IMMIGRANTS ROBBED BY COUNTERFEIT PASSPORTS

Swindles Even Imitate the Seal Used by United States Officials. Many Immigrants Turned Back.

(By Canadian Press) NEW YORK, Aug. 6.—Wholesale counterfeiting of passports for travel to the United States, by a crew of conspirators, centering about Naples and with confederates apparently residing in New York was disclosed by activity of the Italian police during June and July.

The thoroughgoing nature of these swindlers is shown in the fact that they embellished their fraudulent documents with facsimiles of the seal and signature of the King's attorney and the seals of the American embassy and consulate at Rome and Naples.

As early as May, this year, the "Patria" on route to New York, reached Naples with fifty persons among her passengers, whose passports the authorities found to be counterfeit.
