well with Bill Cowley. One reason might be that when Cain had a great season some time back he was in a bad condition and failed to mention the good passes given him during the campaign by Cowley, who has a conference on making star winners out of even ordinary players.

Considerable work was done in our kitchen on this mixture, to get a crust which, when filled, would be the most successful crust I have ever had. The blended syrup and the whole thing tastes exceedingly good.

Local Airways Company To Extend Services

OTTAWA, Dec. 28 (CP) — The Air Transport Board tonight announced the issuance of a new licence which will permit Maritime Central Airways to make air transportation services available to more than 90 per cent of the population of the Maritime Provinces.

The company already is operating from bases situated at Charlottetown and Moncton, with air routes to Summerside, P. E. I., Saint John, N. B., Blouville, N. B., New Glasgow, N. S., and the Magdalen Islands.

Independence once the Indians themselves could agree on a constitution. There were no plans in existence for the problem of the United States set up a joint committee charged with seeking a replacement for the United States' Jews and of the future of Palestine.

Poland's eastern boundary was set approximately at the Curzon line. As proposed by the United States, Russia, France and China, called in September, broke up in failure to reach agreement on any major issue.

Retribution overtook two Axis leaders in the dying days of the Italian patriots near Milan on April 28, along with his mistress, Clara Petacci. Though positive proof was lacking, there was every indication that Hitler and his mistress, Eva Braun, committed suicide in Berlin.

India and Palestine. Indian nationalists demanded immediate independence and Britain's labor government promised to show.

Rumor Lester Patrick Ready To Quit N. H. L.

TORONTO, Dec. 28 (CP) — It was reported here tonight that Lester Patrick, vice-president of the Madison Square Garden rink in New York, is ready to quit the National Hockey League.

Patrick, who met here today with president Mervyn (Red) Lutton of the N.H.L., was reported to be ready to quit the Toronto Globe and Mail.

Bisons To Give \$1,500 Bonus To March Of Dimes

BUFFALO, N. Y., Dec. 28 (AP) — Buffalo's Bisons, whose owners were threatened by a \$10,000 fine should the team receive a promised \$1,500 bonus for reaching first place in the American Hockey League's eastern division by Christmas, decided today to contribute it to the March of Dimes.

Dr. James Allinger, team treasurer, said the players voted "on their own" to contribute to donate the money to the campaign conducted by the National Foundation for Infantile Paralysis.
