be a joy and a great satisfaction to behold. Mrs. J. D. Stewart of Georgetown, was the winner of most of the prizes in flowers. She showed everything in annuals and bouquets.

### THE NAVY LEAGUE

The Navy League Booth near the main entrance is an interesting spot to visit. Here the blue-coated lads of the Naval Brigade are in evidence and there is much literature and information to be gained by the persons interested in Canada's destiny afloat who pause, awhile at this very useful spot.

### SHEEP

There was a wonderful exhibit of sheep this year at the Charlottetown Fair, according to the words of Mr. J. M. Guardhouse of Weston, Ontario, who judges the blacks. Practically every breeder on the Island was represented by good specimens. Probably the greatest amount of attention there is meted in literature and information to be gained by the persons interested in Canada's destiny afloat who pause, awhile at this very useful spot.

### THE SCHURMAN POTATO GRADER

Island genius scored a triumph when the Schurman Potato Grader was exhibited. This notable and very useful invention proved a source of immense interest to the many farmers who saw it demonstrated at the Exhibition grounds yesterday by Messrs James Pendragast, Taimadge Montgomery and Harry Schurman of New Annan. Farmers not only from P. E. Island but from Ontario and the neighboring provinces were interested and there will no doubt be a keen demand in the near future for the machine. Potatoes can be graded for ten times the time taken by the primitive hand-picking method. In these days "graded" potatoes are being demanded, and the Schurman Grader does the work perfectly—and besides grading the potatoes the Grader renders the old method of hand-sorting potatoes a negligible quantity regarding time and labor. This machine will grade potatoes as fast as any one person can shovel them into the hopper. The Grader will pay for itself in one season, owing to the saving of time and labor on a farm where a moderate sized crop of potatoes is grown. It is operated so easily that a child can do most of the work, thus saving the time of adult labor so necessary for other work on the farm in the busy season.

## OF YESTERDAY

At one o'clock the weather looked most unpromising, heavy showers falling and no doubt there were thousands who had come to the city keen on seeing the races but doubted whether they could be held. About 1:30 the weather man changed his mind and let Old Sol out quickly created a sunny nature and the thousands wended their way to the track. It was a packed grand stand and, in fact, packed with a most enthusiastic and appreciative crowd of our splendid people ready to take the greatest possible amount of enjoyment out of one of the oldest sports in the history of the world—horse racing.

### 225 Class Trot—Purse \$500.

This was the first class called and great interest was shown. It being the field of trotters was a good one and splendid racing could be expected. There was also a large number of people whose sympathies were with the British Soldier, owned by Mr. J. Stanley Wedlock of Charlottetown, who has been under the care of one of our oldest and most honorable horsemen, Mr. W. S. MacKie. The popularity of the horse was evident when he succeeded in winning the third heat by the strong applause in the grand stand. The money winner was a rather hard-luck career. As a two year old he won a race, making a mark of 2:19 1/4 and although he has trotted some wonderful miles in races and won some very fast heats he has the bad luck to have driven by Mr. George L. Prowse until yesterday. A better-mannered or handsomer trotter could not be found than he was yesterday. He was driven by Major D. A. McKinnon with Mr. Wedlock and Mr. McKie is very proud of the win.

### The First Heat.

After eight scores they got the word "go". The British Soldier rushing into the lead from fifth position trotting round the track. He was followed by Kalola Todd close up. They continued in this way to the finish, the Soldier winning by two lengths in 2:18 1/4.

### The Second Heat.

The Soldier led throughout, Miss Elred being nearest to him. Kalola Todd was driven by Mr. George L. Prowse very close on Miss Elred. Orwell Bell fourth and Silver Todd fifth. Time: 2:19 3/4.

### The Third Heat.

This was the real heat of the day and furnished the greatest amount of excitement. The greatest amount of attention was meted in literature and information to be gained by the persons interested in Canada's destiny afloat who pause, awhile at this very useful spot.

### The 220 Pace—Purse \$500.

The race had seven starters, all star horses in their class, four of them owned on this Island. First and third winners Corwin Hal and Laocopia being owned by that fine sportsman, Mr. John P. Smith, of Kinkora. Corwin Hal was driven by his old regular driver, Bill Be Sure, each heat by a comfortable margin, the contest being for the other places between Bill Be Sure, owned by W. G. Fenwick, of Bathurst, N. B., Laocopia, Hilda S., Don Gola and Bessie L. The driving in each heat was excellent and everyone exerting themselves to the utmost to win the places.

### First Heat.

The first heat Corwin Hal drew the pole and went away flying with Laocopia on the outside. Don Gola trailing Laocopia, Bill Be Sure outside of Don Gola, the others close

### Second Heat.

After a large amount of scoring they got the word "go". Dick C. rushing right out to the front closely followed by Rhoda Mack and College Swift. The others bunched. Dick C. was at the half in 1:06, the three quarters in 1:40 and finished two lengths in the lead in 2:15 1/4. College Swift second, Rhoda Mack third, Silver Foam fourth, the remainder well back.

### Third Heat.

As only the money winners could start in this heat, according to the rules, this brought out College Swift, Dick C., Keemah Aubrey and Rhoda Mack. Dick C.'s driver knew that the little horse was very tired as his preparation had been only a short one of three months on the pace, he having previously been a trotter. He had also gone a hard race on Tuesday and three hard heats in this race, so he wisely decided to merely try to beat the flag, knowing that the down-race rule would come into effect and the race would give over until today for the final heat. College Swift won well within himself, Keemah Aubrey being second, and Dick C. third and Rhoda Mack fourth. This heat finished at six o'clock, and as the National Trotting Rule states that no heat can be trotted or paced after sundown, and the official time of sundown being 5:46 yesterday, the Judges ordered the final heat to be run off at 2 o'clock today. The interest taken in the result of this race is intense and its outcome will be watched with the greatest eagerness. The time made by Dick C. in the first heat equals the fastest time made by Corwin Hal so that the grooms of both horses have an equal interest so far in Mr. George L. Prowse's driving cap given for the winner of the fastest heat trotted or paced by an Island horse.

