ABBIES MEET MONCTON THIS AFTERNOON

Big Doubleheader Baseball at Abegweit Grounds Today.

Abegweit clash with the Moncton Giants, strong New Brunswick nine, today in a doubleheader baseball bill the first game starting at 2:30 sharp with the second encounter at 5:45.

The locals primed for the fray, and playing the best ball of their career, are confident of taking the visitors into camp in both encounters and at the same serve notice that they are the team to be reckoned with for the Maritime crown.

The boys have been selling tickets the past week and have met with good response, but to break even on expenses, quite a few more must be sold. Every baseball fan should buy a pasteboard and show the team they are right behind them.

Tickets will be collected during the games and anyone not having same will have the privilege of buying one on the ground for the small price of twenty-five cents, good for one game.

Abegweit officials will endeavor to have uniformed police on the grounds to keep everybody in their places so as not to obstruct the spectators views of the tilt.

RIDEAUS EVEN UP SERIES

(Canadian Press)

LAKE PLACID, N. Y., Aug. 13.—While New York State sweltered as another heat wave swept the Eastern United States local and many visiting hockey enthusiasts today saw the unusual spectacle of a fast game of hockey at the Olympic Arena here.

The Rideau Club, city champions of Ottawa, staged a fine comeback winning 5-2 from the Lake Placid Club after losing last night's game, 6-3.

Both teams flashed some pretty passing plays even though they have not been on ice since the season ended.

Hole In One

AMHERST, N. S., Aug. 5.—Magistrate A. G. MacKenzie entered golfdom's hall of fame as he played over the Amherst Golf Club's course today. Ex-Mayor C. C. Black watched the veteran golfer sing his tee shot on the 11th hole, a drive of 120 yards.

Young Crusoes Plan to Survey Loneliest Isle

LONDON, Aug. 15.—(C.P.)—Two young Englishmen, Francis K. Pease, 27, and Edward B. Marsh, 21, are going to live a Robinson Crusoe life on Tristan de Cuna, the loneliest island in the world, lying about 2,000 miles west of the Cape of Good Hope.

For the greatest part of two years they will be entirely out of touch with the outside world, during which time they intend to make the most complete survey ever made of the island.

The young adventurers sailed in a 75 ton schooner called "Sailam". They took with them a lifeboat so that they could communicate with the neighboring isles, a motion picture camera, clothes, books meteorological record.

They will make the first complete land survey of the island, and to find, if possible, a landing ground for aeroplanes as a half-way house for an air service between South Africa and South America. They hope to find a good anchorage for a whaling station and to ascertain the mineral deposits. They also intend to stamp out the plague of rats and lice that infest the island.

For a start the young Robinson Crusoes will live in tents, but they intend to build a mud and stone house.

Remove all callouses and enlargements from your stock with Douglas' Egyptian Liniment, a wonderful remedy.

BEST VAUDEVILLE IN HISTORY OF EXHIBITION

ONE OF THE BIG ATTRACTIONS WILL BE THE FAMOUS HUSTREI FAMILY OF WORLD ACCLAIM

The Vaudeville Program for the Exhibition next week is a subject of interest to most people, so that our readers will now be glad to get more facts concerning it.

When Secretary J. W. Boulter was in New York some weeks ago he visited the offices of Wirth and Hamid, the leading agents for Vaudeville attractions in the world, and told them our wants, emphasizing the necessity for at least one outstandingly spectacular act.

Mr. Hamid recommended the Hustrei Family which returned to America this year after again touring Europe where they originally came from. "Mr. Boulter" said Mr. Hamid, "this is one of the finest acts we have ever booked and I would like you to go down to Conroy Island to see it. Wherever they have performed in Europe or America they have been acclaimed as the greatest act of the kind ever produced."

The Carlos Comedy Circus has played in all the cities of Europe and America and is still regarded as one of the best trained circus reviews with dogs, ponies and bucking mule.

Prof. Carlos is one of the world's greatest animal trainers and has been recognized by Governments for his skill in this regard.

Capt. Charles' Leaping Hounds are sure to prove popular with those who love dogs. They are spectacular and their performances will give you an insight into what can be done in training dogs.

Then there is the famous Acton Four, also Ann Schuler and George, known through the length and breadth of America as one of the countries leading equestrian features.

Altogether the program that Wirth and Hamid have furnished for the 1933 Exhibition will be a most outstanding one and with the high class horse racing, the band music, the good track and the beautiful surroundings near which the events will be staged, the afternoons of Tuesday, Wednesday and Thursday should prove the most popular and enjoyable yet provided at our Exhibition. In the evenings the Vaudeville program will be carried on in its entirety and in addition on Wednesday evening there will be the judging of the saddle horses and on Thursday evening a parade of same with some jumping etc.