### Fourth Heat.

As only the money winners could start in this heat, according to the rules, this brought out College Swift, Dick C., Keemah Aubrey and Rhoda Mack. Dick C.'s driver knew that the little horse was very tired as his preparation had been only a short one of three months on the pace, he having previously been a trotter. He had also gone a hard race on Tuesday and three hard heats in this race, so he wisely decided to merely try to beat the flag, knowing that the down-race rule would come into effect and the race would give over until today for the final heat. ### The Vaudeville.

The Guardian yesterday commented on the management of the Exhibition on the vaudeville show. That compliment was very generously reiterated to-day by the enthusiastic thousands who witnessed the splendid acrobatic performances by gifted artists. The writer has seen many shows of this nature but for an outdoor performance has never seen one that surpassed it. It is well worth raving one's attention on for of the feats have taken their performers years and years of patient efforts to master. They are a fine lot of people and deserve all the applause they get from generous grand stand.

## The Aristocrat of Feathered Game

—this is the term that has been justly applied to the woodcock. Although smaller than the woodcock of the Old World, it, of all game, affords the keenest zest for the hunter.

The woodcock ranges from Southern Manitoba east to Southern Quebec and Nova Scotia. The best grounds today are undoubtedly in the last-named section. Good covers are hard to find nowadays and big bags are a thing of the past.

The woodcock is a migratory bird and the open season begins after most of the 'cock have left for the south. The occasional bird that gets up in October, as one beats the covers for grouse, adds to the sport, and the wonderfully elusive flight of the bird makes the successful shot one to be remembered. Woodcock demand the careful selection of ammunition with the dependable and accurate qualities of

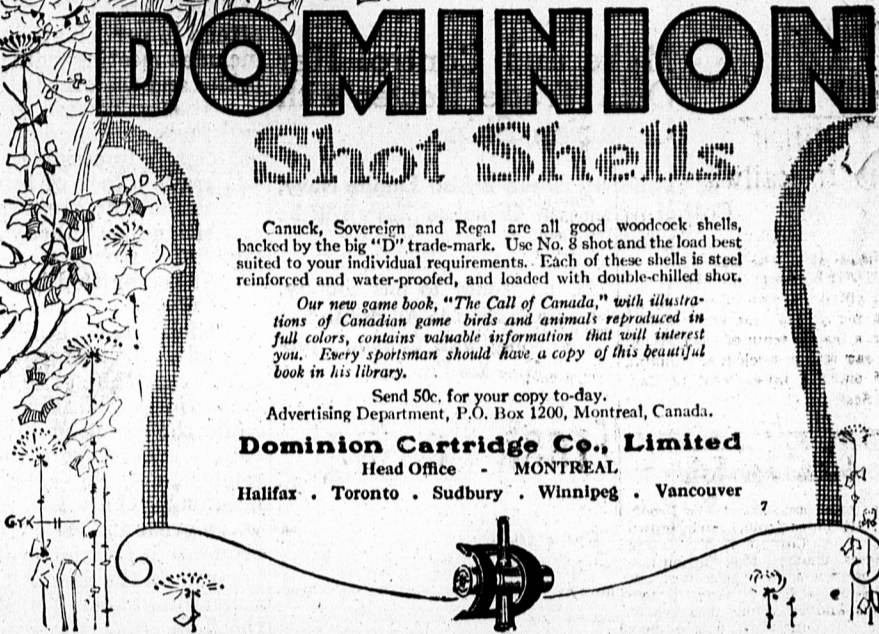

# DOMINION Shot Shells

Canuck, Sovereign and Regal are all good woodcock shells, backed by the big "D" trade-mark. Use No. 8 shot and the load best suited to your individual requirements. Each of these shells is steel reinforced and water-proofed, and loaded with double-chilled shot.

Our new game book, "The Call of Canada," with illustrations of Canadian game birds and animals reproduced in full colors, contains valuable information that will interest every sportsman. Every sportsman should have a copy of this beautiful book in his library.

up. They raced in this way all round until the back stretch in the second half, when Bill Be Sure made an awful try to get up with the leader but could not connect, Laocopia finishing on Corwin Hal's pad. Bill Be Sure back a length, Hilda S. right at Bill Be Sure, the others bunched. Time: 2:16 1/4.

**Second Heat.**  
They were away very fast, Bill Be Sure trying to outpace Corwin Hal and Laocopia and gain the lead. This he was unable to do but drove Corwin Hal out to very fast time, Bessie L. finishing third, Don Gola, who went an excellent heat, fourth, Laocopia fifth and Hilda S. sixth. Time—2:15 1/4.

**Third Heat.**  
This was another corking heat, Corwin Hal maintaining a lead of a length but the others fighting for the places. Bill Be Sure again landed second place after a hard drive, Laocopia right on his wheel until today for the final heat. College Swift won well within himself, Keemah Aubrey being second, and Dick C. third and Rhoda Mack fourth. This heat finished at six o'clock, and as the National Trotting Rule states that no heat can be trotted or paced after sundown, and the official time of sundown being 5:46 yesterday, the Judges ordered the final heat to be run off at 2 o'clock today.