SLEEPS IN A LAKE

OKLAHOMA CITY, Aug. 16.—Lewis Bell sleeps in a lake these hot August nights. It's atop a downtown office building, for which Bell is engineer. He keeps two inches of water on the roof, which is walled in. Each night he wades to his bed, right in the middle of the "lake." He says the water keeps the temperature 15 degrees cooler.

Favorites Rule In Nova Scotia Tennis Tourney

Players Hampered By High Wind — Halifax Players Make Good Showing In Second Days Play.

(Canadian Press) SYDNEY, N. S., Aug. 15.—Favorites ruled supreme in today's play in the Nova Scotia tennis tournament. Using both the courts here and the courts of the Alexandra Tennis Club, North Sydney, the committee managed to play 25 matches the majority of them being men's and women's singles.

The feature match of the day saw Harry Roper, of Halifax, defeat Jimmy Vooght, of North Sydney, in a hard three set match. The scores were 6-4, 2-6, 6-2. Both players were hampered by a high wind which blew across the courts.

LeRoy Rennie, Toronto, and Com. J. C. Edwards, Ottawa, scored easy wins in second round matches in the men's singles, beating J. D. Thompson, New Glasgow, 6-1, 6-3, and C. Mersereau, Padenac, N. B., 6-0, 6-1, respectively.

Halifax players to score wins in this event were Bobby Donahoe, Doug Grant and Roper. "Red" Haife, of Yarmouth, did not lose a game against D. Ross, New Glasgow. So far this player has lost only one game in four sets. Tomorrow he is scheduled to meet Com. J. C. Edwards and a great match is expected.

Nazi Internment Scheme Is Unique

SONNENBURG, Germany, Aug. 15.—(C.P.)—The former Sonnenburg penitentiary has been converted into a concentration camp where 400 Communists, Socialists and Pacifists are interned under the "Protective arrest" provisions of a government emergency decree.

No one can tell the inmates how long they will be held. No one can enlighten them as to why they are detained, except that it is a "protective" measure both for themselves and for the Reich.

The Nazi regime feels that during the period of revolution in Germany anyone who has been in a position of leadership among the Oppositionists constitutes a danger to the state. He should, therefore, be divested of his liberty until the state is thoroughly consolidated and those whom he used to lead have become imbued with the credo of the new Reich.

As the arrested men are not serving any sentence and have had no charge preferred against them, the warden has been instructed to give them as much liberty as is consistent with prison life. Thus, the men for the most part sleep three in a room. During the day they are permitted to sit together in an adjoining cell to play cards, read books or talk.

Those who have learned a trade such as baker, cobbler, cook, tailor, barber or carpenter, are set to work and in return are given certain special liberties. The discipline is that of a military barracks. When a brown-shirted Nazi keeper, a blue-uniformed policeman or a state's attorney enters a "pen," the inmates must jump from their seats, click their heels, stand at attention and reply to questions in a military way.

When they gather in the prison yard for daily gymnastics a former drill sergeant of the Imperial army puts them through their paces. As part of the daily exercise there is also a march around the premises, during which the men are required to sing Nazi songs.

Abbie Lineup

The following players are requested to be on hand in uniform this afternoon:

Francis, Simpson, Ayres, Connors, Carbone, Goss, McFarlane, McInnis, Jemmett, Bradley, Whalen, McEachern, Squarebriggs, Doyle, Bolger, Whitlock and McNeill.

U.S. WOMEN'S TENNIS MEET UNDERWAY

British Entrants Win Their Opening Matches — Dorothy Round Defeated.

(Canadian Press)

FOREST HILLS, N. Y., Aug. 5.—There was the customary absence of fireworks today as international stars got down to business in the 26th renewal of the Women's United States championships at the West Side Tennis Club.

Most of the British women won their opening round matches, but one loss was a big surprise. Dorothy Round's uncertain showing in her first start against Eugenie Sampson, an unseeded player from Winnetka, Ill., was the upset since the British star was considered a serious invader to reach the finals.

Miss Round started wildly and dropped a set before recovering her form. The scores were 4-6, 6-1, 6-2. Betty Nuthall, second seeded British star and winner of the American title three years ago, played brilliantly in defeating Jane Sharp of Pasadena, a student of Mercer Beasley, by scores of 6-3, 6-3.
